

Grand In Tone And Effect

New Scale Williams Upright Pianos are up to date in form only. They are grand pianos in power, beauty of tone and volume. They have the bigness of tone that yields the glorious orchestral effects of the grand. They have the delicacy and responsiveness of touch of the grand. All this is possible because the

New Scale Williams Piano

has the longest strings to a given scale—largest size of sound board—and the most powerful elastic action—possible to put in a piano.

Full from frame, which has double the sustaining power of the ordinary plate.

The Acoustic Rim and method of Ribs—These and many other features work to the same end—to make the New Scale Williams Piano a masterpiece of music and mechanics.

New Scale Williams Piano is all that is desirable from the brilliant, fluent treble, to the full, broad bass and base. The future for it is certain and assured.

WEST SIDE ROAD RACE

Reid Won Yesterday's Event to Spruce Lake and Return—Humphrey Collapsed

While running a road race yesterday with Joseph Reid, of Carleton, Stanley Humphrey, also of Carleton, collapsed on the Fairville sidewalk near Dr. M. L. Macfarlane's residence, and was unconscious for about fifteen minutes. He was carried into the doctor's office where he was revived and he stayed there until his clothes were dried and he was thoroughly rested and left for home about 8 o'clock last evening.

The race had been arranged wholly as an endurance test. Both the contestants are about eighteen years of age. The course agreed on was from Barnhill's corner to Spruce Lake and back to the corner of King and Ludlow streets West End. The start was made about 3:15 and it was said that Humphrey led for a time. They had run out to Spruce Lake and were coming back when Humphrey collapsed. He covered the distance of ten miles in one hour and fifteen minutes.

At the time of Humphrey's fall he and Reid were running shoulder to shoulder. Reid kept on and covered the entire distance, said to be twelve miles, in one hour and twenty-five minutes.

When Humphrey fell he was carried into Dr. Macfarlane's office by Frank Smith and William Hanson, of Fairville, and Murray Brown and Cecil Straker, of Carleton.

Much interest had been taken in the road race. It was a closely contested event and had not Humphrey met with a misfortune the finish would have been exciting.

It was said last night by one in touch with athletic events that, through forgetfulness, the runners had not secured sanction for this race and that they would likely be suspended.

Reid said last night that the race was in consequence of a challenge given by Humphrey to him in the early part of this year. He said there was never interest in the event, the roads being lined with people. He thinks that Humphrey undertook to run two great distances. It had been the intention to have the race at Fairville, but at Humphrey's request it was extended to end in Carleton. There were no race-makers with the runners. Reid says he glowed Humphrey to keep about a yard ahead of him all the way until they reached Fairville on the return, and then began to sprint and had passed Humphrey by about two yards when he heard him fall. He did not look round, however, but kept on and finished. Reid says Humphrey is a good runner for a mile and is very speedy. He himself ran in the High school sports last year and intends to participate in the Every Day Club sports on May 24.

POLICE RAID PRIZE FIGHTS HELD IN A NEW YORK CELLAR

Battles Are Stopped and Pugilists and Ringside Officials are Caught—Three Hundred Men Under Siphon Fire—Spectators Who Try to Escape Sent Back to the Hole in the Ground Wet and Angry.

(New York Herald)

Trapped in a small cellar in the basement of a saloon at Seventh avenue and 132nd street, three hundred men witnessed three prize fights last night before the police stopped the contestants and arrested the fighters, the referee and the crowd.

For half an hour after the raid was made such a large crowd gathered that it was necessary to call the police reserves from several stations to maintain any kind of order.

The fights were well advertised as a "testimonial" on the part of friends of "Babe" Cullen, a local pugilist. Tickets according to the police were sold for \$1.50 and the box office disappointed business only when the basement was full of men.

Clairmont Carson, of the West 125th street station, heard about the "testimonial" yesterday and assigned Policemen Finnan and several others to buy tickets and gain an entrance to the cellar before the bouts started. In the meantime plans were laid by Captain Carson to capture the fighters and the promoters.

Finnan had no trouble in purchasing a ticket for himself and three other policemen and at nine o'clock they were among the crowd gathered around a dimly lighted fighting ring. The only entrance to the cellar was through a trap door in the floor of the saloon above.

