## AYER'S CHERRY PECTORAL.

FOR THE RAPID CURE OF

Colds, Coughs, and

Hoarseness.

BROOKLYN, Mass., 20th Dec. 1856.

Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever used for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. It is the best I have ever used, and my family for the last two years has been in its power to cure superiorly for the treatment of these complaints.

A. B. MORTLEY, Esq., of Uxma, N. Y., writes: "I have used your Cherry Pectoral in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should never pay twenty-five dollars for a bottle than to use yours, or take any other remedy."

Croup, Whooping Cough, Influenza.

HELEN CONNELL, M. D.

Ashtoria, Or., Nov. 24, 1856.

Dr. J. C. AYER: I feel it a duty and a pleasure to say that your Cherry Pectoral has done for my wife, who had been afflicted with Croup, Whooping Cough, and Influenza, what no other remedy could do. She was cured in a few days, and is now perfectly well. I am, Sir, your obedient servant, J. W. STREET.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

## AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an

effective purgative pill which could be relied on as

safe and perfectly safe in its operation. This has

been prepared to meet that demand, and an exten-

sive trial of its virtues has conclusively shown that

what success it accomplishes the purpose designed.

It is easy to make a physical pill, but not easy to

make the best of all pills—one which should have

none of the objections, but all the advantages,

of every other. This has been attempted here, and

with what success we would respectfully submit to

the public decision. It has been unfortunate for

the patient hitherto that almost every purgative

medication is acrimonious and irritating to the

bowels. These pills produce no irritation or pain,

unless it arise from a previously existing obstruc-

tion or derangement in the bowels. Being purely

vegetable, no harm can arise from their use in any

quantity; but it is better that any medicine should

be taken judiciously. Minute directions for their

use in the several diseases to which they are ap-

plicable are given on the box. Among the com-

plaints which have been speedily cured by them, we

may mention Liver Complaint, in its various forms

of Jaundice, Indigestion, Languor and Loss of Ap-

petite, Irritability, Bilious Headache, Bilious

Fever, Fever and Ague, Pain in the Side

and Loins; in truth, all those are but the

consequences of diseased action in the liver. As an

aperient, they afford prompt and sure relief in

Constipation, Piles, Colic, Dysentery, Hemor-

roids and Stricture, Cuts with corrosion of the

bowels, and in the spring of the year, to purify the

blood and prepare the system for the change of season.

An occasional dose
