BISHOP B. W. ARNETT

Sways Audiences with His Masterly Eloquence.

He Writes a Letter of More than Usual Interest to Suffering Humanity.

At Wilberforce, Ohio, three miles north of Xenia and near Dayton and Springfield, is located Wilberforce University and Payne Theological Seminary. These two institutions of learning have educated many ministers and teachers.

In this somewhat noted educational centre resides Bishop Benjamin W. Arnett, D.D., a divine who is of especial prominence because of his thrilling eloquence with which he has swayed many audiences.

Among the high officials of the church, no one is more distinguished than he.

BISHOP B. W. ARNETT.

Before being elected bishop he was a leading minister in his church and also a very prominent Republican. He represented his county in the Ohio Legislature for several years.

Having given this sketch of the bishop, the following testimonial from him will be found very interesting reading and fully explains itself.

To whom it may concern:

"In April, 1894, while on my way home from Philadelphia, I caught a very severe cold, which soon developed into rheumatism. It was impossible for me to rest by day or sleep by night. About the first of June I was compelled to take to my bed, where I remained for some time. When I was able to get up, I could only get about by the use of crutches.

"The fall came on and the rheumatism grew worse, lasting all through the winter of '94 and '95. I suffered as I never suffered before. I thought that the spring would bring me relief, but it did not, consequently I was forced to cancel a number of engagements to speak.

"One day in June, 1895, my wife said, 'Bishop, I read so much about Dr. Williams' Pink Pills, suppose you try them and see if they will not help you?'

"I said, 'No, there is no use of getting them, for we have tried almost everything that has been recommended to us, and none of the remedies suggested seem to help my case.'

"She said no more, but went to Xenia, Ohio, and bought a box of the pills. On her return she gave me a dose at noon and another at night. She was only called one time to attend to me during that night.

"For months previous she had been called three to four times during the night. The next day I took three doses of the pills, and the second night I was not disturbed. My wife for the first time in more than ten months, had a good night's sleep.

"I have not lost a night's sleep since that time on account of the rheumatism. I carry a box of Dr. Williams' Pink Pills in my pocket wherever I go.

"I cheerfully bear testimony and hope that others may find relief as I did. I have recommended Dr. Williams' Pink Pills to several people.

"Yours, for God and man,

"Benjamin W. Arnett."

Dr. Williams' Pink Pills cure by going to the root of the disease. They renew and build up the blood, and strengthen the nerves, thus driving disease from the system. Avoid imitations by insisting that every box you purchase is enclosed in a wrapper bearing the full trade mark, Dr. Williams' Pink Pills for Pale People.

An Open Letter to Rev. J. C. Speer.

Editor World: Right wrongs no man, and right should always prevail over wrong. In the Good Book we read: "If you have aught against your brother, go and tell him his fault between him and you." And unless Rev. Mr. Speer can show the citizens of Toronto that he first went to His Worship Mayor Fleming and charged him with selling the city's prerogative to a day of rest to the Street Railway Company, His Worship had good grounds for resenting the insinuation. If he did go, and His Worship would not listen, and he went again and took with him another, and all these efforts failed, and then told it to the church the rev. gentleman, if worthy of his exalted position, will no doubt lose no time to make the facts known; but should it be found on inquiry that the above course was not pursued nothing but an ample apology to His Worship the Mayor and the readers of The Star and World can possibly place him again on the honor roll of a Methodist preacher. No man has a right to asperse the honor of another person unless he can make good his insinuations and not even then until he has taken God's plan of dealing with the case. The Methodist people owe it to the credit of their teaching to request the Rev. Mr. Speer to make good his insinuations or take them back and publicly apologize to His Worship the Mayor in particular. A man may have a shrewd suspicion of boodling, but even that is not sufficient reason to explain why men see fit to set aside God's Word and take their own course; and therefore Christian public sentiment calls for either a retraction and apology or the making good of the charge. After we hear from the rev. gentleman we will have a word to say to His Worship regarding some big words that are not to be found in the Methodist dictionary.

"Anti-Sunday Car Methodist."

Building in Toronto

Architect and Builder.

Building operations in Toronto give promise of being on a more satisfactory scale than there was reason to anticipate earlier in the season. In contradistinction to last season there is comparatively little work being done on the line of erecting new or repairing old business premises. The concentration of business due to the development of departmental stores has been an important factor in restricting expenditure for alterations and repairs to store property. The bulk of the work in progress this year relates to the construction of new residences of a substantial character, which in most instances are designed to be occupied by the owners. The prevailing low price for real estate, building materials and labor, has no doubt had a considerable influence towards inducing those who have the means to erect for themselves homes suited to their tastes and requirements. The present cost of building is stated on good authority to be from one to four cents per cubic foot less than the ruling figures six or seven years ago.

Decorating the New Building

Architect and Builder.

