STRIKERS HEAR GOOD RESULTS

And Will Not Listen to the Latest Threat of Dismissal by the Company.

Manager Leonard of the C.P.R. has given the striking mechanics another opportunity of getting back their old jobs, having extended the time limit in which their applications will be received up till noon to-day.

After that time, according to the ultimatum issued by the company, the men will never, never work for the C. P. R. again. The notice reads: "Strikers who do not apply for their old positions by 12 o'clock noon, to-morrow, will never be allowed to work for the C.P.R. again."

To this the men answer, "until we get what we are fighting for we will never, never go back to work for the C.P.R. again." There is no uncertainty in their tone either, and it is very unlikely that a man will report for work to-day.

A member of the press committee said last night: "I think this is only another of the company's bluffs, and we consider it also a sign of great weakness on the part of the company. What does the management mean? 'Bring us back over? Wasn't once enough? Mr. McNicoll has said he considered the strike at an end after Tuesday noon, and now the manager is trying to get Thursday noon to really make up our minds."

"Well, not a man will go back to work. We are not going to fight to and we are prepared to do it. The road is badly tied up, as train men have been over different parts of the system have reported to be that north of Muskoka, and points west, the company is not making a pretence of moving the freight, and right here in West Toronto yards, there are rows and rows of freight standing for lack of engines to pull it out."

"Over in the carmen's office in the yards there is a pile of telegrams nearly a foot high. These are notifications from agents all over the division reporting loaded freight cars dropped there for repairs. Yesterday a conductor was begged by a despatcher to pull in just such a car and he refused. We know in what condition the road is in, and if they filled the shops with men, alms or otherwise, it would take six months for them to become anything like efficient, and what would become of trade in the meantime?"

"Yesterday, this look at what they are losing now, and what they are losing in the future. They are losing in plenty all over the system. Mr. Preston told one of our men in West Toronto shops, that a mistake had been made on a job, and that it meant a LOSS OF \$300 A DAY to the company as long as the engine was out of service. Now let them try and figure out how much they are losing now, in that way, in addition to the loss in trade."

"When a train was inspected on arrival at Hamilton yesterday, it was found that one of the wheels had 18 inches of the flange broken off. This might have caused a serious derailment at any time. And yet the company say the trains and cars are all being inspected carefully."

"As stated in the World yesterday, three Detroit men thru misrepresentation were brought to W. Toronto to work and refused to do so when they found a strike on. These men located American Consul Chilton at his home on Tuesday night, and told him the circumstances. He told them he could do nothing for them.

GARTOR MADE CAPTIVE FATE OF COUNTY COP

Constable McBain of Cannington, With Handcuffed Prisoner, Falls Into Local Toils.

The plain unvarnished narrative of what yesterday befell County Constable Lachlan McBain, Cannington, is evidence once again of the pitfalls of a great city.

Constable McBain arrived in Toronto Tuesday with a fourteen-year-old boy, John Kelly, whom he had arrested in Guelph, and who is wanted in Cannington on a serious charge. The boy was secured by handcuffs attached by chain to the constable's wrist.

The twin missed the train for Cannington on Tuesday night. It appears that Constable McBain's ideas of time and locality were rather vague. Any way, he did not realize the union situation in time. However, he placed his charge at the Children's Shelter for the night.

Yesterday afternoon, P. C. Reburn, who is on duty at the station, beheld the constable with his prisoner still firmly attached by chain to his wrist among the waiting throng. The policeman, after careful scrutiny, decided that Constable McBain was not staggering under a sense of responsibility on the one occupied by the Haineses. Mrs. Hains also charges that her husband ill-treated her in a manner most unnatural.

The boy will be sent to Cannington to-day.

TERRIBLE NEW EXPLOSIVE

Tears Krupp Armorplate to Pieces and Astonishes Experts.

