

September 1st, 1923.

George C. McDonald, Esq.,
179 St. James Street,
Montreal.

Dear Sir:-

Let me on behalf of the Board of Governors and all well-wishers of the University acknowledge with most grateful thanks the intimation contained in your letter of August 29th that certain friends are anxious to make a contribution in the form which will have a real and immediate benefit on the life of the University.

I have long felt that the establishment of a Faculty Club means a real step forward, for reasons which we have often discussed. I know the Board will most thankfully accept the offer. As I am leaving the city for about a fortnight I have arranged with Mr. Glassco and Mr. Lawrence to give immediate consideration to the proposition submitted.

Will you please convey to your clients the sincere thanks of the Board and the staff who will benefit so greatly and accept for yourself our gratitude for this further evidence in your interest in the University and influence on its behalf.

Yours faithfully,
