GARDEN CAFE - - - Royal Hotel

Yours Faithfully
—for a timely Start
in the morning.
BIG BEN is always on the job, and will call you promptly at the appointed hour. He comes with either regular or luminous dial, as do other members of the Westclox family who, like Big Ben, are famous for accuracy and long service.
You'll find Big Ben and others of the Westclox family in our CLOCK DEPARTMENT, on the street floor of our King St. store.
W. H. THORNE & CO., LTD.
HARDWARE MERCHANTS
Store Hours: 8 a.m. to 6 p.m. Open Saturdays till 10 p.m.

LOCAL NEWS

TAKEN TO ST. GEORGE

Charles Wise, who was arrested over the weekend by Sergeant Detective Power, was taken back to St. George today by a police officer from that town. It was said that Wise was wanted on suspicion of theft of horses. He was taken into custody here on advice of the St. George police.

MRS. MARY PARKS

The death of Mrs. Mary Parks, widow of George Parks, occurred this morning at her residence, 229 Main street. She is survived by five sons, George, Carl, Thomas, James and Leo, all of this city; and one daughter. Many friends will sympathize with them. The funeral arrangements have not been completed.

FOR CHILDREN'S HOME

The little girls of the North End, Florence Johnston, Margaret Johnston and Barbara Johnston, held a bazaar one day last week at 2 Dufferin avenue. As a result of their efforts they raised the sum of \$7, which they handed to Mrs. Leith, matron of the Children's Aid Home, 68 Garden street, for the use of the work of the society.

BURIED TODAY

The funeral of Mrs. Phebe Amelia Cheeseman took place this afternoon at the Catholic church, 38 High street, to the Church of Good Shepherd burying ground. Rev. W. P. Dunham conducted service.

FEAST OF HOLY ROSARY

The feast of the Holy Rosary was celebrated in all the Catholic churches of the city yesterday. At all the masses in the Cathedral a sermon on the day was delivered by Rev. P. Allen. It was announced that during October, a month dedicated to the Holy Rosary, devotion would be carried out in the Cathedral every evening at 7:30 o'clock. There were many in the churches throughout the day in honor of the special occasion.

MAN AND GIRL

ARRESTED AS DRUNK IN STREET

Magistrate Commends Sergeant for Taking Them in—Fines of \$208 in Other Cases.

A girl, aged twenty-three, and a man, giving his age as fifty-six, were before the police court this morning charged with drunkenness. Sergeant Spinkney said he had placed them under arrest this morning at 1:15 in Charlotte street. He said the girl told him "she was out getting the air."

The magistrate took occasion to make some pointed remarks in connection with this case, saying that there was too much street walking on the part of young girls. The practice was becoming altogether too frequent and it was no wonder "that young girls are going to the dogs."

He said the police should arrest all such offenders as it was a disgrace to the city to see "young girls" "proving about the streets late at night when they should be home in their beds."

Turning to the policeman who made the arrest in this case, the magistrate said: "I compliment you for having enough spunk to arrest these people. If you were not a sergeant already I would recommend that you be made one."

The girl was well dressed and good looking. She is known in police circles. The court remanded the pair.

Two other men were arrested on drunkenness charges. One said that he had got drunk on lemon extract given him by a friend in Mill street, while the other said he had paid \$5 for a bottle of whiskey. Fines of \$208 were imposed in each instance.

TRAFFIC MATTERS IN POLICE COURT

There were several by-law cases before the police court this morning. Most of these were charges, submitted by the police, for not displaying the proper license tax issued by the city. There seems to have been some misunderstanding as to what kind of licenses are required. Some reported today said that they were unable to secure the proper licenses at city hall. Questions were asked as to the difference between taxis, jitneys and "busses."

However it has been pointed out by the police that there have been three sets of licenses issued by the city for public automobiles. One is for taxis, which entitles the owners to privileges of the taxi stands and allows a charge of fifty cents a passenger to and from points in the city. Jitneys have another license card which they must display. This license calls for a charge of ten cents to and from points in the city and allows jitneys drivers only privileges in certain prescribed territories. The section of the city through which the jitney is to be operated must be submitted to the mayor before the jitney license is issued. There are also special licensed tags for "buss" drivers. This allows a fare of ten cents and the drivers must also submit a time and route schedule. The prescribed route and time table must be adhered to in all cases except in the case of the taxis.

Those who were reported this morning were: W. A. Wetmore, absent; C. B. Sampson, reported ill; Lambert Stockford, George Hatt, Wilfred Avery, Cecil Carlyn, absent; W. G. Bolton, Laire Miller, absent; John Neary, Harold Johnston, William Cursons, absent; Percy McCavour, Leonard Strang, Abraham LeVhe, absent; Roy Robinson, absent; John Moore, absent; Walter Holder and Oliver Wood.

Evidence in some of the cases was that the drivers of the public cars were displaying wrong licensed tags. Fines were imposed in some of the cases. Other were postponed for further hearing. George Hatt was fined \$10 for stopping his car within fifty feet of a white pole. He pleaded guilty to this.

SOME INCREASE IN PORT RATES

Wharfrage on Grain Raised from 5 to 6 Cents Ton.

Tolls on Cars Using West Side Trestles—Estimated Increased Revenue, \$26,832—Two Applications for Water Extensions Dealt With—Other Business.

