

ALWAYS SOMETHING NEW.

The lumber manufacturer or logging operator who does not read carefully his trade journal is sure to miss many ideas which would be found useful to him in his business. The pages of the CANADA LUMBERMAN contain the advertisements of the most wide-awake manufacturers of saw-mill and wood-working machinery, logging appliances, etc. Every month some new and improved appliance is placed on the market. Keep up with the procession by investigating the adaptability of these appliances to your own particular case, and when the opportunity is presented tell the advertiser how interested you are in his announcements in THE LUMBERMAN.
