WAS A HALF-TIME WIFE OF TWO MEN EVERY DAY

Real Husband Long Fooled, But
When She's Called Mrs. Steiner
He Learns Truth.

NEW YORK, May 10.—Holding that a woman could not be the lawful wife of her husband one-half of the twenty-four hours while she posed as the wife of another for the remainder of the day, Justice Dowling granted a divorce to Julius Kobas from Anna Kobas. The decision that divided the Kobas was handed down on the third anniversary of their wedding day.

After their marriage the Kobas went to live at 220 East 14th-street. They were happy for a year. Kobas, who is the treasurer of a downtown business firm, regarded his wife as a model of devotion because she never cared to go out much at night and seemed perfectly content to stay at home in his company. Mrs. Kobas prepared such tempting meals for him that he formed the habit of going home to his luncheon.

One evening last autumn Kobas took his wife to dine in a Broadway restaurant. In came Mrs. Henry Kraus of 1082 Lexington-avenue. Kobas did not know Mrs. Kraus, but she rushed up to his wife and exclaimed rapturously: "Why, how do you do, Mrs. Steiner?" Kobas looked at his wife, who dropped her eyes in a confused fashion. Kobas engaged Mrs. Kraus in conversation and learned things.

Mr. and Mrs. Kraus testified at the trial that Mrs. Kobas rented a room from them in No. 1082 Lexington-avenue on April 1, 1907. For six months after that they said, she lived in the room in the daytime as the wife of Robert Steiner, who worked nights and consequently had much leisure by day. About 11 o'clock every day the Krauses said Mrs. Kobas would go away, returning early in the afternoon. That explained why Kobas's luncheons were always punctually prepared. Mrs. Steiner would leave the room again about 4:30 in the afternoon to become

Mrs. Kobas and prepare her husband's dinner.

From the testimony of Mrs. Kraus at the trial it would appear that there was method in her rapturous greeting when she met the Kobas in the Broadway restaurant. She said she marveled where Mrs. Steiner, as she knew her, could be at night when Steiner was away at work. The short time that Mrs. Steiner stayed in the room raised grave questions in the mind of Mrs. Kraus and she decided to keep watch. One day Steiner, Mrs. Kraus said, went out. He did not come back until next day.

In his absence Mrs. Steiner looked herself up in the room, but mistook the key. At 4:30, the hour when she was to start for her other abode, there was a hubbub in the room. Mrs. Kraus quietly listened and, after ascertaining what the trouble was, put on her hat and went out, perhaps to make calls. In the hubbub in the room, Mrs. Steiner was kept a prisoner all night, and did not escape until Steiner came home the next morning and broke in the door. It was said that was the only time when Kobas missed his well-prepared meals.

THE BROWN-TAILED MOTH.

Insect Discovered in the Maritime Provinces.

HALIFAX, N. S., May 10.—(Special.)—The brown-tail moth, a pest that has caused millions of dollars' damage to orchards, ornamental trees and forests in New England, has made its appearance in Nova Scotia and specimens have recently been found in the fruit belt of the Annapolis Valley. One found in Woodville, King's County, was sent to Ottawa, where in the department laboratory it was identified as the brown-tail moth. Specimens have also been found in Digby County.

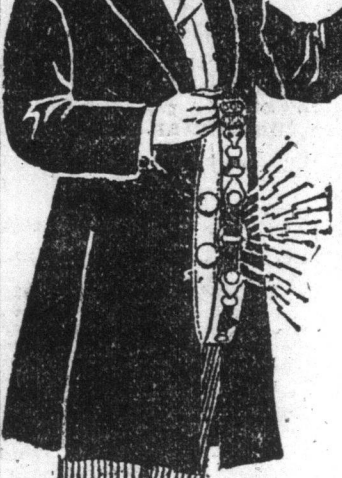

Agricultural authorities are doing all that they can to meet the emergency and stamp out the pest ere it does any damage.

WILL NOT FOLLOW TORONTO BARBERS' EXAMPLE

OTTAWA, May 10.—(Special.)—All the Toronto barbers have raised the price of shaves to one cent each, but Ottawa barbers will not follow this example. They are no more adapted to reach these cases than a dose of ipecac or jalap is to assuage a mother's grief for the loss of her darling babe, for the disease being largely local, the restoratives must be applied directly to those prostrated parts; and since electricity is undoubtedly the instrumentality of all life, it necessarily follows that this element constitutes Nature's one most potent remedy in these diseases when rightly applied.

