

PASTORAL ADDRESS OF THE SESSION.

To the Members and Adherents of St. Andrew's Church :

The Session reviews the results of last year's operations in every department of congregational work with feelings of gratitude. In extending and improving the equipments of the church edifice, in maintaining and extending our Christian enterprises, it has been one of our busiest years. The services of the Lord's House have been attended by congregations exceptionally large. The additions to the Communion Roll have been numerous. The Weekly Prayer Meeting, in the new methods of conducting its services, in the numbers attending and in the interest taken in it, indicates increased life.

The Sabbath Morning Prayer Meeting has been kept up by a small but faithful band, who deserve a larger measure of fellowship in labor and privilege.

A reference to the Report of the Sunday School shows no abatement of efficiency in that very important sphere of Church work. In the matter of liberality in contributions, it has reached a point in the right direction not hitherto attained. In this and every other good thing may it continue to advance. The Bible Class, under the able superintendency of Principal Woods, meets in the comfortable new room provided by the liberality of the congregation; the work being done is most excellent, and the prospects of the class never brighter.

The Womens' Foreign Missionary Society and the King's Messengers Mission Band, besides the moneys raised by their efforts for the furtherance of the Gospel, are doing a good work in sowing among our people the seed of missionary