MUNICH, Aug. 19.—A new high explosive of a power beyond anything hitherto used in the German army was tested near here in the presence of the artillery proving commission from Berlin representatives of the Bavarian war ministry, the imperial navy and the fortresses and ordnance departments, with what are described as sensational results.

FOUL MOTIVE NOW ALLEGED

Capt. Hains' Wife Said to Have Accused Him of Bad Habits in Suit For Divorce.

NEW YORK, Aug. 19.—The World prints the following special despatch from Winthrop Highlands, Mass.: The motive for the murder of William E. Anna at the Bayside Yacht Club last Saturday by Capt. Peter C. Hains, Jr., U.S.A., aided by his brother, Thornton Jenkins Hains, is to be found in the filing of a suit brought by Mrs. Peter C. Hains against her husband. The papers were served upon Capt. Hains in New York a week ago Monday by a representative of the young woman's Boston lawyer.

In this suit Mrs. Hains alleges that her husband is a morally degraded person and charges are made of the most sensational character. At the same time the complainant demanded in her petition that the case itself be tried in open court.

The allegations are along the lines of the exposures at the round table in Berlin, where Count Eulenburg was charged with misconduct with other officers.

The papers served upon Capt. Hains contain what is called a complete history of his misdoings. While no names are mentioned, there are instances related which date back to the time Capt. Hains and his wife were on their honeymoon and while the Captain was stationed at Fortress Monroe.

It is alleged that Mrs. Hains caught her husband in the quarters of an officer whose residence was very close to the one occupied by the Haineses. Mrs. Hains also charges that her husband ill-treated her in a manner most unnatural.

Challenged to Duel. The American says: "The mystery of the so-called 'threatening letters' written by Captain Peter C. Hains to William E. Anna, his victim in the Bayside tragedy of Saturday was cleared up last night. The letters were challenges to a duel. In them the army officer demanded that he be allowed a gentleman's satisfaction by meeting on the field of combat the wrecker of his home."

When Anna made no reply to the first and second, Captain Hains warned.

DOUBLE SUICIDE ENDS QUARREL

Husband Leaving in Temper Hears Wife's Fatal Shot—Remorse-Stricken Kills Himself.

NEW YORK, Aug. 19.—Because his wife killed herself when he threatened to leave her, Edward H. Hacker, 41 years old, this afternoon stood over her body in their apartments in The Hague Court and fired three shots in her breast. When a doctor arrived Hacker was dead, lying on the floor with his arms around the body of his wife.

The tragedy was the culmination of a series of violent quarrels. Last night Hacker left his wife in a rage, declaring he would never come back. He sat all night in a window watching for him to return and at 10 o'clock this morning she was overjoyed to see him enter the house.

A few minutes after his return, however, Hacker renewed his quarrel with his wife and when a hall boy came to the door Hacker chased him to the street with a revolver. He continued to quarrel with Mrs. Hacker until afternoon, when he finally announced that he had packed up his belongings and was going away forever.

Hacker bade his wife good-bye and started away, when he heard a shot in his flat and ran in. On beholding the lifeless body of his wife he was overcome with grief and remorse, and, locking the door of the apartment, he picked up the revolver with which she had killed herself and ended his own life.

Hacker was employed by the McCall Eastern Co. and is said to have been well-to-do. His wife was 31 years old and Hacker is said to have been jealous of her.

(Canadian Associated Press Cable.) LONDON, Aug. 19.—According to a Pietermaritzburg message, the real reason of the proposal emanating from Pretoria to postpone the unification convention is to allow Premier Botha time to submit a draft constitution to Cape Colony and Orange for private agreement. Natal has not been consulted. Botha is to be the first federal premier. The leaders of the Afrikaners interviewed Botha and Smuts at Pietermaritzburg. The registration question was referred to a select committee of the legislative assembly.

DEAN OF EMPERORS CELEBRATES BIRTHDAY

King Edward Celebrates.