The City Council of Toronto have declined at present to accept the offer made on behalf of various art societies of a scheme of mural decorations for the new city buildings. Several well-known artists, selected by these societies as competent to design and execute work of this character, at the expense of a great deal of thought and effort, have elaborated a scheme of decoration which is intended to be illustrative of the history of the city and province. The purpose is that this scheme should be carried out gradually, by native artists, in such a way as to form when complete an harmonious whole. An offer was made to the council to execute a first instalment of the scheme, viz., the Council Chamber, entrances, etc., at a cost slightly exceeding what would be required for decorative work of an ordinary character. It is to be hoped that the proposal of those who have this undertaking in hand may yet be accepted and carried out. The time has come when Canadians should, as far as their resources will allow, exercise regard for what is aesthetic as well as what is purely utilitarian. We are rapidly making history, and it is due to our future greatness and the interest of coming generations that the notable events of the past and present should be perpetuated in our public buildings and monuments. Only once or twice in a century are buildings of such importance as these likely to be erected, and the opportunity should not be allowed to pass of making them an object of the greatest possible interest. Probably in no other way could this object be better fulfilled than by the proposed series of historical paintings.

House of Providence Picnic.

The annual picnic in aid of the House of Providence will take place as usual on the grounds attached to the institution, Power-street, Monday next, 24th inst.

A most attractive and varied program has been prepared this year, which includes several new and enjoyable additions. The committee are expending marvelous energy in providing for the comfort and delight of the large crowds who are expected to extend their patronage to so praiseworthy and charitable an object.

In addition to the many pleasing and delightful features of former years, a cinematographoscope will be exhibited, which promises to prove a highly instructive and entertaining novelty.

In the evening there will be a grand display of fireworks. This picnic always affords a rare opportunity of combining legitimate enjoyment with genuine benevolence and practical charity. As the membership of the house is always increasing, its needs and claims are proportionately pressing. This intimation will no doubt suffice to attract its numerous patrons and the general public to crowd the grounds on the approaching 24th more densely than on any former occasion.

"Brampton Jersey Herd."

Mr. Louis J. C. Bull, a member of the firm of B. H. Bull & Son, Jersey cattle breeders of Brampton, arrived in the city yesterday afternoon with a carload of registered Jerseys, which he purchased from Lieut.-Ashmead of Hazelhurst Farm at Quebec City. There were a number of stock fanciers and breeders at the station to see the Jerseys. All the animals seemed in good spirits and none the worse for the ride. The purchase seems to have been very carefully made, and includes such animals as Silbyl's Lass, a cow that has won three gold medals and is considered the sweepstakes cow of the Lower Province; Maude of Hazelhurst and Princess Minnie, animals testing 18 and 19 pounds of butter per week respectively, were among the number. Messrs. B. H. Bull & Son have already some fifty head of Jerseys.

Relieve Them at Once.

Washington, May 21.—The Secretary of State, John Sherman, has directed Consul-General Lee at Havana to draw for immediate purchase of supplies and medicines for the relief of American citizens and transportation of such as are without means and desire to return to the United States, not to exceed $10,000. He is also instructed to furnish United States Consuls in Cuba at his discretion funds for this purpose. United States Consul Brice at Matanzas has been instructed by the Secretary of State to apply to Consul-General Lee for funds with which to relieve American citizens there.

The Big Antelope Run.

The sensation of the hour is the big Antelope Run to Summerville and Cooksville on the morning of the 24th of May, leaving the works at 8 o'clock sharp. It is causing more talk than the Sunday car question, and the many admirers of the easy-running Antelope will be out in full force to stand by or claim, viz., that "To be happy you must ride the Antelope." If you do not ride one you can derive some pleasure in hearing others tell how easily they run and of what a good time they had at Summerville.

A Wall of Water.

Asolin, Wash., May 21.—A cloudburst at some point as yet unknown up the Little Valley of Asolin Creek, sent a wall of water down the valley last evening, which carried devastation in its train. Stock was drowned, houses were wrecked, bridges washed out and orchards ruined. The loss is estimated at $100,000.

The valley was a continuous orchard and garden for 15 miles above the town. So far as reported no lives were lost. Nothing to equal the flood has ever been experienced since the settlement of the valley.

Hoboken Badly Scorched.

Hoboken, N.J., May 21.—Fire last night destroyed the block bounded by 12th, 13th, Washington and Hudson-streets, and was the most destructive in the history of Hoboken. The exact loss will not be known for several days and estimates range from $500,000 to $750,000. The fire was first discovered on the first floor of a five-storey brick factory. Despite all efforts the flames spread speedily to a row of 13 five-storey brick tenements near by and soon 128 families were homeless.

Long Branch Park.

This delightful summer resort is likely to be more popular than ever this season, both for residents and picnics. The cottagers' water supply was put on yesterday, and the new quarter-mile bicycle track in the grove is being pushed forward rapidly. The electric car service has been much improved, and it is expected that a through return ticket, admitting to the park, will shortly be issued to the public, similar to that used by the societies and schools last season. The luncheon parlors will be open for the Queen's Birthday.

School of Art and Design.

At the annual meeting of the Central Ontario School of Art and Industrial Design, the following were elected directors for the ensuing year: President, Hon. G. W. Allan; vice-president, R. Y. Ellis; directors, M. Matthews, S. M. Jones, F. McGillivray Knowles, S. G. Curry, W. A. Langton, J. Avon Smith, Bernard McEvoy, Geo. C. Downs (secretary).

Steamer Florida Sunk.

Chicago, May 21.—During a dense fog the steamer Florida of the Lackawanna Line was sunk by collision with the steamer G. W. Roby in Lake Huron off Middle Island yesterday afternoon. The crew of the Florida was taken to Port Huron.
