

Will You Help Us Store Our Surplus Stock of Overcoats, Reefers and Boys' Suits?

When we move to our big new store we must have room for storing any winter goods, so we must ask you to help us out, and to show you our appreciation of your efforts we give you the following generous reductions on Men's Overcoats and Pea Jackets, also Boys' Overcoats, Reefers and Suits.

Men's Overcoats and Storm Reefers

Perhaps in all there are 200 Coats left, of all sizes and kinds. The lowest Coat among them is \$6.50, and up to \$15.00. To remove them all we say: **\$5.00 each and no reserve. Can you store one or two?**
Another lot of, say, fifty Coats, worth from \$15.00 to \$20.00, to be removed at **\$10.00 each.**
The balance of all \$25.00 to \$30.00 Coats to be removed at **\$15.00 each.**
Cheaper to store one than to buy next winter.

Boys' Overcoats and Reefers

Here again we ask your help if your boys need Coats of any kind.
One lot of 30 Coats, mostly Reefers, Naps and Friezes, sizes 22 to 26. Regular \$3.50 to \$5.00. To be removed at **\$1.98 each.**
All the rest of the Boys' Coats have been put into four groups, and with these prices attached, **\$3.98, \$4.98, \$5.98.**
To enumerate all the details would take too long, but the saving to you is from \$2.00 to \$5.00 on each Coat.

Boys' Suits

At no time in our history have we placed so much Boys' Suit value before you as just now. **Please bear in mind that all of these Suits have the regular knickers—no bloomers among them—and some are not as modern in cut as they might be, but we have put a price on them that won't fail to appeal to you if your boys need good honest School Suits.**
\$1.98 for Suits worth \$3.50 to \$5.00. Sizes 26 to 32.
\$2.98 for Suits worth from \$5.00 to \$6.50. Some big sizes among these—33 and 34.
\$3.98 for Suits worth \$6.50 to \$7.50.
\$4.98 for Suits worth \$8.50 to \$10.00.

We won't say there are all sizes in any one line, but all sizes of every line combined, and the bulk of the sizes are 32, 33 and 34, with a few 35 sizes.

Just a Few Words Our clothing is all reliable. We stand behind every garment—sale or no sale. If you're not satisfied, don't keep it; if you want your money back, just say so. We are going to have one of the finest all-clothing stores in Canada at the Corner of Yonge and Adelaide Streets, all the ground floor of the new ten story Lumsden Building, and as our storage space will be limited we must clear out a lot of goods in the next month, so

SUMMER MUSIC IN PARKS
TEN NUMBERS EACH NIGHT

Board of Control Makes That Stipulation in Voting Funds—Higher School Tax.

HAMILTON, Feb. 10.—(Special.)—The board of control this afternoon made provision in its grants for ten band concerts to be given next summer in the parks by the Royal 13th and 21st Regiment bands. It was stated that one band had given eight selections at each concert last year and the other ten. Both will be required to give ten selections. Other grants were made as follows: Toronto Hospital for Sick Children, \$10; Holy Sepulchre Cemetery, \$400; Canadian Service and Army Medical Corps, \$50 each; 13th and 21st Regiments, \$250 each; Poultry and Veterinary Firemen's Associations, \$50 each; Salvation Army Band, \$100. Consideration of grants for the Children's Aid Society, the Playgrounds Association and the Victorian Order of Nurses was deferred.

ments, \$250 each; Poultry and Veterinary Firemen's Associations, \$50 each; Salvation Army Band, \$100. Consideration of grants for the Children's Aid Society, the Playgrounds Association and the Victorian Order of Nurses was deferred.

The controllers thought the Playgrounds Association should apply to the parks board, but they expressed sympathy with the movement. The choice of the Children's Aid Society has made of a building for a children's shelter was not approved of, and several other buildings, including the Holland A. White House, on the side of the mountain, and a house adjoining the North End Park, were spoken of. The accounts of various committees were carefully inspected, but nothing irregular discovered.