Decision to increase some of the port and wharfrage charges at St. John to provide additional revenue in order to pay for the taking over of railway trestles from the C. P. R. at West St. John was reached at a committee meeting of the city council today. The principal item was a charge of \$2.50 a car on all traffic carried over the trestles in question.

Commissioner of the harbor department said that he had decided to drop a proposed charge of 25 cents a head on passengers landed, as it would require legislation before this law was put into effect.

His recommendations, however, to increase the rate on grain from five to six cents, to use the tonnage rate on 200 pounds instead of 2,240 and to charge car tolls at the rate of \$2.50 a car, were carried. He estimated the increase on grain rates would give \$3,182 additional revenue, the change in the tonnage, \$4,900, while the car tolls were estimated at \$18,750, making a total estimated increase of \$26,832.

He figured the cost of the trestles at \$9,500 a year for a ten year period; cost of railway trucks, \$27,700 a year for the same period, and cost of checkers for cars, \$5,400 making an estimated increase in expense of \$42,600.

The tonnage rate for grain at Montreal was given as six cents, while in Halifax the charge was 1½ cents a hundred, local, and Mr. Bullock reported he was unable to ascertain the export rate.

Mr. Bullock said the port would require a tariff on oil in bulk. At present it comes under the general commodities at twenty-five cents a ton. Montreal, Quebec and Halifax charged ten cents. He moved that the wharfrage by-law be amended to place the rate at twelve cents a ton in bulk delivered into vessels from lighters or across the wharf.

Water Extensions Asked

Commissioner Jones reported on the request of E. P. Raymond, on behalf of the Fairville Plateau Syndicate, asking that water mains be extended to Fairville plateau. He said there were 500 lots and 400 houses had been sold. Mr. Jones said this area should be treated in the same way as those of Armstrong & Bruce and the Consolidated Land Co.

Mr. Jones recommended that the extension be made upon the property owners entering into an agreement, guaranteeing an amount equal to ten per cent. per annum on the total cost of the extension, until such time as the revenue yield that amount annually; subject, however, to the Lancaster Highway Board providing proper grades for the streets through which such water mains are to be laid, and that whenever the owners express a willingness to provide such guarantee and state upon what streets they desire the mains to be laid, the city engineer prepare plans and submit an estimate of the cost of such extension. Carried.

Regarding the petition of residents of Charlotte street extension, Whipple street and Havelock street for water extension, Mr. Jones read a report of the city engineer, in which he said a standard plan for the Martello Hill was necessary. He moved that the city engineer be requested to take levels and make surveys to determine the cost of providing the water supply and report with an estimate of the cost and amount of revenue to be derived. Carried.

Commissioner Jones moved that P. Campbell & Sons be given the contract for installation of a boiler in the water building, Leinster street, their tender, \$810, being the lowest within the specifications.

Mr. Jones explained that Mr. Noble had made an open bid for \$683 before tenders were called, but did not submit a closed tender.

On motion of Commissioner Bullock, transfer of Joseph McCarron's lease of a lot at the head of Rodney wharf on which a lunch cart now stands, to Cummings & Kemp, was passed.

Commissioner Frink asked for permission to pool the unexpended balances in his department. He said he had a total balance of \$16,098, but had over-extended \$4,719 on stone crushers and \$8,843 on asphalt manufacture. He said the department was spending about \$1,000 a day in labor and supplies. The permission was granted.

Bouquet For Prince Edward Street

Reporting on the pavement of Prince Edward street, Commissioner Frink said that the work would be done before frost set in, if nothing happened to delay it. He said that in spite of the fact that the street had been torn up all summer, the people of the street had co-operated in a praiseworthy manner and there had not been a single complaint all summer.

Regarding the contract for the Marsh road pavement, Commissioner Frink said that the contractors' bond had not yet been received. The plant, he understood, was on its way from Halifax.

Tenders for the installation of an elevator and steel stairs at city hall were opened and referred to Commissioner Thornton and the city engineer, as follows:—

Canadian Welding Works, Montreal—Steel stairs, \$2,215; elevator, well, \$225. Otis-Fensom Elevator Co.—Elevator, \$11,202 or \$11,452. John Watson & Sons, Ltd., Montreal—Stairs, \$2,200. Darline Bros., Ltd., Montreal—Elevator, \$5,340; stairs, \$2,215; enclosure, \$825; tower, \$720. A. R. Williams Machinery Co.—\$7,069, \$6,758 and \$6,750, for elevator only.

The building inspector reported to council that David Andrews of 93 Newman street had applied for a permit to erect a house at the corner of Metcalfe street extension and Gertrude streets, and had no water or sewerage facilities. The matter was referred to Commissioner Jones.

H. B. Robinson, Brydon street, wrote asking if some material could be placed on the street to improve the surface. The letter was referred to Commissioner Frink.

MONARCH YARNS

28c 45c
Now is the opportune time to start your new Sweater for the winter, and the new prices on Monarch yarns enable you to have a fine quality Sweater at a most moderate cost.
We are showing these yarns in:—
MONARCH DOWN—In Turquoise, Jade, Emerald, Scarlet, Brown, Light Brown, Lemon, Rose, Old Rose, Black or White. 45c. Ball
MONARCH FLOSS—In Lemon, Copen, Rose, Old Rose, Lavender, Oriental, Pink, Navy, Turquoise, Black or White. 28c. Ball
