JAMES L. HUGHES' TRIPS

PUT BEES IN HIS BONNET

Striking Comments on Peregrina-
tions of Chief Inspector—
District Labor Council.

"Every time he takes a trip he has
a fresh bee in his bonnet," was the
bouquet handed out to Inspector
Hughes in the report of the education
committee of the District Labor Council
meeting last night. The lack of
thoroughness, the superabundance of "side-
lines" and the bad spelling of the pub-
lic school graduates came in for con-
demnation, and it was declared that
the school board as at present con-
stituted is not a responsible body.

The superintendent of teachers over
sixty years of age was advocated. Trustee
James Simpson objected to the re-
port as being too indefinite. The 60-
year limit on teachers also aroused his
ire, and an incidental reference in the
report gave him the opportunity for a
very denunciatory diatribe against the
report. The superintendent of teachers
in the report was referred back for further
consideration.

The council endorsed the action of
the district council in prosecuting the
building of a sea wall.

Delegates Richards and Bruce will
be sent to the labor education convention
in Berlin on May 24.

MAKE EDUCATION FREE

James Simpson Opposes Continuance of
High School Fees.

The first meeting of the board of
education in the council chamber of
the city hall was held last night.

James Simpson objected to the senior
high school suggestion of continuing the
high school fees, on the ground that
there was not sufficient high school
accommodation now, let alone during
the rush that would come if free edu-
cation were in vogue. Mr. Simpson
believed that there was no room for them
in abolishing the fees, as it showed
clearly that we will see a still further
reduction in the number of licenses
before many years pass, and it is easy
to pick out the hotels that are bound
to go.

Trustee Davis objected to the ap-
pointment of a widow as teacher in
Dewson-street school, and advised that
a single lady's name instead. Neither
objection was sustained.

Among the notices of motion were:
Smith: To abolish manual training
and domestic science in all the senior
high schools. Conboy: That dental
certificates be considered the same as
medical certificates in allowing teach-
ers leave of absence. Davis: To
change the name of senior principal to
superintendent.

The board has changed its mind
about making the first installment of
the new road school one storey high.
The specifications will be altered to
call for a two-storey building and new
tenders invited for the work.

GRAND SUCCESS

Wonderful Growth in Sales During
1908.

The year just passed will long be re-
membered for the financial and com-
mercial depression. Business houses
all over Canada were affected. Most of
them show a loss over 1907. Some did
about as much business last year as in
the preceding ones. A few—a very few
—show substantial gains. In spite of
"hard times" and "disappointments,"
the sales of "Fruit-a-tives" doubled in
1908 over 1907.

The National Drug & Chemical Co.
of Canada, Limited, bought "Fruit-a-
tives" in 100 gross lots (14,000 boxes).
Lyman Sons & Company of Montreal,
and Lyman Brothers in Toronto, also
ordered "Fruit-a-tives" in large hun-
dred gross lots. These big wholesalers
bought such big orders simply because
the retail dealers ordered so many
boxes of "Fruit-a-tives" that the de-
alers had to keep "Fruit-a-tives" al-
ways in stock to supply the constantly
growing demand of people in every
section of Canada.

To-day "Fruit-a-tives" are the most
popular family medicine in the Do-
minion. In the big cities, in the ar-
dour towns, on farms and ranches, "Fruit-
a-tives" are the standby in curing all
forms of Stomach, Liver, Bowel, Sick
and Kidney Trouble, Rheumatism,
Headaches and Neuralgia.

Are you a sufferer from any of the
diseases? Don't hesitate a moment.

then according to directions and they
will cure without fail. 50c a box, 6 for

PUBLIC OWNERSHIP

W. F. Maclean Addresses Canadian
Club at St. Kitts.

ST. CATHARINES, May 6.—(Special.)
One of the most interesting and in-
structive addresses delivered before
the Canadian Club at St. Kitts, was
that given last evening by W. F. Mac-
lean, M.P. of Toronto, on "The Pro-
gress of Public Ownership in Canada."

Despite inclement weather, a large
audience of the audience enjoyed the
lecture. Mr. Maclean convinced the
audience that public ownership is
bound to come in the system of pub-
lic ownership of telegraph, telephone and
railway systems in Germany, Denmark,
England, and practically all European
countries.

Mr. Maclean hopes that Niagara and
other electrical powers, made to
the hands of private corporations,
but would be publicly owned.

A cordial vote of thanks was moved
by W. B. Burgoyne, and seconded by
J. Robertson.

The following officers were elected for
the ensuing year: President, A. C.
Kingston; vice-president, E. J. Hoop-
er; secretary-treasurer, Dr. John She-
ehan; committee, C. G. McGhie, S. W.
R. Record, W. Monro, W. S. Lane, Dr.
Greenwood. A grant was made to-
wards the national monument move-
ment.

SAYS ALBERMAN GOT \$1000
For Helping to Have City Purchase
Building.

MONTREAL, May 6.—(Special.)—
That Alderman Crockett, chairman of
the police committee, received a thou-
sand dollars when the city purchased
a building from Pierre Leclaire, to be
converted into a police station, was
an sensational feature of to-day's evi-
dence in the civic enquiry.