VIENNA, Aug. 19.—The celebration of the 75th anniversary of the birth of Emperor Francis Joseph is being made the occasion of patriotic festivities in the capital and throughout Austria and Hungary.

All the towns and villages of the dual monarchy are gaily decorated. Te Deums are being celebrated in all the churches, and military parades and popular festivities are being held everywhere.

In accordance with the desire of his majesty, a large proportion of the funds collected to celebrate the event will be devoted to founding philanthropic institutes in various parts of the country.

The emperor received innumerable telegrams of congratulation, including messages from all the heads of European states and from President Roosevelt, while from all foreign capitals come reports of official and private celebrations to mark the occasion. The emperor instituted a new decoration, the "Jubilee Cross" for army and state officials; bestowed an unusually large list of titles and decorations and granted amnesty affecting 50,000 minor and serious offenders.

The emperor himself, who, according to his custom since the assassination of the empress, has been living in comparative seclusion, passed the day in the privacy of the family circle, with his two daughters and their husbands, at Iachl. He took a walk in the morning and also attended mass. Later he received the Burgomaster of Salzburg, who presented to him the city's gift, an album of views.

King Edward Celebrates. MARIENBAD, Aug. 19.—For the celebration of Emperor Francis Joseph's jubilee, King Edward dropped his incognito for the day and gave an official dinner to forty guests. The king made a speech, in which he expressed his congratulations over the emperor's jubilee, wishing him a long life and happiness.

Honored in St. Petersburg. ST. PETERSBURG, Aug. 19.—The empress, who is in poor health, was unable to attend the dinner and reception given in honor of Emperor Francis Joseph's birthday by Emperor Nicholas at the Imperial Pavilion at Krasnoye Selo, where the guard manoeuvres are being held.

The anniversary of the birthday of the Austrian Emperor was celebrated impressively in St. Petersburg, where Francis Joseph is deservedly popular because of his age and the friendship he has shown to Russia. Mass at the Austrian embassy this morning was attended by M. Iswolsky (the foreign minister) and other ministers and diplomats. Emperor Nicholas sent a personal message of felicitation to the emperor at Vienna.

COL. GIBSON CAN GET ANYTHING HE WANTS

Some of Hamilton Council Hated to Do It, But Still They Presented His Company With \$3000.

HAMILTON, Aug. 19.—(Special.)—Col. J. M. Gibson is boss. Any doubts as to his title were settled to-night at a special meeting of the city council. It was called in connection with the proposed new street railway deal. Although the deal makes the company a present of several hundred thousand dollars as an inducement to what the present agreement between it and the city council calls for, and which the city could force it to do by an appeal to the railway board, Colonel Gibson sent a note to the city clerk saying that the whole deal was off if the company was forced to pay \$3000 towards the cost of making Herkimer-street wider, something that was made necessary by the fact that the company wants to widen the strip between its tracks.

A hurry-up call was sent out for the aldermen, and on the casting vote of Ald. Dickson, who acted as chairman in the committee of the whole, the council decided to forego the \$3000, and Col. Gibson was acknowledged to be boss.

There were but 15 members of the council present, and this is how they lined up: For throwing off the \$3000—Aldermen Dickson, Farmer, Sweeney, Allan, Goss, Clark, Howard and Lewis—8. Against—Mayor Stewart and Aldermen Bailey, McLaren, Hennessey, Nicholson, A. J. Wright and Jutten—7.

In bowing to the colonel some of the aldermen admitted that it was a humiliation, but still they voted for the company. Ald. Nicholson said he regretted that he felt called upon to speak his mind, but he could not help remarking that Ald. Sweeney talked more like the mouthpiece of the company than a representative of the people. The deal will be submitted for the approval of the ratepayers on Sept. 18.

DEPARTURE OF TROOPS AFFRIGHTS THE NEGROES

Terrorized With Fear of Outbreak of Riots, Exodus to Country is Renewed.

