

## WILEY EXCHANGES MARKS CLOSING HOUR OF FEDERAL SESSION

Parliament Prorogues After Four Months of Legislative Action.

### SPEECH FROM THRONE

Ottawa, July 1.—(By Canadian Press).—The last half-hour of the session was spent in the house of commons in humorous exchanges between the front benches. The commons assembled at two o'clock, and the only business before the house was a resolution introduced some time ago by J. E. Archambault, regarding French translations of Hansard. He asked to let the matter stand over until next session with the confidence that something would be done to provide a complete French translation of Hansard simultaneously with the English version.

#### Has Hopeful Doubts.

Hon. W. L. Mackenzie King hoped that "if by any possibility this government was in power next fall" it would see that parliament was called earlier and that estimates were brought up earlier, so that the house would not see again the hurried dispatch of financial business in the last minutes of the session. Sir George Foster said that the government would expedite these matters as far as possible. As usual it would provide a large block of the estimates at the beginning of the session, and the opposition might help by "coming to close quarters" on them early in the session instead of debating academic questions when the house went into committee of supply.

#### Foster Chafes Fielding.

Hon. W. S. Fielding started in to discuss this government's method of handling estimates, when the Black Rod of the senate knocked at the door of the house. Mr. Fielding said that he could quote convincing proof of his point: "If the majesties of the law allowed." As the resounding knocks on the door died away, Sir George Foster said to Mr. Fielding: "In other words, you are knocked out."

The commons then followed Black Rod to the senate chamber to hear the King's speech on prorogation.

#### Prorogued by Devonshire.

Parliament was prorogued by the governor-general this afternoon, after a session lasting rather more than four months. The principal measures adopted during the session were:

A franchise act.

Increases in pensions.

Establishment of state insurance for returned soldiers.

Further provision for soldiers' land settlement.

Continued authority for supervision of the marketing of the wheat crop.

Provision for the naval service, for assistance to shipbuilding and for the air service.

Taxation adopted broke fresh ground in the imposition of a new form of taxing.

In the speech from the throne, his excellency said:

#### Speech From Throne.

Hon. Gentlemen of the Senate, Gentlemen of the House of Commons:

In relieving you from further attendance in parliament, I am happy to recall that your labors during the session have resulted in many beneficial enactments.

You have given to the franchise act long and careful deliberation which the importance of this measure amply justified. It embodies provisions which should insure the preparation of fair and impartial lists at all future elections.

Grant Pension Increases.

The liberal increases in pensions which have been granted, the establishment of a scheme of state insurance for returned soldiers, and the further provisions concerning the settlement of soldiers upon the land, have shown your determination to take every practical means of fulfilling just obligations towards those who have rendered to our country such conspicuous service.

In the taxation measures which have been adopted, you have courageously taken account of a difficult financial situation, and it may be confidently expected that they will materially increase the revenue.

Wheat Crop Marketing.

You have wisely made provision to continue authority for the supervision of the marketing of Canadian wheat crops, if ever this world's markets should render this the most advantageous method of protecting the interests of the Canadian people. The exercise of this authority will necessarily receive the most attentive and careful consideration from my advisers. The measures providing for the control of fuel recognizes the full im-

Crowds at Queen's Park watching the wonderful march past of well-groomed horses and neat equipages at the open-air horse parade yesterday. General Gunn's charger won the prize for military horses. The quantity was lacking, as compared with other years, quality was superior.

## PRICES TO TUMBLE, SAYS TOM MOORE

But States Present Wages Should Remain the Same.

Ottawa, July 1.—Quoting statistics to prove that there had been persistent profiteering in food, clothing and other necessities, Tom Moore, president of the Trades and Labor Congress, of Canada, speaking at the opening of the convention of the Quebec Council of Carpenters in Hull City today, declared that prices will tumble and must tumble, but that the present wages to workers should remain the same. In support of his contention, Mr. Moore declared that the increase in the cost of making a pair of boots over 1914 was 12 cents, while the retailers were asking \$10 to \$12 for boots that sold in 1914 for \$5. The price of bread, he declared, had advanced over the 1914 price, while the actual cost of labor producing bread had only increased five-eighths of a cent. He quoted the price of other necessities to the same effect.

#### Says Manufacturers Can Afford.

Even when prices take the big tumble that is sure to come, the manufacturers can afford to pay the present wages, said Mr. Moore.

The speaker also urged upon the council the necessity to amend the industrial disputes act so that firms and employees outside public utilities could employ arbitration by the other party involved.

#### DRIVER RE-ARRESTED ON MANSLAUGHTER CHARGE

Joseph Stein, 11 Henry street, was taken into custody last night by Detectives McMahon and Sullivan, on a charge of manslaughter. While driving a taxicab west on Adelaide street on Wednesday night, Stein struck and fatally injured Charles Foster, 95 Strachan avenue, near Widmer street. He was arrested on a charge of criminal negligence at the time by Detective-Sergeant Thompson and P.C. Davies, and allowed out. He was re-arrested last night on the manslaughter charge.

