PRINTED (or Pattern Dyed) and all kinds of **FLAGS & BANNERS**

—AND DUNTING MERCHANTS—

13 DUKE STREET, LONDON BRIDGE, LONDON, S.E.

Testimonials from the above can be seen at the office, and copies forwarded with List of Prices on application. Our "PATTERN DYED" Flags have now been in use for many years, and have given great satisfaction, being found to fly lighter, and the patterns or devices showing equally well on either side. This is especially so with regard to Flags bearing name and address, now a popular and successful method of advertising. The colours more durable and the patterns being printed on the material make them more suitable for Flags with intricate design, which can be carried out as well as any design could be executed on paper. *Names for Burgeses, or Signs for Exhibitions Printed in letters any size up to 8 feet* Ship Store Dealers & Retail Houses Supplied
