WHITE SOX TRIM THE LEADERS

Victory Over New York Yankees, 4 to 1, Yesterday

"Red" Faber Scores His First Home Run—Snappy Plays in Athletics' Game—Western Nationals Clean Up.

New York, June 7.—From the evidence shown in their toughest assignment so far this season, it appears that the Chicago White Sox have been kidding themselves by remaining in the American League cellar.

Day before yesterday the Sox made their eastern 1923 debut by defeating the New York Yankees in a ten-inning game to win by one run, and yesterday they took advantage of their impression and upset the league leaders, 4 to 1. The result was costly for the Yankees, as Philadelphia defeated St. Louis 5 to 2.

It was a triumphant day for Urban "Red" Faber, who held the Yanks to five hits and struck out seven. "Red," who came into the major leagues nearly ten years ago, made the first home run of his career when he drove the ball into the left field bleachers. He managed to gain possession of the ball, and, remarking "Some trophy, boy," announced he would send it to his wife in Cascade, Iowa.

Four lightning-fast double plays featured yesterday's contest, the support of "Slim" Harris. The Athletics needed to win, as Cleveland also won and gained a point in the race for second place, only two points separating them today. Four Boston pitchers gave out sixteen hits, including a homer by Pinch Hitter Joe Connolly, with the bases full. The score was 17 to 4.

Walter Johnson was in rare form, and Washington evened the series with Detroit, 6 to 1, and the Senators moved toward leadership of the second division.

Westerners Victorious. The western teams of the National League, all playing at home, made a clean sweep. Brooklyn dropping its second consecutive loss to Philadelphia, 3 to 2, because of the ineffectiveness of Picher Ruetter, who is slated for the contest at Chicago.

The contest at Chicago was featured by umpire Moran reversing his decision on a disputed play and the New York Giants losing 6 to 1, their only run coming from a homer by Catcher.

Both St. Louis and Cincinnati triumphed, the former being victorious in twelve innings by Philadelphia in the absence of a disputed play and the latter making it two straight from Boston with the score of 5 to 1.

ON GOLD HUNT TO LABRADOR

They were formerly members of the expedition headed by the Labrador Goldfields Limited to sail on the steamer Petrel, but owing to the uncertainty of that craft's sailing they purchased a boat and decided to set forth on their own responsibility.

Both St. Louis and Cincinnati triumphed, the former being victorious in twelve innings by Philadelphia in the absence of a disputed play and the latter making it two straight from Boston with the score of 5 to 1.

LOCUSTS ARRIVE ON SCHEDULE

Reach New York and Jersey Orchards on 17-Year Cycle—Mystery Where They Go on Long Vacation.

New York, June 7.—The 17-year locusts have arrived on schedule time, according to reports from New York and New Jersey fruit growers received yesterday by Dr. G. P. Englehardt, of the Department of Natural Science of the Brooklyn Museum.

The plague, which for many centuries has remained a mystery, has been explained by modern science which now knows where the locusts go for their 17 years vacations.

The Cicada, as the 17 year locusts are called, appears at the beginning of the mating season, stays from four to six weeks, and disappears. In that brief time, while the male makes all the noise, the female drills little holes in fruit trees and deposits eggs, causing the leaves to shrivel and turn yellow.

When the eggs hatch the grub fall to the ground, and start digging. Whether they dig down for eight and a half years, and then up again, is not known, but they appear at the end of 17.

No great permanent damage will be done, according to Dr. Englehardt, but this year's supply of fruit will probably be short. As the locusts do not eat while they are in the sunshine preventive measures are difficult to devise, but the doctor suggests shaking the trees and letting the chickens do the rest.

London, June 7.—(Canadian Press via Reuters)—The British Government has never concluded any agreement with the Emir of Turkistan, involving a protectorate of that region, and that the statement in the Moscow papers relative to an alleged British promise to finance an arm anti-Soviet force, was untrue.

AMENDMENT TO THE CLEO MOTION PASSES HOUSE

Suspension of Prohibition of Manufacture to be Removed—Judges' Salaries Up Today.

Ottawa, June 7.—Today in the House the first order will be the resolution regarding judges' salaries and after that the amendments to the pension act.

Yesterday in the House of Commons Premier King said that he hoped to bring down legislation resulting from the report of the Lake George Club Commission next week.

W. F. Carroll, Liberal member for South Cape Breton, moved for continuation, without a time limit of the freedom to manufacture and sell oleo in Canada. The motion was seconded by Hon. S. F. Tolmie, former minister of agriculture.

Mr. Carroll told the House that two hundred thousand Canadian women had expressed approval of the continuation of the manufacture and sale of oleo. Dr. Tolmie said that the people of Canada had right to determine whether they wanted it or not.

W. F. Kay (Liberal, Missisquoi) moved an amendment that suspension of prohibition be now removed and the question left without prejudice as to its merits, in the same position as before the enactment in 1917 of the temporary suspension. To this amendment, W. C. Good, Progressive, Brand, moved that the amendment be added to the agenda.

"And that the government do before the end of the present session submit to parliament such legislation in the premises as may be deemed advisable." The Good sub-amendment was voted down by 162 to 20, and the Kay amendment carried by 125 to 64.

The uniformed bodies of the Shriners, numbering more than 20,000, held a parade, marching from the Capitol to Washington Circle, nearly two miles, under a brilliant canopy of colored lights.

Orders Siki Out Of Restaurant; Gets A Knockout

Battling Senegalese in More Trouble—Two Charges Placed Against Him.

Paris, June 7.—A Paris magistrate has sent to the public prosecutor two cases in which Battling Siki is charged with law breaking. The boxer will be summoned to police court at an early date to answer the charges.

On April 7, a waiter in a Montmartre night cabaret which Siki was patronizing, told the fighter that the promoter desired his departure. The envoy, it is alleged, was met with a knockout blow and the words: "You are nothing here, but I am Siki." The police were called to turn the boxer out.

A month later Siki is said to have fired a revolver, twice in a saloon, explaining later that he used blank cartridges such as animal trainers fire. In this instance he was charged with carrying prohibited arms.
