New Fall Dress Goods!

THESE ARE NOW OF FIRST IMPORTANCE.

The history of this store is so linked with its superb Dress Goods Department that we feel it almost out of place to dwell on the subject of Dress Goods but we want our friends to appreciate the fact that our Fall Stocks are almost complete and this week we will be glad to show you the material for your new suit.

Chiffon Broadcloths—A soft, silky finish in a special costume weight. All the popular shades. Worsted Tartans—Exclusive designs. Both weight and style suitable for fall or winter wear. Priestley's Cravenette, 54 inches wide, both plain and fancy checks. Figured Lustres, popular lines and popular prices. Box Cloths, Serges, Etamines, Fancy Tweeds, Granite Cloths, Vicunas, etc.

BUY YOUR DRESS GOODS EARLY!

Miss Fisher will be in our Dressmaking Rooms this week. You had better reserve a place, even if you select your material for a gown later on.

TARTAR MASSACRES

Suburb of Belskhan Is Aflame and in Their Hands.

FORCE TROOPS WITHDRAWAL

Armenian and Tartar Warring Factions Entirely Beyond Control—Streets of Baku Unsafe For Inhabitants—Half of Oil Industry Wiped Out—Cannoning Was Heard In Moslem Quarter.

St. Petersburg, Sept. 7.—The news from Baku is of the gloomiest character. The Armenian and Tartar warring factions now appear to be entirely beyond control. The streets of Baku seem to be unsafe for the inhabitants and the troops inadequate.

The troops have been forced to withdraw from the suburb of Belskhan, where on Tuesday the rioters set fire to the oil works and that place is now in the hands of Tartars, who have completed the work of destruction and who, it is said, massacred the inhabitants who did not accompany the troops in their retreat.

The Viceroy of the Caucasus has despatched reinforcements from Tiflis, but owing to the conditions throughout the western Caucasus, it is thought that even with these reinforcements the troops will be inadequate. In the suburban region the fighting is desperate and the soldiers are using artillery.

Representatives of the oil industry here declare that more than half of the industry in the Baku region has been wiped out and that the fire has made inroads into the remainder of the oil territory.

Cannoning is heard from time to time. In the Moslem quarter the patrole have been fired upon. Belskhan is on fire and the Armenians are surrounded by armed villagers, apparently by Tartars, and the cannonading there is unceasing. The fire continues in the 'black town' quarter and in Bibia. Energetic measures are immediately necessary.

A Bomb Thrown. Belskhan, Russia, Sept. 7.—A bomb was thrown yesterday at the Commission of Police, wounding him.

A St. Petersburg Raid. St. Petersburg, Sept. 7.—The police yesterday raided a private house in the Vassilyevskiy quarter, broke up a secret meeting, arrested 21 participants and seized a quantity of arms and revolutionary proclamations.

STR. HOSANNA CUT IN TWO.

11 Men Have a Close Call—All Over In Five Minutes.

Montreal, Sept. 7.—The Government steamer Hosanna was run down and sunk Tuesday night off Longue Pointe at 7:45 by the passenger steamer Empire from Toronto, owned by Capt. C. J. Macnamara, McKell and Greenwood of Niagara Falls, Ont., raided a lottery game at Fort Erie yesterday morning and placed under arrest six men and two boys. The men under arrest are William Hunt, the alleged operator; Henry Heine, James Morris and William White of Buffalo; O. E. Harris, John Wright, Charles Wright and Stanley Lightheart of Fort Erie.

150 Lose Their Jobs. Montreal, Sept. 7.—The Dominion Transport and Shipping Co. dock laborers, who have been on strike for the past few days, returned to work yesterday morning. There were about 400 in all of those about 150 will be able to get back.

FOR SALE. J. S. Smith, who is leaving town, offers for sale his two-story solid brick residence on King street east. Modern improvements, in good repair, and built only 16 years. A fine location. Reasonable price and terms for quick sale.

PRIVATE SALE. Mrs. G. A. Thompson is leaving Ingersoll and will offer at private sale her household furniture which will be open for inspection to the public from the 6th to the 11th of this month. Persons wishing to inspect the above goods may call at any time between the hours of 9 a.m. and 5 p.m. each day.

THE WEATHER. Probabilities.—Lower Lakes and Georgian Bay: Light to moderate winds; fine; about the same temperature.

HOW TO KILL A COLD. No easier or more pleasant way than to inhale "Catarrhona"—it stops the cold instantly, clears the nostrils and cuts out the phlegm. Try Catarrhona yourself.

FARMERS' DAY.

Agriculture Enjoys Seeing Minister and Ex-Minister Poke Fun at Each Other at Directors' Luncheon.

