STIRRING FIGHT IN MASSACHUSETTS

Bitter Political Campaign Closes Today for Nominations at Polls Tomorrow.

Boston, Sept. 11.—The most bitter primary campaign ever fought in the State of Massachusetts was being closed today with nominations for U. S. senator, governor and the lesser state offices to be made at the polls tomorrow.

Because of the intense fight waged by the two candidates for the Republican gubernatorial nomination, Governor Channing H. Cox and Attorney-General J. Weston Allen, party leaders estimated that the Republican primaries would find nearly 800,000 votes cast. Two years ago the party vote was about 200,000. Democrats, under the stimulation of a four-cornered contest for the senatorial nomination and for gubernatorial nomination, were expected to double the 70,000 votes cast in 1920.

Senator Henry Cabot Lodge, a candidate for renomination by the Republicans, took what was outwardly only a passive part in the campaign, adhering, with the exception of a few set speeches, to an early announcement that he would not stump the state. Jos. Walker, former speaker of the House of Representatives, has campaign vigorously. The intensity of the fight for the head of the state ticket has been carried out in some of the other contests, among them the continued rivalry for the lieutenant-governorship of A. T. Fuller, present incumbent, and Jos. E. Warner, former speaker of the house.

On the Democratic side, the four seekers for the nomination to oppose Senator Lodge are Col. William A. Gaston, John Jackson, President of Dallas, Lore Sharp and Sherman L. Whipple. Their numbers are matched in the contest for the gubernatorial nomination, in which the candidates are Jos. B. Ely of Westfield, former Mayor John F. Fitzgerald of Boston, former Governor Eugene N. Foss, and Mayor Peter F. Sullivan of Worcester.

IN WALL STREET.

New York, Sept. 11.—(10:30)—Extensive buying and selling of shares due to the execution of week-end orders from out of town points featured the firm opening of today's market. A score of shares were pushed up to new high records for the year in the first half hour of trading, some of the leaders being Atlantic Coast Line, Soo, Union Pacific, Missouri Pacific preferred, Illinois Central common and preferred, Baldwin, American Locomotive, American Brake Shoe, Railway Steel Springs, Hupp Motors, Mark Trucks, Austin Nichols and United Retail Stores, all at gains of large fractions to three and a half points. Mexican Petroleum and Standard Oil of California also were strong but General Asphalt was reactionary, declining more than two points.

Noon Report.

New York, Sept. 11.—(noon)—Profiting and professional selling pressure, after an early display of strength, caused a confused price movement throughout the morning. The buying power disappeared to a large extent in the foreign oil group, Mexican Petroleum dropping more than two points with General Asphalt common and preferred, Union Pacific, Delaware and Hudson, United Drug, Studebaker, American Ice and General American Tank also were reactionary, the declines ranging from one to seven points. Gains of two to nearly five points, however, were recorded by Pullman, Fisher Body, Coaden Oil Pfd., National Biscuit, Atlas Powder, Allis Chalmers Pfd., Sears Roebuck and Reynolds Tobacco. Call money opened and renewed at four per cent.

E. Mortenson, an employee of the sugar refinery, cut his left hand on a piece of glass yesterday afternoon. He was taken to the General Hospital, where the wound was dressed.

When the case in which Mrs. Frances Cobell was charged on Saturday with being the keeper of a disorderly house in Chapel street, was resumed in the police court this morning, Policeman Killen gave evidence very similar to that given by Sergeant Sullivan on Saturday. Fines of \$100 each were imposed on Mrs. Cobell, Maud Thompson, Gordon Paris and Aaron Craig. G. Earle Logan appeared for Craig.

HOME FROM EUROPE

Rev. A. L. Fleming, rector of St. John's (Stone) church, and Mrs. Fleming returned to the city today after a trip to England, Scotland and France. Rev. Mr. Fleming said that they had had a great trip and that good weather had been enjoyed on both crossings, although fog was met both times.

