THE WAR NEWS.

Lord Kitchener told parliament and

the country yesterday that though thirty thousand recruits were enlisting weekly he still had room for men. 'The London, Nov. 27-A statement issued weekly he still had room for men. "The time will come," he said, "when we shall require many more." Over and over and over again the war minister has emphasized the need for more men, and his words add force to the plea that is made in Canada for a larger number of recruits.

Lord Kitchener also said he believed that in the great victory won by the Russians in Poland the losses to the Germans were the heaviest they had yet sustained. The Russian official reports continue to be very modest, but it is plain that one of the German armies has been crushed and dispersed, and that

has been crushed and dispersed, and that the whole situation is greatly to the advantage of the Russians. The despatches vantage of the Russians. The despatches indicate indeed that one if not two more German army corps are likely to be wiped out or forced to surrender, before they can escape from the field where the army to which they belonged met with disaster. Farther south the Russian operations against the Austrians are being carried on with continued success, and the Austrians have also sustained a minor defeat at the hands of the Servians. The situation from the Servian standpoint is reported satisfactory.

Today's reports of success against the Russians. The facts appear otherwise. They also say they have made large captures from the Servians. In a public speech yesterday Lord Kitchener said that the gaps in the Britisa lines had been filled, and that reinforcements from Britain and France had reached the front. He said many more men would be required although 80,000 were coming weekly.

A commission has been appointed to investigate the sinking of the battleship Bulwark.

Robert Loraine, well known as an English aviator has been wounded in France in action.

It is reported in Copenhagen that the

Today's reports from Petrograd are even more emphatic than those of yesterday in the declaration that a most important victory has been gained by the Russians in Poland, and the new invasion of the coast by the allies, which they fear may take place

the Russians in Poland, and the news must have a most disheartening effect in Germany, whose people must by this time be asking themselves very seriously whether the Kaiser's assertion that he is the instrument of God in this war is any longer worthy of their belief.

There appeared to be some reason yesterday to believe that the battleship Bulwark had been sunk by a German submarine. This, however, was not the case. While the cause of the explosion is still a mystery, it was not due to the activity of the enemy. While the loss of the Bulwark with almost her entire crew is a severe blow, it is well to re-ENJOYED BY MANY

The Sunday school teachers of St. John the Baptist church, Broad street, held a Japanese tea in the church basement last evening, well entertained a large gathering from the parish and other parts of the city and realized a very satisfactory sum. Among those present was His Lordship Bishop LeBlane.

The large room was prettily decorated, Those attending found an excellent dinner, well served and there were severol booths to provide entertainment.

In charge of supper arrangements were: Mesdames R. Mills, T. Killen, J. Lowe, K. Ritchie, F. Quinlan, P. Long, H. McCarthy and J. Daggett, with Misses M. Lowe and J. Mills.

The ladies who presided at the supper tables were: Mesdames Fred Colourne, W. E. Mullaly, W. Spears and W. E. Ward.

The waitresses were Misses F. Markcrew is a severe blow, it is well to re-

which the Royal Commission had found Mr. Flemming guilty. The Chatham World is a Conservative newspaper, and in its last issue devotes a good deal of space to the case of Mr. Flemming and those who are vainly trying to retain him at the head of the government of this province. The St. John Globe last evening returned to the subject, and once more asked how much longer action is to be deferred in this matter of the retirement of Mr. Flemming. The Northern Light of Bathurst says that Mr. Flemming must go. In a frantic attempt to divert public attention from the case of Mr. Flemming and his colleagues the St. John Standard continues to make vicious attacks upon Mr. F. B. Carvell and the Telegraph and Times, neither of which is in the smallest degree responsible for the acts of Mr. Flemming's colleagues and supporters in the legislature. These are the persons to whom the Standard should address itself; and its readers generally, like the editor of the Chatham World, are wondering why it "continues to condone the offences of which the Royal Commission had found Mr. Flemming guilty, and thereby try to make the party responoffences of which the Royal Commission had found Mr. Flemming guilty, and thereby try to make the party responsible for his acts." sible for his acts."

They still appear to be a long way from peace and a quiet life in the republic of Mexico.

Ninety recruits were sworn in at the armory yesterday and last evening, and as a result of the meetings which are being held in different parts of the province it is expected the ranks of the New Brunswick battalion will be filled

being held in different parts of the province it is expected the ranks of the New Brunswick battalion will be filled without the necessity of bringing men from the west. Tonight's great meeting for men at the Opera House will no doubt stimulate local interest in the recruiting movement.

**No reader of The Times should fail to read the description in today's issue by Signaller Irving D. Appleby of the review of the Canadian troops on Salisbury Plain by the King and Queen and Lords Kitchener and Roberts. It is the most interesting and intimate description of the review that we have seen. In Signaller Appleby journalism has lost a most promising votary. He possesses feeling and imagination, as well as descriptive power, and there is human interest in every line of his letter in today's Times. In reading it one seems to see the great review and to share the feeling that went down the ranks of Canadian soldiers as the distinguished.

Dy VinOl.

Asbury Park, N.J.—"I was in such a nervous, weak, run-down condition that I could not sleep nights, every little thing disturbed me, my appetite was very poor, and I was losing flesh. I was so nervous at times that I used to faint and have hysterics. I do my housework for a family of four, and they became alarmed at my condition. I tried beef, iron and wine and cod liver oil emulsions without benefit. One day our druggist suggested that I try Vinol and told me how it had helped others. I did so, and it has simply done wonders for me, as I am a well woman and entirely cured of my nervousness."—Mrs. KATHERINE E. KLEIN, Asbury Park, N.J.

Such reliable testimony should convince others of the value of Vinol, our delicious cod liver and iron tonic. If it fails to benefit you we give back your money.

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children.
