TUESDAY MORNING. MAY 15.

The Twelve-Cent Loaf.

Bread at eight cents a pound, twelve cents a small loaf, is the direct result of the failure of the government to control the prices of food commodities. Dollar wheat used to be regarded as highly profitable. In war time two-dollar wheat was at first thought to be the limit. might. Everybody would have been satisfied had the government fixed the price there, and shot anyone who proved a traitor to the real interests of the country by trying to exact undue profits.

One is inclined to think that the world is developing a streak of madness, and that the symptoms are highly aggravated among the governing people. Fixed ideas, them. It ought to be realized, but is not, Europe. The attention of the governthem. It ought regulations that do very ment had been vigorously directed to well in times of peace ought to be discarded when the world is cast into the disintegrating quern of primitive strife. That it was a piece of property adyet the ruling heads of the nation con- joining the Hydro-Electric's new tinue on their placid way, as if nothing more serious was afoot than "Mistress by Messrs. Wright and Carroll, of the Mary, guite contrary."

once to see that the nation's supply of give the Hydro a total frontage of food is adequate, and to supplement it as 145 feet on University avenue. distribution of natural wild foods, which are now allowed to wasts. The experience of the Indians could be utilized here. Great guantities of nutritious food can be tion one source.

Coal and National Railways. ers, Wilton crescent, report house After all the assurances given the that the coal situation would property on Sherbourne street as accitizens be taken care of for next winter, and tive. They have sold several houses the reproaches showered on anxious citi- on this street last November, and resens for trying to get their coal bins sold on Saturday at an advance while the weather was warm from 15 to 20 per cent. This firm chough not to worry about urgency, also report the re-sale of several the news now comes from the city hall houses on Seaton street, during the that nothing has been done, nothing may be done, and there is some proble- past few days, at an advance from mattle uncertainty as to what could be 10 to 15 per cent. over that of a few done. Anxious citizens have no alterna- months ago. Mr. Corlett stated that the but to besiege the coal dealers once a number of these were sold for cash.

Allan & Allen, real estate agents, There are contradictory views ex-Bond street, say that there is still a pressed by the officials. One says the good demand for house property and sty has no authority to buy coal. Anbuying is quite brisk, having sold other is willing to buy when ordered. The mayor with robust language declares several during the past two wesks and he can buy a million tons of coal if he report the sale of a large residence wants. A million tons do not appeal to on St. George street, for \$23,000.

the average citizen who wants from Decrease in Number of Drunks eight to fifteen in his cellar. A million looks like a bluff or an idle dream. What we want is practical business.

If matters go on as they are going, The number of drunk cases dropped to 26 over the week-end, all of whom. we shall have to imitate the example of Petrograd and depose some of our except in the case of one man who reigning powers. A citizens' committee was a cripple, were fined various J. E.; Timmins, H. W. may yet have to ascend the city hall amounts for their delinquencies. steps with a battalion from Exhibition Billy Bittle had a bottle in a lane off HOUSEHOLD SC steps with a battalion from Exhibition West Richmond street when seen by a Park or Camp Borden. The people who wideawake policeman. Yesterday in are in power are falling down on their the police court Billy was minus the bottle, and fined \$200 and costs or the jobs. We are not getting fair treatment from any branch of government, federal, jail alternative. Tom McInerney, John provincial or municipal, in matters that Callaghan, Bert Davidson, Isabella are essential to the life of the commun-Dwyer, Mike Hackiluski and Abraham Perpenchuk were each fined \$200 and ity. The enlistment muddle continues. The food situation is being dealt with costs for carrying bottles when Ontario Temperance Act said they in a languid way only by the govern-

ment. Now the coal question, as vital shouldn't. as the food question in winter time,

raises the gravest doubts whether our governing representatives have any true . idea of their duties and obligations, and of the necessities of the case, and the share they are expected to take in adjusting difficulties, applying remedies, and preventing a catastrophe. No won-der the Germans mock us for our lack of efficiency, and the sting of such mockery is the utter needlessness of such conditions as grow out of our mismanagement and lack of foresight

The coal situation presses home with repewed force the arguments used in the Acworth-Drayton report recommend ing the nationalization of the G.T.R. and C.N.R. Railways. This is the only gleam of hope rising before the distracted citizen, who thinks of the struggle he had to get coal in the winter thru which we are still passing, and who sees nothing shead but steeper prices and colder weather.

Resolved-Some One Else Must Act

A sesolution was adopted by the city council commending conscription in some form to the spannents It was

on Friday are urgently requested to notify the registrar to that effect. There are a few military and national service cases to be determined.
