after that in consequence of
pression in business, and the
which, I am sure you will ad-
vocate have not been un-
derstand County. I would like to
furnish you with a list of
for Charlotte during the
days of my election, I fancy it
impossible.

to support the Reform Gov-
ernment so during the term,
confidence in them, and be-
lieved qualified to fill the positions
they are sufficiently intelligent
over the country.

is a difficult country to gov-
ern, territorial extent, difficult as
all views, and as regards races
and the ablest men will find it
size these varied and conflicting
the Government so far have suc-
ceeded in intelligence and detest
I quite apparent in Parliament;
I charged with corrupt practices,
ments have never attempted to
be changed, and prove them be-
lieved by witnesses under oath;
I allow me to inform you, that
is a Government charged with

dishonest practices, and those making the
charge do not ask a committee before whom to
prove them, you may conclude the charge is
without foundation. I admit, that the Govern-
ment, like all human institutions, may have
erred in judgment, but they have been guilty
of nothing politically dishonest.

They have had to govern this Dominion un-
der very trying circumstances, and considering
the enormous obligations entailed upon them
by their predecessors, I am sure they have dis-
charged the duty well.

I am in favor of the Free-trade policy of the
Reform party, they are opposed to taxation for
any except revenue purposes. The conserva-
tive party are in favour of protection, the lead-
ers of that party have repeatedly declared in
favor of it, that means a tax on wheat and flour,
on corn and meal, on Boots and shoes, on coal
and salt, and on all articles manufactured or
any extent in the Dominion. I am most de-
cidedly opposed to a tax on flour and corn, on
coal and salt, for any purpose; and I am op-
posed to any on other articles except for re-
venue, and I will, if elected, oppose any govern-
ment who adopts a policy calculated to tax the
great body of consumers for the benefit of a
few. It would be unjust to tax the mil-
lions and manufacturers of Ontario for the bene-
fit of our Fishermen, Lumbermen and farmers;
it is equally unjust to tax our people for their
benefit. I believe the policy of the Conserva-
tive party would work great injustice to the
Maritime Provinces, particularly.

I can understand how many may feel annoy-
ed at the policy which the United States have
pursued for so many years, and I would like
much to see it changed, but I think it would
only injure us to imitate them, their duty is 40
cents a gallon on Kerosine oil, would be be-
neficial to adopt a similar duty. I fancy our
most ardent Conservatives would hardly advo-
cate that, and think the whole people were glad
when the present Government reduced it from
15 cents a gallon to 6.

The papers have been filled with financial
statements endeavoring to prove the extraor-
dinary of one or the other of the political par-
ties; figures can be so arranged as to give very
erroneous impressions, and it is difficult for any
except those well skilled in the public accounts
to understand these statements, but there are
some calculations that any one can understand,
for instance, when the late Government took
office in 1867, they found the yearly expenditure
to be as nearly as possible \$13,500,000—and
when they retired in 1873, they had run up the
expenditure to \$23,316,000, being an increase
of ten millions of dollars in a little over six
years!

The personal expenses of the delegates from
each Government who went to England to trans-
act similar business ought not to differ much
in amounts. In 1868-9 Sir John Rose of the
Macdonald Government went to England to ne-
gotiate a loan, his travelling expenses were
\$2,381. In 1874 Mr. Cartwright (Reformer)
went to England for a similar purpose, and his
expenses were \$1,023. Mr. Tilley (Conserva-
tive) went to England for same purpose in 1873
and his bill was \$2,540.

Mr. Cartwright (Reformer) went to England
again in 1875, and his bill was \$1,512 or \$1,600
less than Mr. Tilley's. Hon Mr. Macdonough,
(Conservative) went to Eng and in 1868 and
his bill was \$2,419. Mr. Macdonough went over
on business and his bill was \$1,966. Dr. Tur-
per (Conservative) went over in 1867, and his
bill was \$2,481. Mr. Blake, (Reformer) went
over and his bill was \$760. The total amount
paid in six years of Conservative rule for trips
to England was \$22,774. The total paid under
Reform rule for same purpose was \$5,262. One
trip of Sir George Cartier and Hon. Mr. Macdo-
ough alone cost \$9,019.

This comparison gentlemen will serve to show
you which party are the honest and prudent
men to manage the public finances.

I regret that the present administration felt
bound by obligations entailed upon them by
the late Government to increase the public
debt so much as they have, I would have pre-
ferred they had said, our predecessors under-
took obligations so extravagant and so much
beyond our ability that we do not feel that in
the public interest we can afford to carry them
out.

As I may not have the opportunity of seeing
all of you, I have taken the liberty of address-
ing this lengthy card, as it contains some
thoughts which I would have expressed were I
able to meet you personally. Trusting you will
not forget to record your votes in my favor on
Election day.