They left on June 26 on the Tyrone and started their tour of the Old Country in Scotland, where they visited Edinburgh, the Firth of Clyde, and points as far north as Oban and the islands of Mull, Staffa and Iona. Mr. and Mrs. Fleming then went to England, where they spent some time in London, Wells, York, Durham, Newcastle and Canterbury, after which they went on a three-day tour of the battlefields of France, notably Arras, Ypres and Amiens. They returned on the Ansonia, landing in Quebec yesterday and coming to St. John by the Valley train, arriving here about two o'clock.

On their return Mr. and Mrs. Fleming were surprised and pleased to find a large number of their friends gathered at the station to greet them, and also when they arrived at their home to find that the ladies of the church had the house in thorough readiness for them and had prepared a hot meal for the travelers.

Atlantic City, N. J., Sept. 11.—The shopcrafts strike and demands for a general strike of all organizations of the A. F. of L. as a result of the injunction obtained by Attorney-General Daugherty against the striking railroad men were on the programme for consideration when the executive council of the federation resumed its conference today. Many members of the council, although denouncing the injunction as a "blow to the rail crafts and a threat to all organized labor," expressed their opposition to a general strike. One member predicted that one of the first acts of the council would be to give formal assurance that the federation contemplates no such action.

The federation will be asked to renew its pledge to support the shopcrafts strike and to provide for the assessment of all organizations in replenishing the war chest of the railroad men.

YANKEES AND GIANTS INCREASE LEAD FOR PENNANTS

New York, Sept. 11.—With the final battles against their western rivals but two days off, the Yankees and Giants possessed increased margins in the pennant races today as a result of Sunday's victories, while their leading opponents were idle.

Joe Bush and Walte Hoyt twirled the Yanks to a double triumph over the Athletics, 10-3 and 2-1, increasing the team's advantage over St. Louis to 1½ games. The Giants maulled Dutch Ruether and Leon Cadore of Brooklyn for a ten-four decision, putting the champions four and a half games in front of the Pittsburgh Pirates.

Ferguson held Washington to four hits and Boston won, 6 to 1, while Cincinnati outslugged the St. Louis Cardinals, 13 to 8, in the only other major league game played.

The losers of Tuesday's championship games will compose the championship consolation which will get under way on Wednesday.

Great Britain is represented by Miss Edith Letch, sister of the present champion, Mrs. David More of Edinburgh and Mrs. W. Gavin of the Huntercombe Club. Competitors from the U. S. are Miss Alexia Stirling of the North Hampstead Club, New York, former champion; Miss M. A. Campbell of Pittsburgh, Miss Margaret Cameron of California and Miss E. L. Bowles of Baltimore.

Toronto Sept. 11.—Owing to rain, which fell in torrents all forenoon, the ladies' golf tournament for the championship of Canada, which was to have started this morning at 9:30 a.m. after several half-hour postponements, was declared off until tomorrow.

PENSIONS INQUIRY

Ottawa, Sept. 11.—(Canadian Press)—"It is possible to be too scientific," declared Col. Walter McKewen, medical member of the Royal Commission investigating charges laid by the G. W. V. A. against the board of pension commissioners at the sitting of the commission Saturday. Colonel McKewen was commenting on the fact that in the case of Private Edward Munsey, a doctor had declared that a diagnosis of tuberculosis had not been established whereas the man had been a patient a year before in St. Agathe Sanatorium on that account.

Colonel McKewen suggested it must have been simply a mistake on the part of the doctor but Dr. A. T. Bond of headquarters said that there was certain definite symptoms which they insisted on. Colonel McKewen urged, however, that it was possible to be too scientific. "It is like a person coming in and saying it is raining, but some one indoors remarks that it could not be, as the barometer was set at fair."

Difference in viewpoint was most marked, however, when the case of Albert James Healey, was under consideration. It had been shown that, after a letter written by Dr. A. T. Bond of headquarters deciding against the applicant, the file was marked to be put away, which Dr. Bond's admission meant that it would be sent to central registry and only fresh evidence of pressure of some kind would bring that file of light again.