When the basement was well crowded and men and boys were clinging to the sides of the ring, the police started to enter the first fight was announced and John Donley and Raymond Sheehan, two featherweights, entered the ring. Cheers from the crowd gathered around the ring told the score of policemen waiting outside the door of the saloon that the fights had begun.

Six fast and furious rounds ended in a victory for Sheehan, and two other fights, dressed for the occasion, in light clothing, entered the ring. The second bout ended in a knockout in one of the early rounds, and the crowd, excited and impatient for the final contest.

Owen Flynn and William Cullen, the "Oh, well, I will not say that," he answered, "I am not trying to stir the rebelliousness, and I am not criticizing anybody."

Asked if he believed the law is being violated by the athletic clubs, General Bingham said with emphasis: "I certainly do."

down on the football field and in other branches of sport. Two years ago he became ill and took a trip to Germany to take the baths. He returned much improved in health.

Not a word has yet been heard by Manager Chance from Frank Schulte. The right fighter may be well or he may be worse, or he may have gone back to Chicago for all that is known of him. "Andy" Cook is expected to join the "Club of Lovers" according to the latest information. Chance has reacted from the pitcher.

Longboat's relatives, Deseronto, on Saturday gave odds of five to two or even higher that Longboat would not win, and also made bets that Longboat would not finish.

President Comiskey of the Chicago White Sox, while visiting in the city, refused to promote Lucrose to Chicago.

Siret, another French Marathoner, who is expected to come to America to demonstrate more fully that France is the home of the great distance runners.

Catcher Charley Schmidt, the last "hold out" man of the Detroit team, telegraphed to Detroit from Bathurst, N.S., that he has settled his differences with the club and will join the team in St. Louis Thursday.

Bouts on Thursday night were: New York—There were no bouts at the White Horse. A. C. The fire and building departments stepped in and warned the club officials that their clubhouse was not safe and that they must move to some other place. The Detroit team, who had been promised a new clubhouse, were told that the changes would be made and that the boxing contest would be held at the Broadway A. C.

All arrangements were completed on Thursday for a 20-mile race between Henri St. Yves, the Frenchman, who won first place in the \$10,000 derby with New York last Saturday, and Matthew Maloney, of York, who finished fourth in the same race.

HOW TO CURE FRETTING OF INFANTS

Mrs. Emma E. Percival Gives Advice That is Very Valuable.

When young children's babies continually fret and cry you can be sure in nine cases out of ten the cause is indigestion either by wind or acidity of the stomach.

Chief Frank Monahan got protests by telephone on Saturday night from the Rev. George H. Linder, who heads a committee representing the Civic Righteousness Federation.

"I am more than ever convinced that I can beat Longboat at any distance now or later," declared Alfred Shrubbs, who last season won many fast races.

The police refused to interfere with the game Sunday night. The referee, Chief Frank Monahan got protests by telephone on Saturday night from the Rev. George H. Linder, who heads a committee representing the Civic Righteousness Federation.

"Bob Dunbar noticed an incident at the Derby Marathon that was missed by most of the correspondents. There was just one feature he writes in The Boston Journal that marred the fairness throughout the race, and the guilty one was none other than Johnny Hayes. Early in the race the Italian had lapped Hayes a number of times, but made no demonstration as he passed the New Yorker. Later in the race when Hayes regained one of the laps. As he caught Donardo, Hayes said to him: 'You are a good runner, but you are a cheat.' This low trick was done on the turn down in left field in full view of several officials and newspaper men. I saw it myself and it was one of the most contemptible tricks ever pulled off. To do so, Hayes gave Hayes a look of disgust, but made no remark or attempt to get back at the perpetrator of such an act."

A backer of ex-champion Carsman Wm. Webb has lodged \$100 on his behalf as guarantee for a challenge to row Dick Benson as he passed the world's championship title for \$250 a side.

Regarding the fact that Pat Powers is interested in the new management of the National Athletic Club, the well-known New York boxing organization.

