INCREASE FOR YEAR

IS HALF A MILLION

Question of Slaughter House in Municipality Still a Live One.

From the returns submitted to the the selection. South Saanich council by Municipal Copies of the assessment roll were Clerk Carmichael, at its usual fort-handed to the councillors for their innightly meeting held on Saturday spection night, the total assessment for the icipality for this year shows an in- VICTORIA WEST HOME upon last year's figures. The total figures are \$4,416,210, as against \$3,903,136 for the year previous. The estimate for the present year shows \$3,865,660 for lands and \$55,550 for improvements.

The revenue for last year at the rate of five mills amounted to \$15,000, after allowing for the discount of one-sixth for prompt payment of which nearly all took advantage. It is held that last year's revenue will be insufficient for present year, and that a rate of at of Revision for Thursday, June 25th.

A SOCIAL SMOKER

A Good Programme Given at the Gathering Held Last Night.

The British Campaigners Association held its first smoker in the men's room of the drill hall last night when abou seventy of the members of the associa tion were present. The gathering was the first of a social nature outside the regular formation and business meetings that the new organization has held and served the purpose of bringing together in a social way the old cam paigners who have fought for their country. Letters regretting their abence were read from the honorary president, Capt. Wolley, and from the onorary vice-president, Col. Holmes district officer commanding, in whose absence A. J. Brace secretary of the Y. M. C. A., was voted to the chair. In a short address Mr. Brace explaine the object of the gathering saying the initiators of the movement had desired to bring all the old campaigners resident in the city together, and looked Seoul, May 18.—Conditions throughout for a successful future for the organization. **NEW DIRECTOR FOR** THE PULP COMPANY

Outlook is Bright for the **Organization Now** Building.

At a special meeting of the director

of the British Canadian Wood, Pulp &

Paper Company, W. Innes Paterson, the Paterson Timber Company, Vaniver, was elected a director of the company to serve until the next general meeting of the company of 1909. Mr. Paterson has long been identified with the lumber interests of British Columbia as vice-president of the Terminal Lumber Company, director of the Cedar Cove Shingle Company, and president of the Paterson Timber Com-pany. He is, therefore, in immediate touch with the entire lumber and timber interests of this province, and will be of great assistance to the new paper company in the purchase of timber limits and of matters pertaining thereto. Few industrial companies have stronger and more evenly balanced directorate than the new company and the splendid progress of their work up to date is a great compliment to the members of the board. In a comparatively short time the company have secured more than sufficient capital with which to instal the first unit of the plant which is to have a weekly capacity of approximately 80,000 pounds of wrapping paper, and the progress of will not be long before the company will be prepared to go on the market with the finished product. Sylvester Faulkner, of the British Columbia Trust Company, who is president of the company, in discussing future plans, said: "We are making exceptional progress with our work and are mmensely pleased with the results up to date. We have already secured a large amount of machinery and will be prepared to ask for tenders on our main building in a few days. We have now accommodation at Port Mellon for 80 or 100 men and intend to rush the work right along. The majority of our buildings are to be made of concrete so as to assure absolute fire protection and we have prepared our plans so as 7. Victoria (Indian mission)—One to to enable us to instal a large amoun of machinery while the building is un der course of erection. We have exper ienced some delay in the clearing of our property on account of wet weather, but those difficulties are now over our houses are now completed, and we are prepared to go ahead faster than ever. This industry," continued Mr. Faulkner, "means a great deal to Western Canada and we are grateful, sincerely grateful, for the manner in which our home people have supporte us in a financial way."

The local agents of the company are Harman & Punnett, of 622 Trounce avenue, who have erected on their remises a small demonstrating plant which the public are invited to inspect.

**NEW POWER PLANT FOR** NORTHERN MINES

Hidden Creek Copper-Gold Property to Be Developed on Large Scale.

Vancouver, May 16.-E. K. Rogers, the well-known mining man, who developed the famous Nickel Plate mine at Hedley, Similkameen district for the Daly estate, is about to erect a \$40,000 power plant in connection with the development of the Hidden Creek group he bonded last year and which is lo-cated at Goose Bay, Observatory Inlet. wo payments have already been made to the owners, the Hidden Creek Min-

ing Company of Vancouver.

The bond is for \$135,000, and the next payment will mature on June 1st. So certain is the likelihood of the bond being taken up that Mr. Rogers has formed a new corporation under the style of the Hidden Creek Conner Co. with Mr. Thomas Hodgins of president. The capital is \$2,000,000. Twenty men are engaged at develop- dict as outlined above. Revelstoke, May 16.—What promises to be one of the most prosperous seasons and carrying high values in copper, besides subsidiary values in gold. The names of the Jurors were James Irving, foreman, and R. Lawson, J. Meikle, T. Henderson, S. Henderson and carrying high values in gold. The besides subsidiary values in gold. The plant will be installed this summer and plant will be installed this summer an
