RIDDELL SCORES GODFREY.

TORONTO, Nov. 5. — "Statements have been made by a member of the Ontario Legislature, which, if made by the ordinary street liar, would have no attention paid to them," said Justice W. R. Riddell, in opening today's session of the royal commission on timber, of which he is chairman.

The chairman then denied the statements made by Dr. Forbes Godfrey, M. L. A., to the effect what he delayed publishing a message sent him by Hon. G. H. Ferguson, asking him not to close the inquiry before he (Mr. Ferguson) had an opportunity to state his case.

Justice Riddell pointed out that, as a result of the disclosurse before the commission, the Ottawa Government had already amended the criminal code so that it was now a punishable offence for any person to sign a document purporting to be sworn to, when it was really not sworn to. He suggested that the department send copies of this

Mr. Geary stated that the city wanted to look into the profits of the Bell Company and the Northern Electric Company, the latter being regarded as a subsidiary of the Bell company. The city wished to find out the relationship between the two companies, Mr. Geary said.

Denies Connection

Glyn Osler, K.C., counsel for the Bell Company, said there should be no suggestion that the Northern Electric Company was a subsidiary of the Bell Telephone Company, as the business of the cormer was in no sense subsidiary. Mr. Ostler offered the city the figures prepared by the Northern Electric Company's auditors, but the corporation counsel declined to accept this offer. "I want first-hand information," he said.

Would Affect Banks

H. W. Shapley, for the Bankers' Association, asked and was given permission to file at a later date, a tabulated statement of the proposed rates as they would affect banks.

C. J. Decker, representing the Toronto General Hospital, stated that in one month the hospital had 31,950 outgoing calls, which would mean a total of \$1,435 in costs a month. The present cost, he sald, was \$236 a month.

Dr. F. C. Marlow and Dr. Edmund E. King pointed out that the new rates would seriously affect the medical profession, whose business was with private parties and much of it charitable work.

INGERSOLL CO-OPERATORS PURCHASE PROPERTY

Building of Store Will Be Carried Out by Stock Company.

INGERSOLL, Nov. 5.—The movement to establish a co-operative store has resulted in the Central property on Thames street, formerly the site of the John Northway store, which was destroyed by fire a few years ago, being obtained. The land was purchased from George P. Mason, and it is the intention of those interested in the movement to begin building operations at once. The building will be 50 feet wide, 88 feet in depth and three stories high. It was decided to form a joint stock company to finance' the building and gratifying success is reported.

Trade between Canada and South Africa in manufactured products has considerably increased since the war, Mr. Rowell said. Two hundred Canadian firms were now shipping goods. Trade Commissioner Egan at Cape Town was doing excellent work. Canada now competes with the United States and Great Britain chiefly, but soon must consider German efforts. Against Lumber Firm Two UNOFFICIAL SETTLEMENT PLANS

LONDON, Nov. 5.—Two interesting, although unofficial, attempts are being made to solve the Irish question, it developed today. The first of these is an effort by influential political quarters to induce the Government to communicate with the Sinn Fein members of Parliament in order to try to reach a practical agreement and prevent the ruin of Ireland.

The second is that three Coalition members of Parliament will formally propose a plan for withdrawing the military in Ireland to strategic centres and allowing the local authorities to take the responsibility for the eventual idea of negotiation of a political settlement of the problem.
