## The Martyred President.

Springfield, Ill., Feb. 13.—Yesterday was the anniversary of the birth of Abraham Lincoln. Eighty-five years have elapsed since Abraham Lincoln was born. New York, Feb. 12.—Several hundred prominent Republicans banquets at Delmonico's last evening under the auspices of the Republican club and in recognition of Lincoln's birthday. This is the principal Lincoln dinner of the country, and is always a brilliant affair. ## British Liberal Federation.

London, Feb. 13.—The annual convention of the National Liberal Federation opened at Portsmouth today. Owing to the disturbed condition of political affairs, there was an unusually large attendance of delegates. The plan adopted by the executive committee, which was endorsed by the convention, is what is known as the "Newcastle Programme," save that the clause demanding the payment of members of parliament is more strongly worded. It is probable that a minority of the convention will make a fight for what is known as the "democratic budget," or the abolition of the duties on tea, coffee and cocoa, in order to secure a free breakfast table, the deficit in the revenue to be made good by an increase in the death duties and a further taxation of land. The proposition, however, will undoubtedly be defeated. The convention will be in session for three days.

By the terms of the bet he must return within a year with \$5000. In the meantime he must circle the earth, and will not be permitted to beg, borrow, or steal. He goes from here to New York, where he hopes to earn some money before leaving for England. His passage across the Atlantic will be paid by the Boston Press club. He expects to make some money by writing for the press while on his trip, and will also hire a hall and lecture whenever he sees an opportunity. On his return he will be glad to lecture in this country at San Francisco, "Jones."

## An Unfounded Rumor.

London, Feb. 13.—A report was circulated in Berlin today to the effect that the Hamburg-American line steamer, Agusta Victoria, which sailed from Southampton for New York on Sunday had foundered. The rumor, which was believed by the German ambassador in London, asking if it was true. At the offices of the company in London nothing had been heard beyond the fact that such a rumor was circulated, and no credit whatever was given to it. The officials of the company are at a loss to account for the origin of the rumor.

Those engaged in export, however, are not so sanguine on this point.

After Nouri had been three months in the asylum Dr. H. Arberry, brother of N. J. Arberry, learned of the matter. He instituted inquiries and with the co-operation of a friend succeeded in having Nouri released. This was three days ago. On his release Nouri went to Washington where he interested the Turkish embassy in his case, and it is understood it will be the subject of much diplomatic correspondence.