Every scientist who has devoted any time to the study of electricity is enthusiastic in its curative powers. It cures because it supplies the necessary life element. The cure is pleasant, being accomplished at night while the patient sleeps.

The Effect of Electricity on Disease No Longer a Matter of Doubt.

Dr. McLaughlin's Electric Belt

Is peculiarly adapted to nearly all general ailments. It is, without doubt, the most successful treatment known to-day.

All forms of weakness are cured by it. Electricity takes the place of weakness, banishing it forever. It cannot resist it. Nervousness, Neurasthenia, Insomnia, Paralysis, Hysteria, Locomotor Ataxia and Epilepsy yield to it in a surprising manner. It has no equal as a cure for Rheumatism, Sciatica, Lumbago, Gout and Backache. Its success in Dyspepsia, Constipation, Diarrhoea, Liver and Kidney troubles is brilliant. Many other complaints are being cured by it, and women find it just as satisfactory and effective as men.

"Your Belt has cured me of Rheumatism and Piles, and I would not take \$100 for the benefits I have received."—J. H. MICKEL, Mapleview, Ont.

"I take pleasure in telling you that your Belt has been a stimulant to me. I would not be without it."—E. N. BEAULIEU, St. Therese de Blainville.

Any man who is suffering from any weakness, let him come to me and I will cure him, and if he will give me evidence of his honesty and good faith by offering me reasonable security he may use the Belt at his risk and

WHEN CURED, PAY ME.

BOOM AT NEW MARKET AN IMPORTANT MEETING

East Toronto Council Has a Number of Problems—Fire at Mimico—Notes.

NEWMARKET, May 10.—Robert White of Ravenshoe, while working at the barn of Isaac Thrush, on concession 5, Whitechurch, fell and miraculously escaped with a broken jaw and ribs. A building boom is on in Newmarket, and in addition to ten almost completed, many others will be entered upon. Mr. Brillinger will build three on Joseph-avenue; Mr. Bacon, three more on the same thoroughfare, Isaac Rose will put up two on Millard-avenue, and Mr. Brooks one on Joseph. Others are in contemplation.

The Tulare, Newmarket's famous lacrosse team, will play the Royal Canadians of Brantford here on Victoria Day.

On Sunday evening the Newmarket and Aurora Oddfellows will attend a vine service in the Methodist Church. Rev. Neal will officiate.

EAST TORONTO, May 10.—The East Toronto Thistle Lacrosse Club will play a friendly match with the Norway Club in the "Rye Field" to-morrow (Saturday) at 3 o'clock. Players are requested to be on hand by 2 o'clock. Yesterday's attendance at the school was 132, and it is generally thought that the trustees would be justified in going ahead with the opening up of the other two rooms. So far only the first and second classes are in attendance.

Emmanuel Church will hold their monthly meeting on Monday night. J. W. Power, who for more than fifteen years was associated with Mr. Gregory, now of East Toronto, formerly of Lindsay, has again entered the employ of the latter.

W. H. Clay, the worthy town clerk who some time ago received the appointment of magistrate, occupied yesterday for the first time his official position, acting in conjunction with Police Magistrate Ellis.

"Glen Stewart," the beautiful residence of E. E. Ames, is being further improved by the building of rustic bridges over the ponds, driveways and other improvements.

A number of vitally important matters to the town are under consideration, and will come up on Monday night. Some of them are: The proposed invasion of the Beach by the railways; the threatened withdrawal of the Toronto Street Railway; and the installation of a rival telephone service. In addition to these are a number of routine matters of more or less importance.

Toronto Junction.

TORONTO JUNCTION, May 10.—The visit of Inspector Howe of the Under-Town Association yesterday aroused considerable comment throughout the town as to the immediate outcome. While the inspector's report is not yet available, it is generally thought that his future of inspection will result in a number of suggestions looking toward improved service. The main heading from the pumping station is 12 inches in diameter. Inspector stated that it ought to be 18 inches. If this is carried out, it will result in a saving of 100,000 gallons of water to carry out the improvements outlined, it is said, will result in higher insurance rates, and the whole situation is being canvassed now and on.

