General Selling of Corn Follows Report of Peace Terms.

Chicago, Sept. 14.—General selling of corn resulted today from assertions that Germany's peace terms had been handed to the Pope. The market, which for the most part nad been advancing, until the peace talk became current, turned them sharply downward. Closing quotations were heavy, %c to 1½c net lower, at \$1.18% to \$1.18%, December, and \$1,16% to \$1.18%, December, and \$1,16% to \$1.18%, December, and \$1,16% to \$1.18%, May. Oats finished %c to %c down. In provisions, the outcome ranged from 30c decline to a rise of 35c.

Except during a brief time at the opening, corn showed decided strength thruout the first helf of the session.

Export purchases amounting to 300,000 bushels failed to prevent eats from saging with corn in the late trading. Offerings from the country are still light here, but were said to have increased somewhat overnight, and it was pointed out that primary receipts totaled larger than was the case a year ago.

Supplies of wheat gained a little in volume, but not sufficiently so to overtake the demand. Latest estimates of the spring crop in the Dakotas and Minnesota put the aggregate at 6,00,000 bushels less than was suggested by the government September report.

Active buying of October lard gave the provisions market a lift. The close, however, was unsettled by much profit-taking on the part of holders.

MILITARY VOTERS' BILL ANGERS SENATOR CLORAN

Third Reading is Given Measure Hand-to-Hand Fighting Leads to After a Spirited Attack.

Ottawa, Sept. 14.—Third reading was given to the Military Voters' Bill in the senate this morning, but not before Senator Cloran had made before Senator Cloran had made a vigorous attack upon the measure. He declared that the bill was going to pass by a small "packed" majority. Good Liberal members of the senate had been replaced by specially reliable Tories. When the war commenced, he said, an agreement had menced, he said, an agreement had been reached that vacancies in the commons should be filled if filled at all, by members of the same political faith as the member who had represented the constituency becoming va-This had not been observed in regard to the senate. At this point the Speaker called Senator Cloran to order when he re-peated the word "packed." The senator said he would substitute therefore the word "loose." When the third reading was moved. Twice as Many Ships Now There Were Six Months Ago.

Annapolis, Md., Sept. 14.—The re-markable development of the United States navy in the last year was de-scribed by Secretary Daniels in an address at the naval academy today to the graduating ensigns of the naval reserve.

He credited President Wilson with

giving the initial impetus to the move-ment that has resulted in a great expansion of the service. "I am not publishing a military se cret when I say that while the in-crease in personnel in the past few months has far surpassed the increase in material," he said, "there are three times as many ships in commission today as there were six months ago, and that ships and more ships, from enlarged and ever enlarging shipyards, are coming to afford a place on naval craft to the thousands of patriotic young men who have crowded into the navy since the call."

Repulse of Germans.

Paris, Sept. 14.—A German attack against the French positions on the Casemates plateau in the Aisne region last night, was repulsed after hand-tohand fighting, the French war office

officially announced today.

The text of the statement follows: "On the front north of the River Aisne the Germans at an early hour his morning executed a sudden attack against our positions on the Case-mates plateau. The assault, which was preceded by a violent bombard-ment, was repulsed after hand-to-hand fighting, in which the enemy suffered heavy losses.

"In the Champagne, in the course of a reconnaissance, we penetrated the German trenches to the west of Navarin farm, and took some prisoners.
"On both banks of the River Meuse (Verdun region) there was the usual artillery activity. "There was nothing to report from the rest of the front.'