SPRINGFIELD, Aug. 19.—Fear and terror prevailed in the homes of Springfield negroes to-night. The departure of two regiments of infantry to-day and the announcement that two more organizations will be sent home to-morrow caused consternation among the colored residents. The exodus of negroes which had begun to abate was renewed. Trains and trolley cars were used, by those fortunate enough to possess a little money, but many of the unfortunate took the road, tramping across the country in a drizzling rain until exhaustion forced them to seek rest in corn fields or in wood lots.

The children and aged who were driven to the open suffered heavily and it is feared that many of them will succumb to the hardships. Adjutant General Scott tweets across the country in a drizzling rain until exhaustion forced them to seek rest in corn fields or in wood lots.

There are plenty of troops here to-night and the force that will be available to-morrow, about 1500 men, certainly police the city against any mob that may form. Then, too, the presence of the large body of soldiers was irritating some sections of the community and there was an element of trouble there that could not be overlooked.

The special grand jury to-day examined nearly two score witnesses, but made no return of its proceedings. Unusual precautions as to secrecy have been taken and the identity and testimony of the persons who have appeared to give information against rioters have been carefully guarded. Assistant State's Attorney Ware, who has charge of the grand jury work, said to-night that some indictments or other return may be made to-morrow from the grand jury room.

PERHAPS HELL TELL TO-DAY. LONDON, Aug. 19.—(C. A. P.)—The imperialist press express curiosity regarding the basis of Hamar Greenwood's optimism about the all-party route, agreeing that indications are rather towards a deadlock.

WARNING. Owing to the prevalence of petty pilfering of newspapers from the doorways of shops and residences the police have been asked to institute a campaign against this class of thieves. CHIEF HAD REPORTS OF DANGEROUS FLOORS

Only on Monday Last Stated That Inspection of Ill-Fated Building Would Soon Be Made.

LONDON, Ont., Aug. 19.—(Special.)—The victims of last night's fire will be buried with full honors, Chief Clark by the fire department and Sergeant Cockburn by the military. The Masonic order will participate.

The collapse of the building, following as it does the Crystal Hall disaster of a year ago, has naturally created a lot of talk as to whether the course of building inspection then decided on has been carried out.

It is explained that Building Inspector Nutter, then appointed, has been steadily at work, but of course has not had time to go over all the buildings requiring inspection.

Mr. Sherman Calls Roosevelt the Issue

The overshadowing issue of the campaign really is: Shall the administration of President Roosevelt be approved, shall a party of demonstrated capacity in administrative affairs be continued in power, shall the reins of government be placed in experienced hands, or do the people prefer to trust their destinies to an aggregation of experimental malcontents and theoreticians whose only claim to a history is a party name they pilfered?

The convention adopted two resolutions respecting confidence in the leadership of Mr. Borden and clean elections.

WAS GOING BACK TO ENGLAND

Witnesses Scut Suicide Theory at Blatherwick Inquest.

Coroner R. J. Wilson opened an inquest at the morgue last night on the body of Wm. Blatherwick, 68 Montrose-avenue, who was killed on the G. T.R. crossing near the King-street subway on Tuesday night.

Wm. Blatherwick, aged 19, son of the deceased, identified the body. His father has been despondent thru being out of a job, being a tailor by trade, but was "overjoyed" at the fact that his ticket to England had been purchased on Tuesday morning. He was of temperate habits, and had never given any indication of suicidal intent. He was 44 years of age, and his sight and hearing were good. Witness was certain that his father lost his life thru accident.

Herbert Baxter and Wm. Hall, two men who also live at 68 Montrose-avenue, deposed that they went out for a walk at 8 p.m. Tuesday accompanied by the deceased. They had one glass of ale together at about 8.30. He left them, saying he wanted to see a man. This was about fifteen minutes before he was killed.

The inquest adjourned to the city hall police court on Monday night, Aug. 24.