#### SEEN FROM A ROOF OF NEW YORK CITY

New York women dry their hair on the roof; they hang their clothes on the roof; they go out on the roof to get their hair cut. They go out on the roof to get their hair cut. They go out on the roof to get their hair cut.

## HAMILTON

Hamilton, July 1.—A sad drowning accident occurred this afternoon about 3 o'clock, when Edward Smythe, aged 17 years, son of J. A. Smythe, 12 North Fairleigh avenue, lost his life in the bay. The canoe in which he was paddling upset and Vincent Brown, 293 Wilson street, also had a narrow escape from death. The canoe upset when Smythe attempted to stand up.

Suffering from injuries to his back, Robert Isaac, 75 Silverton avenue, was admitted to the General Hospital today. He was employed by the P. H. Secord Construction Company, and was wheeling a barrow across a platform at the Pantheon Theatre building, when he slipped and fell a distance of seven feet.

An elderly man was taken to the General Hospital this afternoon suffering from injuries to his legs, following his having been knocked down by an automobile driven by Dr. McGregor, James street south. The accident occurred at Barton street and Birch avenue.

Kenneth Exley was knocked down by a truck owned by the Hamilton Sand and Gravel Co., on South Dundurn street. Three stitches were required to close a cut in the injured man's head. He was removed to his home.

Violet Pigott, 108 Avondale avenue, aged four years, sustained painful injuries when she was knocked down by a horse and wagon driven by Robert Fenwick, 173 Cavell avenue. Her left leg was broken. She was removed to the General Hospital.

Mrs. Rebecca Melden, widow of John Melden, passed away this morning at the residence of her daughter, Mrs. John Fraser, 555 York street.

Hamilton, July 1.—The ideal weather, the Jockey Club meet, and attractions out of town, conspired to make today an exceptionally enjoyable holiday for Hamilton people. The steam railway lines, the steamboats and radial railways, handled an unusually heavy traffic in and out of the city. The highway between here and Toronto was the scene of a number of accidents.

The day was, however, marred by a drowning and a number of automobile accidents, some of which were of a rather serious nature.

Canadian National Railways are now operating a through sleeping-car service between Toronto, Sudbury, Little Current and other Algoma Eastern Railway points, on new train leaving Toronto Union Station at 9:30 p.m., daily (standard time), and arriving at Little Current at 12:10 noon. In addition to the Little Current car, this train carries a buffet sleeping car for Sudbury and Capreol daily, and leaves Toronto Tuesday, Thursday and Saturday, connection is made at Capreol Wednesday, Friday and Sunday with new transcontinental train from Montreal for Winnipeg via Port Arthur. These are only two of the several new services placed in effect by the Canadian National Railways, and are an evidence of what the government railways are doing in every direction for the convenience of the traveling public.

LATE THOMAS LOVELL LAID TO REST

The regard in which the people of Holy Trinity Church held their late sexton, Thomas Lovell, was shown yesterday afternoon when a large congregation assembled in the church for the funeral service. The sexton, the Rev. Louis Ralph Sherman, conducted the service; the Very Rev. Dean Owen of Hamilton, the former rector of Holy Trinity, read the lesson and the closing prayers were said by Rev. A. J. Arthur, who was formerly in charge of Holy Trinity.

Chopin's funeral march was played before the arrival of the body at the conclusion of the service, after which the "Nunc dimittis" was sung as the hearse, accompanied by clergy and choir, passed down the aisle and as the tolling of the bell sounded out in the square, there to be buried.

A man is always secretly convinced that he knows "exactly what a woman means," until he discovers that she is telling him the honest truth. Then he gets all mixed up.

Then you return to the warm dining-room, the flying Irishman and a four-shilling dinner, with red wine included.

A green leap gives a great shake.—Spanish Proverb.

## BAD MOTOR CRASH OCCURS IN HAMILTON

Three People Injured—One Woman is Seriously Hurt.

Hamilton, July 1.—A serious motor accident occurred at the corner of Homewood avenue and Kent street this morning, shortly after nine o'clock, when an automobile driven by Robert Wilson, 576 North Catharine street, collided with a car driven by Theo Sweet, druggist, who resides at 288 Aberdeen avenue. Mr. Sweet was unconscious for about half an hour after the accident, although later it was ascertained that he was not seriously hurt. His wife was taken to her home. She is suffering from internal injuries, and is in a precarious condition. Mr. Sweet's sister-in-law, Mrs. Sweetman of Quebec was crushed in the impact and had two ribs broken. Her husband and Mr. Sweet's son, Allan, escaped injury, although severely shaken up.

Car Thrown Onto Lawn.

Mr. Wilson's car was proceeding west on Homewood avenue, and Mr. Sweet's was coming north on Kent street, when the crash came. Both were going at a good rate of speed, and Mr. Sweet's car was thrown clear across the road and upon a lawn at the corner. It was badly wrecked. The driver of the other car was not seriously injured, although his car was damaged considerably. Mr. Sweet and party were starting out for a trip to Buffalo when the accident occurred.

Hamiltonians Enjoy Dominion Day—Races Attract Big Crowds.
