YACHTSMEN WILL GIVE THE MONEY TO PATRIOTIC FUND

The quarterly meeting of the Royal Kennebec Yacht Club was held last evening with Vice-Commodore Walter Logan presiding. It was unanimously decided to donate \$800, the proceeds of the collection taken at the service held at Crystal Beach on Sunday morning, July 25, to the Patriotic Fund. Preliminary arrangements were also made to hold a social evening at the club house on Thursday, August 9. An excellent programme of dances and music by all.

TAKING ANOTHER DRAFT OF 250 MEN FROM THE 55TH TO GO ACROSS FOR ACTIVE SERVICE

Same, Also, With The Nova Scotia Battalion--Some 400 Men Now Will be Needed to Complete Roster of the 55th -- Five Lieutenants Who May Go

From Valcartier Camp, the Times' correspondent sends the following: For the 55th battalion, but one item of outstanding interest and that is an order which has come for another draft of 250 men from its ranks. This came as a great surprise, as it was thought that no further draft of this kind would be made upon the regiment, but there is now no doubt about the matter and the new company to be formed and the men are being called up one by one in an endeavor to obtain a place in the ranks. It is understood that the company will be commanded by five lieutenants and while only rumors are current the names most frequently mentioned are those of Lieutenants Findlay, Thompson, Major, Williams and Philips. With the going of this company the complement of the battalion is very much changed as detachments will be drawn from each company. The point for the people of New Brunswick and Prince Edward Island to be impressed with is that the call is for more men. The 55th would not have these drafts made were it not that the need of men is imperative. With recruits now at Sussex 150 were needed to bring the regiment to full strength, but with this added draft at least 400 men are needed. What will the two provinces represented by this fine battalion say in reply to this call? It is understood that a similar company is to be furnished by the 40th battalion of Nova Scotia. On Monday morning a detachment of fifty men were detailed to fight bush fires at the entrance to Valcartier village. At noon they were relieved by another detachment in command of Capt. G. H. Campbell. The weather continued very dry. Major J. J. Bull was field officer for the camp on Monday. Lieut. C. F. Smith was subaltern. The class in bayonet instruction was started on that day. Six men have been attested and posted to A Company and nine men to D Company.

INJURY CHECKS WINNING CAREER OF "TOM" DALY
 St. John Catcher of Chicago White Sox Let Go--Sent to Toronto

Tom Daly, one of the best young catchers in the major leagues, has been let out by Manager Rowland of the Chicago White Sox, to Toronto, of the International League. The reason is that he injured his throwing arm. After consulting specialists he was advised that the only way he would recover would be to work permanently and thus strengthen the strained tendon. His many friends will regret to hear of his unfortunate accident just when he was so successful, but they are confident that he will soon be back again in the major leagues. Tom Daly is the young player who created the sensation in England two years ago when he drove out a home run in the presence of King George. He has since proved that it was no fluke hit for he was one of the leading batters in the American League. Daly is a native of this city, but moved to Cambridge, Mass. several years ago. He first showed marked ability on the ball field at St. Mary's College, North East, Pa. Later he played with semi-pro teams in Boston and attracted so much attention that he was given a tryout by Hugh Jennings manager of the Detroit Tigers. The latter was so impressed that he recommended Daly to Lowell, of the New England league. At that time they had two good catchers so they farmed him in Lowell. Daly, of the C. B. League. Later they sold their first string catcher and recalled Daly. His work was of such sensational brand that he was soon the subject of close scrutiny by major league scouts. Both the Red Sox and White Sox were negotiating for him and the National Commission had to decide who were the rightful owners. Chicago won and closed the deal. With Schalk they had no room for Daly behind the bat so he was used as a utility man, figuring as pinch-hitter, fielder, first and third baseman. Last fall he hurt his arm and during the winter was under the care of a specialist. In the spring there were no traces of the former injury and the critics predicted a great year for him. He started out in the style hitting close to the 400 mark and catching in big league form. Several weeks ago he caught a ball in the right shoulder and while throwing a fast ball again strained some of the tendons. He was given a rest but the arm showed no signs of improvement and he consulted a specialist. As the Chicago team could not afford to take any chances at this critical stage of the race for the league championship they decided to let Tom go to the Toronto club. They still retain a string on his services and if he recovers from his injury he may again be seen in the White Sox uniform.

SUGGESTS WAY TO GET THAT MILLION
 W. E. Roop, Simms Company Foreman, Says Day's Pay From Every Working Man in Canada

A day's pay from every workman in Canada is W. E. Roop's suggestion for raising that million dollars needed to care for the Canadians brought home from the war. Mr. Roop is the foreman in the wood-working department of T. S. Simms & Co., Ltd. He said to the Times this morning that he had found, in talking with their men, and he believed it was true of working men generally, that when the question of a public holiday came up many of them said they would rather work and give the day's pay for patriotic purposes. "If such an appeal were made for that million dollars for the men wounded in fighting for Canada, he believed the response would be universal, and that no man would refuse to contribute. In that way, too, the burden would be spread over the whole country and would not be seriously felt. A telegram from Ottawa, printed in today's Telegraph, says that the more seriously wounded Canadians would be brought to convalescent hospitals in Canada and that a fund of at least \$1,000,000 would be necessary.

EDITH TRENTOWSKY WINS THE GOLD MEDAL
 Girls Outdo the Boys in Grade IX Competition

The results of the competition for the Alumni Gold Medal, Grade IX, in the St. John High School were announced today. The winner is Miss Edith Trentowsky, daughter of A. E. Trentowsky of 128 St. James street. Her marks totalled 88 per cent., being about nine points over the nearest competitor. Fifteen candidates tried the examinations, which were in all subjects of the grade. There were seven boys and eight girls, and the latter took the first five places. Of the boys, Gordon McNichol came first with 64.8. The closest to the leader and medal winner, Miss Trentowsky, were Miss Marjorie Manning, 74.8; Miss Frances Smith, 74, and Miss Doris Barnes, 72.8.

RUSSIA GETS THE BRUCE
 The arrangements for the transfer of the steamer Bruce from the ownership of the Reid Nfld. Co. to that of the Russian government have just been finalized, says the St. John's Herald, and Mr. Mednikhovskoy, the Russian attaché, who has been at St. John's in the interests of the government, leaves for New York. The Bruce is taking coal and will likely sail in a few days.

WELL DONE, LOCH LOMOND
 At a picnic social at Loch Lomond last evening, held in the Agricultural Hall, \$160 was raised, of which \$80 is for a bed in Dr. MacLaren's Hospital and the balance for the Red Cross.

The End of the Rainbow
 Mr. Manufacturer are you seeking the pot of gold at the end of the rainbow and overlooking the treasure at your doorstep? In other words are you spreading your advertising money over the map seeking a Klondike and neglecting good markets nearer home? There are many forms of advertising, but none so full of returns in definite sales as newspaper advertising. It reaches the places where PROFITS ARE and not where they may be. Manufacturers will find it to their interest to write the Bureau of Advertising, American Newspaper Publishers' Association, World Building, New York for their new booklet "The Newspapers."