The school board are seeking for an appropriation for the erection of a new school, owing to the over-crowding of the existing buildings.

Canada-Cuba Land and Fruit Co., Ltd.

It Has Been demonstrated beyond a doubt that the lauds of this Company are the best to be found in the Island of Cuba for the successful growing of all kinds of Citrus Fruit and Tobacco.

A Ten-acre Grove of Orange and Grape-fruit Trees will yield a profit the fourth year of over \$1.00 per box or \$500.00 per acre at the lowest estimate, and when the grove comes into full bearing it may be relied upon for a life income of \$5,000.00 per annum.

With The Small Outlay of \$40.00 per acre for the land, \$27.00 per acre for fruit trees, and the cost of cleaning and planting only to be considered, can you in any other investment, with such small outlay, secure a certain independence for life?

Groves Purchased from This Company will be cared for by us, cleared and planted in Oranges or Grape-fruit and in four years, time you have an assured income.

Direct Shipment to and from our own docks, general stores, post-offices, medical attendant, saw mill, excellent drinking water are some of the conveniences and advantages to be found in our estate.

The climate is the most beautiful in the world. All these lands will be increased to twice their present selling prices at an early date.

Ocean beach on the coast; magnificent stretch of sandy beach. The finest sea bathing in the world.

these now in use, and the question as to how the funds are to be raised is under consideration by the mayor and solicitor.

One of the features which yesterday served in some measure to atone for the weaknesses of the pumping plant was the splendid exhibition of speed furnished by the local fireman. In just 47 seconds from the time the alarm was given the firemen, under the superintendence of Chief Robinson, had left the hall and connected the hose with four hydrants, the pressure giving five streams, registered at 32 pounds. Inspector Howe did not fail to express his appreciation of a fire department which could make such a magnificent showing.

A little chap nine years of age was this morning brought before Police Magistrate Ellis, charged with setting off fireworks. His worship smiled benignly on the little offender, and let him go on suspended sentence.

Balm Beach.

BALMY BEACH, May 10.—The Balm Beach baseball team will play the H. & A. Saunders' team to-morrow afternoon on the home grounds. The match will be a practice one.

There was a conference at the clubhouse last night between representatives of the several sporting and athletic departments and the park commissioners, with the result that some arrangement acceptable to all will likely be arrived at in the near future.

G. B. Wainwright is absent on a business trip to Winnipeg.

Chester.

CHESTER, May 10.—The Rev. Frank Vipond conducted service in St. Barnabas' Church yesterday, when Holy Communion was celebrated. The rector preached again in the evening.

Weston.

WESTON, May 10.—Dr. Charlton of this place has been waited upon by a delegation of electors, with a view to getting him to stand as a candidate at the convention to fill the vacancy in West York. Dr. Charlton has finally decided to stand. He has been identified with the Conservative party for twenty-five years, and is a past president of the association. The convention will be presided over by Mr. Thomas Griffith, president of the association.

Aurora.

AURORA, May 10.—Seth Lloyd had the end of one of his fingers cut off the other day while working in Phillips' mill.

T. N. Brodie has been appointed chief of the Aurora fire brigade.

Rev. A. Bedford, pastor of Aurora Methodist Church, will conduct the services in Richmond Hill on Sunday.

Dr. W. H. Stevenson and W. H. Birchard are in the neighborhood of Bolger Lake, with the object of buying a block of land for summer resort purposes.

A large force of men have been engaged this week in putting in the 45-foot poles for the transmission of electricity thru the three feed wires to furnish power to the Lake Simcoe branch.

Rev. A. P. Bruce will preach educational sermons in the Methodist Church here on Sunday, morning and evening.

North Toronto.

NORTH TORONTO, May 10.—The funeral of the late Mrs. John Stedman

DOUGLAS WOODS.

The reference in Thursday's World to the disappearance of Douglas Woods has given rise to considerable speculation, and many conjectures as to the cause of his long absence.

Woods was never a resident of Chester, but the family have been living here for some time, and Mrs. Woods, who is the support of a small family, is held in the highest esteem by the neighbors. Information regarding Mr. Woods will be thankfully received by Mrs. Woods or Rev. Mr. Vipond.