I remain yours truly,
A. H. GILLMOR, Jr.

Dr. LAWRENCE, Surgeon Dentist, will thank
those who intend calling on him to do so as
soon as possible, as his time in Saint Andrews
is limited.

Robin-on's Phosphorized Emulsion of Cod
Liver Oil with Lacto-Phosphate of Lime is
prepared with the finest Cod Liver Oil—also
of the most esteemed remedies in the catalogue
of the "Materia Medica"—Lacto-Phosphate of
Lime, which enters so largely into the formation
of bone material, and other important tissues of
the body. Phosphorus, the great brain and nerve
tonic and invigorator, in a form and combination
most desirable to obtain its full effect, together
with other valuable remedial agents, not the least
of which is Iodine, the great blood producing ele-
ment. These are all intimately combined in one
nutrient fluid of homogeneous appearance and
taste, flavor, possessing remarkable power in
restoring the decay and supplying the waste con-
stantly going on in those abnormal conditions of
the system affected by such diseases as prevent
and impair nutrition, vitiate the blood, and sap
the vital forces. It is highly recommended for
Consumption, Chronic Bronchitis, Coughs, Scro-
fula, Scrophulous and Syphilitic Ulcers, Tumors,

Diseases of the Bones, Joints and Spine, Gen-
eral Debility, Emaciation, and all Impurities of
the Blood. It is particularly adapted to Deli-
cate Females in those low states of the system
peculiar to their sex. To the aged and
infirm its nourishing and invigorating properties
will give renewed strength and buoyancy of spir-
it; and to very young children its continued use
will be found of incalculable benefit, as its tonic
and nutritive properties supply the blood with
strengthening materials for bone and muscle
structure, and thus furnish the foundation for
strong and healthy constitutions. It is very
pleasant to the taste.

O'DELL & TURNER.

E. S. POLLEYS.

SUCCESSOR TO THE LATE WILLIAM WHITLOCK, ESQ.,

Would respectfully inform the inhabitants of Saint Andrews and vicinity, that he purposes
continuing the business at the

Old Stand, Church Block, Water Street,

Near the Post Office.

Having made large additions to the varied stock heretofore kept, he trusts by attention to the wants
of the community, to merit a share of patronage.

IN STOCK.

Fresh supplies of SUGARS, English, Crush-
ed, Granulated, Scotch, &c. &c.
A very choice article of MOLASSES.

TEAS.

Oolong, and English Breakfast.

COFFEES.

Pure and Fresh Ground Java.

Macaroni, Tapioca, Sago, Spices, Starch.

SOAPS, Potash, Soda, Saleratus, Dried
Fruits, Fine Navy Bread, Crackers, Biscuit,
TOBACCO, Navy, Black Jack, and Smoking.

PAINTS, OILS, VARNISHES,

DRUGS, GLASS & PUTTY.

Painters Supplies, WOOD WARE, Tubs,

Paints, Brooms, Brushes, Builders Shelf and

and Carriage HARDWARE, Iron, Steel,

Spikes, Nails, Zinc, Lead, Tinware,

CORDAGE, Lines and Twines, Pitch, TAR, RESIN Oakum, Best brands AMERICAN
Kerosene OILS. —Just received—an assortment of Chairs, BEDSTEDS, Matts.

All of which will be sold at the LOWEST Market rates.

Parks' Cotton Yarns!

Awarded the Only Medal Given at the
Centennial Exhibition.

For Cotton Yarns of Canadian Manufacture.

No. 15's to 10's.

WHITE, BLUE, RED, ORANGE and GREEN.

Made of Good American Cotton with great care.

Correctly numbered and Warranted Full

Length and Weight.

WE would ask the purchasers of Cotton Yarn
to remember that our Yarn is spun on Thor-
owood Frames, which make a stronger yarn than the
Ring Frames, used in making American yarn.

It is also better twisted and more carefully reeled;
each hank being tied up in 7 lbs of 120
varis each. This makes it much more easy to
wind than when it is put up without leas—as the
American is—and also saves a great deal of
waste.

Those acquainted with weaving will understand
the great advantage it is to them to use yarn put
up in this manner.

COTTON CARPET WARP,

Made of No. 10 Yarn, 4-Ply Twisted.

WHITE, RED, BROWN, SLATE, &c.

All fast colors.

Each 5 lb bundle contains 10,000 yards in
length and will make a length of Carpet in pro-
portion to the number of ends in width.

We have put more twist into this warp than it
formerly had, and it will now make a more dur-
able Carpet than can be made with any other ma-
terial. Since its introduction by us, a few years
ago, it has come into very general use throughout
the country.

All our goods have our name and address upon
them. None others are genuine.
