General Manager.

FINANCIAL DEPRESSION

During the present period of financial pressure mining securities have again demonstrated their stability in comparison with industrial and other securities. Mining shares being mostly bought outright are not subject to attacks for the purpose of diluting margins, while they are equally as responsible for dividend returns as a large number of highly inflated industrial shares. Whether you desire to buy mining shares for investments or speculation, we shall be glad to submit our list which will best serve your purpose.

CITY CATTLE MARKET.

Receipts of live stock at the City Market were six carloads, comprising 116 calves, 68 hogs, 5 sheep and 23 calves. There was a fairly active trade while it lasted at last Thursday's prices, quality considered.
A. W. Maybee sold three carloads of cattle, and topped the market with one head of butchers at \$7 per cwt.
Hogs sold at \$6.65 f.o.b. cars.
The sheep and calves were steady, but there were not enough to make a market.
A. W. Maybee sold 23 butchers, 950 lbs., at \$7; 7 cows, 1050 lbs., at \$6.85; 1 bull, 1200 lbs., at \$4.50.
E. Puddy bought 38 hogs at \$6.65 f.o.b. cars.

UNION STOCK YARDS.

At the Union Yards there were 54 cars—1740 cattle, 15 hogs, 109 sheep, 29 calves and 17 horses. As usual on Monday, there was no business transacted in the way of selling live stock.

MONTREAL LIVE STOCK.

MONTREAL, June 2.—At the Montreal Stock Yards, West End Market, receipts of live stock for the week ended May 31, were 1400 cattle, 400 sheep and lambs, 3800 hogs and 1400 calves. The offerings on the market this morning for sale were 1000 cattle, 270 sheep and lambs, 3500

hogs and 400 calves.
The supply of cattle was larger than a week ago, but notwithstanding this fact a steady feeling prevailed in the market and prices showed little change. Picked lots of steers brought as high as \$7.50 to \$7.75 per 100 pounds. The demand from packers was principally for good cattle and full carloads of this class changed hands at \$6.75 to \$7 and mixed carloads of medium sold at \$6.75 to \$6.95 per cwt. Common cattle were plentiful and the demand was good for culling.
The market for sheep was lower with good demand for spring lambs, at from \$6 to \$12 each, as to also. Choice calves were scarce, but the supply of common was ample.
The tone of the market for hogs remains firm under a good demand from packers and sales of selected lots were made at \$10.50 to \$10.75; sows, at \$9.15 to \$9.25, and steers, at \$4 to \$5 per cwt., weighed off the cars.

MONTREAL CATTLE.

Butchers' cattle, choice, \$7.25 to \$7.75; medium, \$6.75 to \$6.75; common, \$6.25 to \$6.50; canners, \$4.50 to \$4.75; choice cows, \$4.50 to \$6.50; medium, \$5.75 to \$6; culls, \$4.50 to \$6.75; milkers, choice, each, \$75 to \$80; common and medium, \$65 to \$70; springers, \$65 to \$80.
Sheep, ewes, \$3.25 to \$6.50; bucks and culls, \$2.75 to \$6; lambs, \$7.50 to \$8. Hogs, f.o.b., \$10.65 to \$11.75. Calves, \$2 to \$12.

RAINFALL CAUSES BREAK IN WHEAT

Moisture, While Not General, is Sufficient to Frighten Bulls.

CHICAGO, May 2.—Wheat declined sharply, chiefly because of rain in Western Kansas and in parts of Oklahoma. The market closed weak at a net loss of 1 1/2¢ to 1 3/4¢. Latest prices for corn were a shade to 1/4¢ off and oats 1/4¢ down to 1-1/8¢ gain. In provisions the outcome varied from 1/4¢ lower to an uptick of 1/4¢.

Altho the rain southwest did not appear to have been general, the effect on the wheat pit was instantaneous and decisive for the day. The trade had been prepared for an exciting bull market, but there was a rush of longs to the selling side and prices rapidly gave way. In addition to Kansas and Oklahoma reports of a break in the drought, word came that dry weather in the Red River Valley was also ended. Rumors of export sales did not develop any rallying power and news of a big decrease in the visible supply proved equally without effect.