C. Grant MacNell, dominion secretary of the G. W. V. A., served this admission by a series of questions to Dr. Bond, the latter agreeing that it would be left to an outside organization such as the Tuberculosis Veterans' Association or the G. W. V. A. to reopen his case. Dr. Bond said he understood that was what those associations were for, but he did not reply when asked by J. R. Bowler, counsel for the G. W. V. A. "How about men who belong to no such organizations?"

"Will you admit," further queried Mr. MacNell to Dr. Bond, "that you had exactly the same basis to make investigation of the man's claim as had the Tuberculosis Veterans' Association and on which they secured in the end admission from the board of pension commissioners that the man's physical trouble was attributable to service?"

BRACKEN AS CANDIDATE. The Pas, Man., Sept. 11.—At a meeting of the local branch of the United Farmers of Manitoba on Saturday night, Premier John Bracken was given unanimous endorsement as the former candidate in the deferred election for the Pas constituency.

HOLD FIRMLY TO IRISH POLICY

Cosgrave and Mulcahy Say So in Speeches at Parliament Meeting.

Dublin, Sept. 11.—At the Irish parliament meeting on Saturday the attitude of labor, set forth in temperate speeches, was interpreted as an intention to secure fulfillment of the Anglo-Irish treaty and operate it to maximum advantage for social reform and to support the government against any attempt to defeat the treaty. Nevertheless, it was indicated that on the question of war Irish labor was pacific and believed that armed conflicts should have been prevented, or now could be ended by fraternal conference.

Mr. Cosgrave's only reference to this point, which, with other items of criticism was left for debate this week, was a clear renewal of the government's intention to put down armed resistance. Richard Mulcahy, minister of defence, regretting severance from old friends, was equally clear and held out no hope of a changed policy.

Belfast, Sept. 11.—All the Free State telegraph, postal and telephone facilities ceased at six o'clock last evening. BACK TO THY YOUTH.

Back to thy youth again,
And feel the morning's beam;
And so forget thy pain,
Or think it but a dream.

Back to thy youth and hold
The universe in fee;
Hope-crowning day, behold
Its light is all for thee.

The ocean sunning bright
Beneath the summer sky
Is thine and every light
Revealed to rapture's eye.

And thine the waves that roll
In triumph to the strand,
And all the stars, O soul,
To gather in thy hand.

The promise of the dawn
Is thine to treasure dear,
O trust! and follow on
Its wake, the day is near.

It is for thee to drink
The light revealed upon
The chasm's awful brink,
And bid the night begone.

Back to thy youth and gain
The summer's golden rain,
The happy islands hall
And there forget thy pain.

—Arthur D. Wilmet, in Moncton Times.

ANONYMOUS.
I wonder who it was that named the rose,
Or craved a label for the Daffodill,
Or christened Clover, Caraway, or Squill?
Who watched Narcissus preen himself,
And chose the flower, and named it?

His name to grace a flower, no screech discloses
Who fashioned Columbine, or Violet;
And whose quaint fairy titled Bouncing Bet.

Or chanced on Honeysuckle, no one knows
What debts of gratitude we owe to those—
Poets, although they strove on songs to make,
Whose hither words a throng of ghost flowers wake.

Fair as in gardens of Hesperides,
That bless our workdays with fragrance sweet!
As are the memories their names repeat.

—Charles Becker in New York Herald.

A Matter of Good Faith.
(New York Herald.)
Just now the shophmen on the one hand and the carriers on the other are at an absolute deadlock, but the trains still continue to run and serve the public. The shophmen stand rigidly on their extreme demands. The railroads, on the other hand, have gone far in the matter of a compromise—gone just as far as they can go and keep faith with the old men who stuck by them and the new men who have come to them; and here the railroads make the carrier. To yield on the point of keeping faith with their men would place the carriers in a contemptible light before the public and would rob them of the respect and confidence their employes have in them.

However men may differ about things the public will stand for men who maintain their honor. The public will condemn men and have no use for men who do not do both these things. With the public backing and the demand of the public that their railroads continue to serve them it is pretty certain that the transportation lines will continue to do business.
