Who Pays the Duty? You or our foreign competitor? You pay. About that there is no room for doubt. And it's more than likely you believe in the necessity of the tariff. But—of what earthly good is it if you pay the duty? The foreigner laughs at duties imposed by our government as long as you are willing to cash up. Take beer, for instance.

Salvador The Famous National Drink is the purest and best beer brewed on this continent. The formula and entire process of brewing "Salvador" is a secret and absolutely controlled, on this side of the Atlantic, by Reinhardt's of Toronto. Beer, almost as good as "Salvador," is brewed by the big American brewers and sold in the States at exactly the same price as "Salvador" in Canada. But—when you order an American beer in Canada there's 34% extra to pay—the duty—plus extra freight charges. Is it rational to pay that duty—when you can get a better beer at the normal price? "Salvador" beer is rich in flavor, sparkling and charged with invigorating properties.
