

Is Your Money Working For You?

The men who are getting rich to-day, are the men who are turning their money over—making it work.

Real Estate forms the basis of nearly all the great fortunes of to-day. By watching the direction of a city's growth—buying a lot here—a lot there—selling that and buying further out—is the way in which the foundation of wealth is laid.

All that is necessary is a little capital plus foresight. Therefore we say—Buy Real Estate. Buy Winnipeg Real Estate. Buy Real Estate in

Westward Place Addition

Winnipeg is not only a growing city. It has already grown to such proportions as to be the dominating city of the west.

In Westward Place Addition we offer you the best proposition for investment in Winnipeg real estate to-day, as this property is within easy reach of the centre of the city, with all the attendant advantages. Winnipeg is peculiarly situated, in that it can only spread in two directions—north and west. The Assiniboia River and St. Boniface (a separate town) prevent it from growing to the south and east. Westward Place Addition is on the west side, just north of the C.P.R. shops and yards, and J. J. Hill's railway shop site, and is bound to increase in value as the city grows.

Now, as to the price. The lots are selling to-day at from \$100 to \$125 per lot (25 feet wide by 116 feet deep) according to location. In order to make the payments easy, we offer you any of the following three plans:

First Plan—\$10 down and \$5 per month—Second Plan—1-4 down, balance in 10 and 30 mos.—Third Plan—1-3 down and balance in 1 and 2 yrs. (Interest at 6 per cent. on upward balance.)

And we go further. We will refund all monies paid us if these lots are not as represented. This allotment will be open for a few days more, but take advantage to-day to secure your lot. Write us for Booklet on complete information.

AS GOOD AS THE WEST BUT NOT SO FAR AWAY IS NEW LISKEARD

In a letter written a few days ago Mr. Englehart, Chairman of the Timiskaming & Northern Ontario Railway Commission, says:

"Timiskaming will be within less than two years the true route to the West and Northwest, and with one additional year, perhaps less, it will be a close second, if not more, to the Atlantic, and thus have within limits the Atlantic and the Pacific. It starts with the fresh water of the south as its back door, and it will not be long before the front door will be the salt waters of Hudson's Bay."

With a prospect like this Northern Ontario real estate is bound to advance in price.

I am offering TOWN LOTS in NEW LISKEARD at REASONABLE PRICES and you cannot afford to let the opportunity go by.

NEW PRIZE FOR RIFLEMEN

Offered by Militia Council to Civilian Shots.

OTTAWA, Feb. 28.—(Special.)—With a view to the greater encouragement of rifle shooting among members of civilian rifle associations, it has been decided by the militia council to offer an individual prize to be known as the "Dominion of Canada prize" to each association, for competition during 1910.

The prize is a nickel silver ornamented silver, 10 inches in diameter, bearing the Dominion coat of arms with an inscription. To be eligible, it will be necessary for an association to hold four competitions during the season, in which at least forty per cent. of the members must take part. The dates of these competitions must be fixed in advance and communicated to the district officer commanding. The ranges will be at 200, 300 and 600 yards, seven scoring shots at each range.

Sir Ernest H. Shackleton, the Antarctic explorer, who is lecturing in America, will arrive in New York on the Lusitania on March 25. He will be accompanied by Lady Shackleton, and the two will be guests of Ambassador and Mrs. Bryce at Washington.
