## The Distribution of Wealth

By THOMAS NIXON CARVER, Professor of Political Economy in Harvard University.

Published in New York, 1904. *Cloth, 12mo, 290 pages, \$1.50 net*

An explanation of the valuation of the services of the factors of production made by means of an analytical study of the motives which govern men in business and industrial life.

## Money

A Study of the Theory of the Medium of Exchange. By DAVID KINLEY, Professor of Economics and Dean of the College of Literature and Arts in the University of Illinois.

Published in New York, 1904.

*Half leather, 12mo, 415 pages, \$1.25 net*

The purpose of this book is to give a systematic account of the principles of the monetary system of exchange, and especially to present a consistent theory of the value of money. New points of view are taken in the statement of the functions of money, the distribution of the precious metals, the quantity of money in relation to its value, and the standard of deferred payments.