Big Primary Receipts.
Seaboard clearances of wheat and flour equalled 1,299,000 bushels. Primary receipts of wheat were 622,000 bushels against 283,000 bushels a year ago. Corn was upheld by a fair amount of commission buying. Rural offerings were rather small and shipping demand good. Unfavorable crop prospects had a steady effect on oats.

Resting orders to buy at a decline rallied the provision market. At first, however, the list was under considerable pressure on account of the heavy run of hogs.

concentrators, and their output, in consequence, will be very greatly increased, with practically no loss in values. Before erecting these furnaces and concentrators, the directors deemed it advisable to thoroughly prove the extent and value of the ore body. This was done by sinking and also by finding the values to continue at depth, but to have increased in value, and they now have blocked out means a monthly yield of at least 600 tons of ore, enough to supply a 30-ton plant of 24 hours per day for nine years, which means a monthly yield of at least 600 tons of ore.

To provide the necessary funds for the erection and completion of the plant, a limited number of shares are now being offered for public subscription, which we have the good fortune to be able to offer to our clients and friends at 70¢ per share.

NOW IS YOUR OPPORTUNITY, and we cannot impress upon you too strongly the extraordinary money-making chance the purchase of this stock offers. For Illustrated Booklet, which you are sure to find of great interest, as it tells all about quicksilver, how it is found, and to what uses it is put, we shall be pleased to mail you upon request, or should you care to call at our offices we will be glad to furnish you with the fullest particulars.

ROAD CONSTRUCTION IN NEW ONTARIO

Great Progress is Being Made in Rainy River District.

The work of opening up the northern territory by the construction of good roads goes on apace. J. F. Whitson, the man who is spending the \$50,000 granted for the development of New Ontario, points out his progress in a report to Hon. W. H. Hearst, minister of lands, forests and mines, dated May 22. Gangs of several hundred men are scattered thru the north laying out highways. Great progress is being made, especially in the Rainy River district.

"Six camps on road construction have already been established in the Rainy River country employing 80 men, and within the next week or two, 100 to 125 men will be at work in this district," says Mr. Whitson. "By the end of June this number will be doubled."

A very large section of land, which is badly in need of additional roads, will be opened up for settlement this year. Road making in Rainy River is very easy compared with other districts. Roads can be made at a reasonable cost as a result of the fires which swept over the country in 1894 and three years ago.

A few camps will be started soon in Thunder Bay. Four camps have already been established in Sudbury, and a large force of men is at work there. In Nipissing is well under way with about 100 men employed. In Timiskaming a number of camps have been started between Englehart and Matheson, and between Matheson and Cochrane.

VARSITY TO CONFER HONORARY DEGREES

One of the Recipients Will Be T. Kennard Thompson of New York.

The honorary degree of Doctor of Science will be conferred upon Mr. T. Kennard Thompson of New York, Doctor of Philosophy—A. Cousins, Y. E. Pound and P. W. Spence. Law—Master of Laws, J. J. Spence.

NORTH AUGUSTA MAN DROWNED

BROCKVILLE, June 2.—(Special.)—The body was brought here today of Aaron Burns, aged 23, a native of North Augusta, in Granville County, who lost his life by drowning in the Degras River, near Dekalb Junction, N.Y., where he was engaged on a farm. While bathing he was seized with cramps. Burns was unmarried.

WILL SEE BOOKS OF COAL COMPANY

M. K. Cowan Will Accompany Judge Winchester to Scranton, Pa.

When called to the stand in the schools enquiry before Judge Winchester yesterday, Trustee W. H. Smith stated that he had given Charles Keen \$150 to play on the horses at Fort Erie for him. As a result of the wagers he won something over \$400. This admission was made when the Judge questioned Mr. Smith about a \$400 cheque paid by him to a Mr. Wheeler of the Connell Coal Co. to enable the latter to go to Scranton in July, 1909. The trustee stated that this was a private matter, but added that he sent to Keen at Fort Erie for the money and the latter gave him \$400.

M. K. Cowan, K.C., for Mr. Smith, offered to produce Mr. McConnell of the company in court, and his honor ordered him to do so, when counsel stated that McConnell was a private citizen and was not a party to the case. Mr. Cowan was willing to accompany his honor to Scranton, Pa., to examine the books at the head office of the company.