If this report is authentic the Eastern League presidents and managers will certainly be up in arms, and it would not be at all surprising if the well-known impresario were to lose his office at the league head, Ed. Hanlon, of Baltimore, is quite unreserved in his remarks concerning Pat's connection with Marathons, and there is a muttering in all the baseball cities of the Eastern League. It is said that P. T. P. is paying very little attention to baseball, but is confining himself almost totally to the racing events. He promised last January that the Shrubbs exhibition at Ottawa was at a standstill, pending the outcome of the dispute over the five-mile race which he had signed to run against Shrubbs at Toronto, April 17.

"If I could buy a lumber yard for a dollar I wouldn't waste a knobole on a penitentiary," says Hughie Jennings, "for baseball is all too uncertain a thing to take any chances on. But I do believe that our chances are far brighter than at any time last year. We are better fortified in every position than we were last season."

"Then you're completely satisfied as to the club, sir."

"Not one little kick to make?"

"Not a kick."

"Spring trip couldn't be any better?"

"Never was such a spring trip. We haven't an excuse to make. All we ask for is our health and strength for the months to come—we'll ask no odds of anybody."

Answer This Question

When thousands of women say that they have been cured of their ailments by a certain remedy, does this not prove the merit of that remedy?

Thousands of women have written the story of their suffering, and have told how they were freed from it by Lydia E. Pinkham's Vegetable Compound—for thirty years these reports have been published all over America.

Without great merit this medicine could never have gained the largest sale of any remedy for woman's ills—never could have become known and prized in nearly every country in the world.

Can any woman let prejudice stand between her and that which will restore her health? If you believe those who have tried it you know this medicine *does* cure.

Read this letter from a grateful woman, then make up your mind to give Mrs. Pinkham's medicine a chance to cure you.

Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me it was ulcers of the uterus, and another told me it was a fibroid tumor. No one knows what I suffered. I would always be worse at certain periods, and never was regular, and the bearing-down pains were terrible. I was very ill in bed, and the doctor told me I would have to have an operation, and that I might die during the operation. I wrote to my sister about it and she advised me to take Lydia E. Pinkham's Vegetable Compound. Through personal experience I have found it the best medicine in the world for female troubles, for it has cured me, and I did not have to have the operation after all. The Compound also helped me while passing through Change of Life."—Mrs. Letitia Blair, Canifton, Ontario.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for a free trial. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

ST. YVES WILLING TO MEET SHRUBB

French Champion Will Meet English Runner at Any Distance From Fifteen Miles to Fifty.

Providence, R. I., April 9.—M. A. F. Copeland, manager of Henri St. Yves, the \$10,000 Derby winner, who is matched in the twenty-mile Marathon race at the Eastern League base ball game here tomorrow with Matt Maloney, of York, is issuing the following statement tonight in answer to the broadcast of challenges hurled at the French runner by Alf Shrubbs: "Having seen so much in type about Alfred Shrubbs' willingness to run Henri St. Yves fifteen miles, although no forfeit has been put up by him, I take this opportunity of accepting his challenge and announcing that St. Yves will run him at any distance from fifteen to fifty."

Copeland arrived in this city tonight to handle St. Yves in the big race here tomorrow. The event is easily the leading sporting attraction in New England for tomorrow, and it is expected that a crowd numbering fully 15,000 people will attend. The advance sale of tickets has been a record-breaker, more than fifteen thousand having been taken in the past three days. St. Yves rules a strong favorite at 9 to 5.

He—'I can't imagine just how you women feel regarding the suffragette question. She—You are rather effeminate."

WINNIPEG MAN CURED OF RHEUMATISM

Remarkable Case of Cure After Specialists Failed.

Winnipeg, Man.—A prominent resident of this city, who for personal reasons does not wish his name mentioned publicly, but who permits us to show his letter to interested enquirers, writes to say that he was suddenly taken with excruciating pains in his back and limbs, which were pronounced by his physicians as Rheumatism. Hot applications were at once resorted to, but the condition continued to be aggravated by electrical treatment, but all to no purpose. In his desperation he took Gln Pills on his own account, and in a few hours after taking the first Pill the pains commenced to subside. He continued taking them and in 48 hours he had not an ache or a pain left. Gln Pills are sold at 50c a box—6 for \$2.50. Send to us if your dealer does not handle them.