The charge was made by Fred Le-
claire, who was formerly a tenant of
Pierre Leclaire, the man who sold the
building to the city at a price about
twenty times its value. The charge
set value that could be placed upon it
by real estate experts. He swore that
Pierre Leclaire told him that if
he would buy the building, he would
be given a large sum of money.

From Mr. Pugsley's evidence before
the commission, Mr. Crockett quoted
a remark regarding Hon. L. J. Tweedie,
who had refused to pay a lump sum
for salary. It was "He (Tweedie) was
extremely careful; he was heartbreak-
ing at times."

Most serious of all charges, said
Crockett, was that \$30,000 had been
misappropriated out of the \$100,000,
which the province was to pay for the
railway, a charge "to which there is
absolutely no answer." This charge,
said Crockett, if established, should be
sufficient to put Mr. Pugsley out of
the government.

"I ask you if any more serious
charge could be made against a pub-
lic man than to charge him with the
misappropriation of money." Crockett
went for his proofs to the record of
Pugsley's evidence, saying, "If the commis-
sion erred at all, it was on the side of
Mr. Crockett."

Mr. Crockett concluded his speech
at 4.30 o'clock.

Pugsley Bomb-Proof.

Mr. Turgeon of Gloucester empha-
sized the respect in which he held
Judge Landry, but felt compelled to
dissent from the findings of the com-
mission. He said there had been two
attacks this season by the opposition
upon Mr. Pugsley, but it was impos-
sible to change the reputation of
minister of public works, who was
held in high esteem all over the coun-
try. The vote was then taken.

The evening session was occupied
by the estimates of the department
of agriculture.

GIRL MARRIED TWICE

Ethel Sheehan, Aged 22 Years, Arrested
For Bigamy.

Ethel Sheehan, 22 years of age, 117
John-street, is an expert in marriage
if the old proverb that practice makes
perfect is not obsolete. Last night she
was arrested by Detective Cronin upon
a warrant charging her with bigamy.

It appears from the statement of her
husband, William Sheehan, 4 Logie
Place, who swore out the warrant af-
ter she had had him arrested for non-
support that he married Ethel when
she was Miss Hughes, November 15,
1905, they went to the house of Rev.
John Turnbull, 315 Bathurst-street, and
were married.

William says that she left him a year
later and was married by Rev. John
Pearson of Holy Trinity Church on
August 12, 1907, to James Means, once
more using her maiden name. He says
that she has three children, and that
she has asked him to take her back, which
he refused to do. She then had him to
court and he now returns the compli-
ment.

NIAGARA POWER FAILS

TORONTO IN DARKNESS

Electrical Storm Causes Break in
Transmission Line—Car
Service Tied Up.

Toronto was in "darkness" for an
hour and three-quarters last night.
Niagara power failed, the electrical
disturbance which passed over the
city on Tuesday evening was respon-
sible for a break in the transmission
line. The connection was broken about
an hour and a quarter at this time, and
when the lights went out for 27 min-
utes.

The cars were stationary for a part
of the time, with the trams and
streetcars running. The railway service
was renewed long before the street
and house lighting circuits had power
from the Falls.

The theatres' only temporary in-
convenience was experienced. Most of
them have gas equipment, and the
theatres were soon illuminated by gas
lighting. The Star Theatre gets light
from a separate plant in the Star
Building.

When "Slate" Means Slater Shoes

RESERVE the "Sign of the Slate."
On a school slate the following words
—"The Slater Shoe."

That is a trade-mark worth several
hundred thousands to-day.

It is widely poached upon because it is
widely known as a standard of quality.

It now commands a market of a Million
Dollars yearly in \$4.00, \$5.00, and \$6.00
Shoes.

This is why there are so many substitutes
eavesily offered as "Slater Shoes"—"Shoes
made by Slater"—and four other tricky ways
of trading on the name and merits of "The
Slater Shoe."

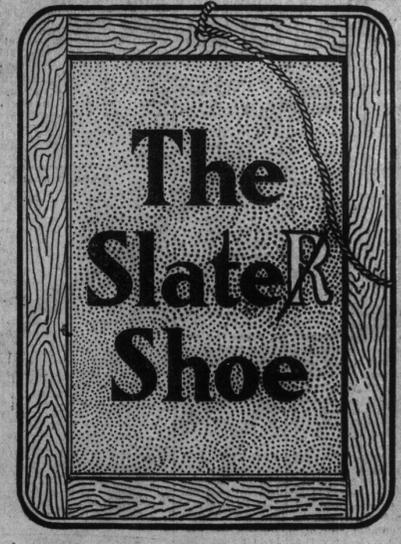

So,—to protect the Public we say again—
No shoe is a genuine "Slater Shoe"
unless it has the trade-mark picture of a Slate
stamped on it with the makers' price (this
letter to prevent overcharge).

Look for that Slate mark!

And, when you want a genuine 1869
"Slater Shoe" you can head off Smart Alecks
who would trick you into something as
"Slaters" which have never been within the
Slater Shoe Factory, if you will simply look
for the Slate as well as the name "Slater."

The quality of Slater Shoes is established. None but the best
materials and the best methods figure in their manufacture.
The Goodyear Welt system invariably used in making them,
insures the maximum amount of comfort and wear.