Parents Demand Enquiry.
J. L. Council has written to the board of education demanding, on behalf of the parents of Annie Hulme, a shoro investigation into the facts connected with the alleged poisoning of their daughter in the domestic service class of the King Edward School. The board this evening appointed a special committee to make the investigation. Estimates calling for \$20,000 were adopted. The city will have to contribute \$23,774, which means that the school rate will have to be increased. The clause in the report of the building committee recommending that permission be refused to the Playgrounds Association to use the Hess-street school grounds was withdrawn, and will not be dealt with until the association makes application to the board for the use of the grounds.

Inspector Ballard presented his annual report, which showed that there were 296 pupils on the rolls of the public school, as compared to 3466 last year.

Traveler in Trouble.
At police court this morning Charles Blaza, traveler, was remanded on the charge of securing \$18 from D. Smith & Co. by false pretences.

It is rumored that a modern hotel will be erected on the corner of King William and James streets.

The street railway will start this year's program of reconstruction on York-street early in the spring. It expects nine new cars in operation by the end of June.

CONMEE'S "PULL"

Mr. Bristol Mentions It and Creates a Storm.

OTTAWA, Feb. 10.—James Conmee's bill to incorporate the Rainy River Radial Railway Company was talked out in the railway committee to-day.

R. G. Code, K.C., representing the Ontario Government, entered a protest against the Dominion assuming jurisdiction and Mr. Conmee replied that, as the railway would connect with the C. N. R., it was of a federal character. Edmund Bristol ventured the opinion that as Mr. Conmee was a Liberal, he would get whatever he wanted in spite of protests. Mr. Emmerson considered this insulting and the remark was withdrawn.

W. F. Maclean asked what was meant by "radial." Mr. Conmee replied that it meant a sort of a circle, but an examination of the map showed that the line was a purely straight line.

The bill incorporating the Ottawa, Montreal and Eastern Railway was passed without opposition. The capital stock is \$2,000,000 and the company proposes to build a line from Lake Megantic to Montserrat for \$240. Another work must be started within three and completed within seven years.

When the bill of the Western Canada (B.C.) Power Company, asking for a federal charter, came up, Mr. Emmerson, who wanted it referred to a sub-committee, was assisted by Lancaster and Conmee's Ralph Smith, who was originally opposed to the bill, stated that the promoters had consented to amendments which satisfied his objection, and the bill was reported.

WISE INVESTORS

How Some People Make Money by Quick Turnovers.

Sometimes we hear of Toronto people being slow, yet a striking example to the reverse is seen daily at the auction sale of Ambrose Kent & Sons, Jewelers.

The other day a young man walked into their store and requested that a 17-jewel watch in a 14k gold-filled case be put up for bids. He secured his watch for \$10.50, then with the remark of "pretty easy," walked out. Some few hours later he returned and requested another such watch, which he secured at \$11.25. When paying for his second purchase, he explained that he had sold his first watch for \$16 and another friend had requested him to purchase one for him, and with a knowing smile said, "mighty easy way to earn \$10.25."

This little incident just goes to show the manner in which Ambrose Kent & Sons are in one sense practically giving their stock away in order to get rid of it to enable them to start building operations.

Another incident occurred on Tuesday, when a patron secured a diamond ring of odd design for \$200, which was about half its value, and immediately sold it without leaving the store to another gentleman for \$240. Another case is where a young lady requested an electric reading lamp be sold, but got chatting to a friend and the lamp, which retailed at \$32, was sold to a gentleman for \$8 without her noticing it, and she immediately asked the name of the purchaser, and offered him \$20 for his lamp, but he was wise and gently said "No."

These are opportunities which everyone may share alike when they visit Ambrose Kent & Sons' great clearance of stock by auction.

TWENTY YEARS' SERVICE

Prudential Insurance Company Honors Superintendent Birkett.

A complimentary banquet was tendered by the Prudential Insurance Company of America to George Birkett, superintendent of Toronto District No. 1. Mr. Birkett celebrated the twentieth anniversary of his connection with the company. The occasion was made auspicious by the attendance of a number of head office officials, who all spoke in felicitous terms of Mr. Birkett's record and standing with the company, having particular regard to the work accomplished in Toronto last year.

Another banquet will be held to mark the first anniversary of the company's operations in Canada.
