ENJOYABLE TIME AT BOAT CLUB

The rooms of the St. John Power Boat Club were packed to the doors last evening, the occasion being the presentation of prizes to the winners of the various events conducted by the club at their sports held at Crystal Beach on July 1, last.

Commodore J. C. Chesley presided and there was a large attendance. Speeches were made by the commodore, Mayor Schofield, Commissioners Jones and Thornton and D. C. Clinch. Letters of regret for non-attendance were read from Hon. R. W. Wignmore, minister of customs and inland revenue; S. E. Ekin, M.P.; Commissioner Frink and H. H. McLean, secretary of the Commercial Club.

The presentation of the prizes, which consisted chiefly of silver cups suitably engraved, was made by the mayor, who had a few appropriate words for each recipient. The first prize for the single sculls race went to Hilton A. Belyea, a cup. The second prize, a fancy clock, was presented to H. Silphiant. In the junior sculls Grenville McCavour received a cup for winning first place, while Anthony Belyea got a thermos bottle for second. Rudyard Brayley received a jack knife for third place. In the four-oared event, which was won by the Belyea crew, Hilton A. Belyea, Robert Belyea, Charles Campbell and Albert Nicc each received a cup. For second place the Stackhouse brothers also each received a cup. The speed boat first prize, which was won by the Anzac, was a handsome cup donated by the commodore, and was presented to Harry Baker.

Every Woman's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them! But rosy cheeks, clear skin and bright eyes, give them to a woman and she is happy.

The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood.

Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength.

Many a woman who has allowed herself to run down, to develop that tired, worried look has built up again in this simple way. Why don't you try it?

At the close of every meal, just take two small chocolate-coated Ferrozone Tablets—any person can do this in a minute. The action of Ferrozone is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again.

Ferrozone puts you on the right road—the one leading to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozone.

As a tonic and restorative, as a health-bringer and body-builder, Ferrozone is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Ferrozone yourself, sold everywhere, 50c per box, 6 boxes for \$2.50, or by mail from The Catarrhose Co., Kingston, Ont.

Robert McAllister's Patricia was the winner of second place and he received a flash light. Archie King received a cup for getting first place in the cabin cruiser race with his boat Freddy K. An automobile horn was given to Bradford Nicc for taking second with the Maple Leaf. Arthur Henderson, whose boat took first in the semi-speed boat race, was presented with a cup while James Hoyt received a safety razor for winning first place in the dingy race. All the cups were engraved and made an elaborate showing, probably the best assortment ever given in St. John.

Following the presentation everybody was supplied with smokes and a musical programme was carried out. D. Arnold Fox presided at the piano. Songs were given by Percy Warren, Dr. Dickinson and DeWitt Cairns. M. L. O'Neill rendered several well executed violin solos and the mayor and Major Weeks favored those present with recitations.

It was announced last evening at the smoker that Hilton Belyea would row at the North West Arm regatta at Halifax, August 21, under the auspices of the St. John Power Boat Club. He will row under the blue and yellow of the club and many of the members will go to Halifax to see their colors carried to victory.

Young Grenville McCavour is also going to Halifax as a guest of Mayor Schofield. His worshipful figure will be a sight to see as he rows in the regatta. McCavour will get a lot of tips on rowing that will be of benefit to him in the future. He will take his specially built shell with him.

C. N. R. CONDUCTORS
ELECT OFFICERS

Several C. N. R. conductors returned home yesterday from Charlottetown where the Maritime Conductors' Association held a convention. The following were the officers elected: Senior conductor, C. H. Ayres, Moncton; chief conductor, J. F. McDonald, Charlottetown; junior conductor, G. S. Ryan, Charlottetown; secretary, William Crockett, Moncton; inside guard, J. Munroe, Charlottetown; outside guard, G. S. Tranton, Charlottetown. G. W. Cochrane of Campbellton and Norbert Renton of Moncton were also present.

A MILK BY-LAW.
Montreal, Aug. 16.—Mayor Martin today signed the by-law amending the milk by-law so that the maximum fine for milk men, infringing the law in regard to pure milk is raised to \$200 instead of \$40.

7 MILLBANK, LONDON, ENGLAND

Why Have "Millbanks" Become So Popular?

Because every introduction leads to lasting friendship. It is a case of "love at first smoking."

One smoker offers "MILLBANKS" to a friend. The friend is delighted with these mild, fragrant Virginia Cigarettes and buys a package for himself. This is happening many times a day in every section of Canada. The reason is easy to find.

MILLBANK VIRGINIA CIGARETTES

have the delightful, distinctive flavour of ripe, mellow, sun-cured Virginia tobacco—coupled with the richness and satisfying qualities found only in the highest grade leaf at its best.

The fact that the price is 15c for 10 is simply an additional reason for preferring "MILLBANKS."

Every Farmer and Horseman Should Have This Liniment

It means many a dollar saved in time and work; because it quickly makes lame, crippled horses sound as a dollar. No matter what the trouble—whether it is an old Strain, or Sore—a Spavin, Cracked Hoof, Curb or Splint—or a fresh Cut or Bruise—an Enlargement or Bunch—you can get rid of it right off by treating the animal with

Dr. J. Woodbury's HORSE LINIMENT AND CONDITION POWDERS

Used internally, the Liniment is a sure acting remedy for Colic, Kidney Trouble, Coughs, Colds and Heaves; while the Powders tone up the general system and help the horse to improve.

"You may put me on your list of users of Dr. J. Woodbury's Horse Liniment. I have found them to be the best on the market and am never without your Liniment and Condition Powders in my stable." G. E. CRONKHITE, Horseman.

Your Druggist or General Store will have these reliable remedies. Get a package of each, so you will have the right thing in case of sickness or accident to your stock.

Watch Teeth Whiten When You Remove the Film

All Statements Approved by High Dental Authorities

Free

A Ten-Day Tube of Pepsodent to show you its effects. Send the coupon for it.

This is to urge a ten-day test of a tooth paste which combats the film. High authorities have proved it. Five years of tests have placed it beyond question. Leading dentists everywhere are urging its adoption. Compare the results with your old methods, and let your own teeth decide.

Film Destroys Teeth

That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. Dental science, for many years, has sought a way to end it.

That film is what discolours, not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the major object in cleaning teeth is to keep them free from film.

Old-time methods fail to do that. Teeth still discolor, still decay as millions of people know. The reason is that brushing does not end the film.

The film is clinging. It gets between the teeth, enters crevices and stays. Day and night, month after month, it is a potential source of danger.

Now a Way to End It

Science now has found a way to end it. Five years of tests have proved this. The way is now embodied in a dentifrice called Pepsodent. And we urge you to see what it does.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual method is an acid harmful to the teeth. So pepsin long seemed barred. But science has now found a harmless activating method. It is made use of in Pepsodent.

Now millions of teeth are daily cleaned as they never were before. Try the method ten days on yours.

Send this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean your teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Watch the results for a few days. Read in our book how they come about. Then decide for yourself what tooth paste you and yours should use.

Cut out the coupon now.

Look in 10 Days
See how clean the teeth look—how they glisten. Then you will know what film removal means.