Toronto, Sept. 7.—Yesterday, Farmers' Day, saw 50,000 people at the Canada National Exhibition. All the demonstrations given in the various departments were of educational value, and the fruit packing by experts for export was keenly enjoyed.

Hon. Nelson Monteth, the present, and Mr. John Dryden, the former Minister of Agriculture, sat side by side at the directors' luncheon table and poked fun at each other. They, with numerous other farmers, were the guests of the directors. Because he came late Hon. Mr. Monteth had to make his speech before he was allowed any luncheon. He said (no doubt) suffered in no way by the irregularity.

Farmers were held up by President McNaught as the real producers of wealth for the country, and he told them that he was never happier than when he was inspecting their own exhibits in the rings, sheds and dairy building.

The Minister of Agriculture argued that the farmer was really a manufacturer.

HON. JOHN DRYDEN.

Farmer, as almost every product of the farm represented some degree of skill in its preparation for the market. The exhibition had its greatest usefulness in that it created ideals towards the realization of which all should work. It was a stimulus to every farmer to go forward. He referred to the results attained in Denmark by co-operation, especially in the dairying industry, and said that he could not begin to estimate the results of similar co-operation in a country, the possibilities of which had been scarcely touched upon.

Mr. Dryden said that he was the member of an institution that had been destroyed in one day by the playful freaks of lead pencils. From the time that Mr. Monteth arrived at the luncheon, he, and not the speaker, should be termed the "Minister of Agriculture. He himself might be called the ex-Minister, for it was the x that had done it. But whether he was at the head of the department or not he would never lose his interest in Canadian agriculture. A good man had

been severely touched upon the luncheon, he, and not the speaker, should be termed the "Minister of Agriculture. He himself might be called the ex-Minister, for it was the x that had done it. But whether he was at the head of the department or not he would never lose his interest in Canadian agriculture. A good man had

been severely touched upon the luncheon, he, and not the speaker, should be termed the "Minister of Agriculture. He himself might be called the ex-Minister, for it was the x that had done it. But whether he was at the head of the department or not he would never lose his interest in Canadian agriculture. A good man had

HON. NELSON MONTEITH.

taken his place at the head of the Department. When Mr. Monteth had addressed the Legislature much of the criticism regarding the College of Agriculture at Guelph disappeared, because Mr. Monteth, being a graduate of the college, knew of its usefulness.

President G. C. Creelman and Prof. Day of the college also spoke, and Dr. Andrew Smith, the hon. president, and a member of the Exhibition Board since 1875, closed the speech-making with a brief review of the work of the Fair.

Re. Printers' 8-Hour Day. Niagara Falls, N. Y., Sept. 7.—The United Typothetae of America is now down to business. The first session of the general body was held yesterday morning, when Mayor O. W. Cutler extended an address of welcome. The response was made by former President Frank of Dayton, Ohio. President C. H. Ellis of Boston made his annual report. Referring to the demand of the journeymen printers for an 8-hour day, he said that no word of his was necessary to show that no backward step could be taken by this convention, and that if the united typothetae stands firmly together the struggle against the printers' demands will be successful.

NO QUORUM. Only six members of the Board of Trade responded to the call to attend a meeting last night. Seven members being necessary to constitute a quorum no meeting was held.

WOODSTOCK'S VIEW OF THE INCIDENT

Mountain Out of a Mole Hill—Sensational and Misleading Report.

An exaggerated and wholly unwarranted report of the trouble at Tuesday's baseball game here appeared in yesterday's issue of the Sentinel-Review. In it there is a wonderful lack of the spirit of justice and fair play toward the Ingersoll players and the spectators. Were it not for the gross injustice that is done in this respect the sensational report would be extremely amusing.

Ingersoll people have long known the policy of the Sentinel-Review whenever a little difference arose affecting the two towns, and it was only natural to suppose that the "blood-curdling" account would follow Tuesday's little incident. The Chronicle is as anxious and willing to denounce rovingism on the athletic field or elsewhere as the Sentinel-Review; but in doing so it believes in presenting facts. The Chronicle, in common with the vast majority of Ingersoll citizens, regrets very much that there should have been any disorderly conduct on Tuesday. The incident, however, would in no way measure up the pen picture by the Woodstock paper, and was not as serious as the scene on the Woodstock diamond recently, when Pitcher Bussey attacked Umpire Bert Sheere.

Umpire Arnold escaped without injury on Tuesday while Umpire Sheere carried home with him something that probably for days reminded him of the "spitball artist." And the disturbance caused by Bussey and others in Woodstock did not receive editorial comment from the S.-R.

Discussing Tuesday's incident editorially the Sentinel-Review says: "The club management will receive the thanks of every lover of clean sport if they take prompt measures to bring the full penalty of the law meted out to the instigators of the assault."