Richmond Hill. RICHMOND HILL, May 10.—Rev. Mr. Brown, ex-moderator of the Toronto Presbytery, took Rev. Mr. Grant's work in the Presbyterian churches here and at Thornhill on Sunday last.

Work has begun on Centre-street. Soon we shall have a good up-to-date road to the station. Not before it was needed.

Our firemen and their equipment showed on Monday evening that they are ready for business at the shortest call.

The stork made a call at the parsonage. Mrs. Bruce and the bonnie boy are doing well.

Mrs. (Dr.) S. D. Chown is spending a week in town, looking for recuperation in our bracing locality.

The final meeting of the quarterly board of the Methodist Church was held last evening. Every point on the circuit reported advance. Financially well up, an increase in membership, and conference demands all ahead of previous record.

Our new henry reports great progress. New industries are coming our way.

It is expected that the extensive decorations in the schoolroom of the Methodist Church will be completed early next week. The contractors say that when they have completed the main auditorium there will not be a finer effect to be seen anywhere.

Great sympathy has been felt in our two townships, Markham and Vaughan, with the milk producers. As we local are buyers, rather than sellers, our local

fever has not been so high, being able to buy good milk at a fair price.

Thornhill.

THORNHILL, May 10.—A. R. Hall is greatly improving his residence by the addition of a fine large verandah, etc.

R. S. Thompson, who has been ill for so long, is gradually improving, the not out of bed yet.

The milk producers are having a meeting every few days to discuss matters re the prices, and are determined to hold out for their rights.

Mr. Simpson is remodelling his residence, recently purchased from Mr. Thompson. This will be one of the finest on Yonge-street when completed.

The Mineral Spring residence is being renovated, and will be opened for the accommodation of tourists this season.

Lindsay, Francis & Co. are arranging to increase the size of their store to about twice its present capacity.

The demand for houses still increases, the several have been renovated and more in course of erection. The demand cannot be met. This is good proof of the desirability of this village as a place to reside.

Islington.

ISLINGTON, May 10.—About three months ago the Stark Telephone, Light and Power System was erected, the privilege of putting up poles and wires thru Islington, and on Saturday night it is expected they will have the incandescent system in first-class working order. There are a number of houses equipped with wires for the system.

It is expected that on Saturday night the current will be turned on. All that Islington requires now is an extension of the Scarborough Railway.

Every day there are people making enquiries for small homes.

Weston.

WESTON, May 10.—Dr. Charlton of this place has been waited upon by a delegation of electors, with a view to getting him to stand as a candidate at the convention to fill the vacancy in West York. Dr. Charlton has finally decided to stand.

Mimico.

MIMICO, May 10.—The loss by fire yesterday afternoon of a house owned by Mr. Pincum, on the Lake Shore-road, coupled with the fact that no means were at hand to fight the fire, has served to arouse a feeling favorable to incorporation as a village, and the establishment of some system of fire protection. All that could be done yesterday was to allow the fire to burn itself out. The contents were nearly all saved.

Town of North Toronto

Court of Revision Re Sidewalk on Roper Avenue.

Take notice that the municipal council of the Corporation of the Town of North Toronto intends to construct a sidewalk, gravel and plank sidewalk (4 feet in width), upon and along the northerly side of Roper-avenue, from the westerly limit of Yonge-street, westerly to the line of the westerly limit of lot No. 21, according to plan M53, a distance of 1876 feet, 10 inches, more or less.

And intends to assess the final cost (or a portion of the final cost) thereof upon the real property to be immediately benefited thereby fronting or abutting upon the northerly side of said avenue, within the said prescribed limits, and that a statement showing the lands liable to and proposed to be specially assessed for the said improvement, and the names of the owners thereof, so far as they can be ascertained from the last revised assessment roll and otherwise, is now filed in the office of the clerk of the municipality and is open for inspection during office hours.

The estimated cost of said sidewalk is \$660, of which the cost for flagging is to be paid out of the general funds of the municipality.

A court of revision will be held on Monday, the 27th day of May, 1907, at the hour of 8 o'clock p.m., in the Town Hall (Edgmont), for the purpose of hearing complaints against the proposed assessment of the said improvement, and for the purpose of receiving any other complaint which the persons interested may desire to make, and which is by law cognizable by the court.

William J. Douglas,
Town Clerk.

Dated May 11, 1907.