Were the advice of the S.-R. acted upon, Harvey Bussey would be the first man called upon to give an account of his conduct. It was he who precipitated the whole trouble by jumping on to H. Taylor's back when he and the umpire put on their little "act." Arnold became unnecessarily alarmed when the crowd rushed in after Bussey had given the signal and he fled. Those who followed him were not anxious to do him bodily harm, but to see the game continued. The Sentinel-Review has certainly made a mountain out of a mole hill.

Ingersoll is not "soft" at losing the championship, as the Sentinel-Review insinuates. There was, however, a great deal of dissatisfaction over Arnold's umpiring at Woodstock on Monday, and justly so. Ingersoll got the worst of many decisions and in view of subsequent developments many Ingersoll people have had their eyes opened wide at Woodstock "sporting" methods. Ingersoll has lost games enough on close decisions to have won the championship. Coupling certain "whisperings" of late with the fact that so many betting men follow the Woodstock team, making at times absurd bets, things really look very suspicious. It is also very strange that Arnold should always have put Ingersoll men out of the game when he has had more provocation from the players of other teams, which he overlooked.

The Sentinel-Review would be the last towards bringing the two towns closer together and it has done the town of Ingersoll a serious wrong. Facts and reports of such a sensational character are sure to cause a feeling of resentment which may lead to serious difficulty. Woodstock is such a fair name in the history of sport that the S.-R. can afford to throw stones.

140 PUPILS ENROLLED

AT THE RE-OPENING OF THE COLLEGIATE INSTITUTE.

Regular work was begun yesterday in the Collegiate Institute classes. The attendance has again increased and there are already 140 pupils enrolled, the largest number in the history of the school. The increase is chiefly from the County of Oxford and adjacent counties. The seating capacity of Forms I and II is insufficient and it will be necessary to provide additional desks. It is gratifying to report that besides the increase in the lower forms, the number taking the work of the highest form is the largest the school has ever had. Thirteen are already enrolled in this form.

A SUCCESSFUL HORSEMAN.

Never allows his horse to suffer pain. He always uses Nerviline which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For cramps, colic, and internal pain it is a perfect marvel. In the good racing stable Nerviline is always used—because it makes better horses and smaller veterinary bills. Twenty-five cents a bottle. Large bottle of Nerviline, try it.

LITTLE LOCALS.

Regular meeting of the town council tonight.

King street choir will meet for practice tomorrow (Friday) evening.

Mrs. F. G. Kiborn and children have returned home after spending a couple of weeks at Kingsville.

Mrs. William Whitehead and daughter Josephine of London, spent Sunday and Monday with friends in town.

Private sale of household furniture continues till Friday evening. Mrs. W. A. Leigh, corner Hall and Concession streets.

E. T. Haynes of the firm of Haynes & Paterson, who will commence business in the store in the new Traders' bank building on or about the first week in October, was in town today.

LONDON CELESTIAL IS HELD AT BORDER

Chinaman on Visit Seized at Buffalo and Must Pay \$500 or be Deported.

A special despatch from Buffalo says: Pong Bow, a Chinaman from London, Ont., is now having trials and tribulations as a result of his desire to visit some of his friends in Buffalo on Labor Day, and he is now wondering whether he will be sent to his old home in London or will go to his old home in China at the expense of the United States Government. Bow was a very much surprised Celestial when he came over the International Bridge and met Chinese Inspector Thomas O'Reilly. He was taken into custody and charged with entering the United States illegally.

Under the new regulations in Canada a Chinaman will have to pay a head tax of \$500 and this the prisoner can hardly afford to do. If the Canadian Government will not take the man it will be necessary for the United States Government to send him to China.

Bow was arraigned yesterday before United States Commissioner Robinson and he adjourned the case until Tuesday next.

Under the law the Grand Trunk Railway and the conductor of the train which brought him into the country are culpable and both are liable to fine, or fine and imprisonment.

BUFF ROCKS THAT WIN.

MR. G. A. IONSON'S BIRDS TO THE FRONT IN STRONG COMPETITION.

Mr. G. A. Ionson is again to the front with his pure-bred Buff Rocks. In competition at the Toronto Exhibition his winnings were as follows: First hen, 1st and 2nd cockerels, 1st, 2nd and 3rd, pullet. Exhibition bronze medal and exhibition diploma for best collection. Silver cup given by the American Buff Rock Club for best cock, hen, cockerel and pullet. Silver Cup, value, \$60, given by Toronto Breeders' Association for best cock, hen, cockerel and pullet, in white, barred and buff colors. 300 birds competing. American Buff Rock Club's four special ribbons for best shaped male and female, and best colored male and female.
