LOCAL NEWS.

Magistrate R. J. Ritchie is conducting the fire investigation this afternoon and among the witnesses it is expected Chief Kerr will give evidence.

The funeral of the late Mrs. Felix Byrne took place at 2.30 this afternoon from her late residence, Union street to the cathedral, where Rev. J. O'Keefe read the burial service. Interment was in the New Catholic cemetery.

In the St. John Amateur League this evening the Portland Y. M. C. A. team will meet the Algonquins. A good game is expected. Murphy will do the pitching for the Portland and Chase for the Algonquins.

There will be a meeting of the Boston Y. C. Club in connection with the Knights of Pythias of this city this evening in Castle Hall, Germain street. All K. P.'s are requested to attend, as business of importance is to be brought up and discussed.

A dog was run over on Prince Wm. street yesterday by a street car and had one of its legs cut off. Sergeant Caples of the police force put it out of agony by shooting it. A dog that had been badly injured by a street car on Main street yesterday afternoon was shot by Policeman Finley.

The June weddings are affording plenty of amusement to the small boys and much trouble to the police. Last evening the police report having put out fires on Sydney, St. Patrick and Sheriff streets, No. 2, chemical engine was also summoned to Victoria street to put out a bon fire that was endangering the buildings.

A good deal of interest is being developed in the sports which are to be held on the Victoria grounds on Saturday, June 22. Stubbs, Stirling, and other athletes were on the ground last evening. The running track is being put in better condition. St. Mary's Band has been engaged to play at the sports. Entries will close on Wednesday, June 19th, and should be sent to A. M. Belding, P. O. Box 24.

A St. Pierre correspondent writes: A very important matter has been taken up by LeMorne Francaise, and will no doubt prove of great value to the inhabitants of St. Pierre. For years it was reported that the land was rich in coal and other deposits, and in order to find out just how much truth there is in these reports a geological survey was obtained and after a brief observation of a portion of the island he has reported favorably. This gentleman states that the district of LeMorne Francaise will at once expend the sum of ten thousand dollars to further open up any coal or other deposits on the island.—Halifax Echo.

Sam Hudlin, a negro, was sent up for trial last week for chewing a few pieces out of Dave Slipp's face. The police magistrate would not accept bail because Hudlin had eaten a man's finger off a year or two ago and showed no signs of repentance. Having been allowed the freedom of corridor, on Friday night he dug enough bricks out of the wall to allow him to escape and made his way to Houston. He is a bad pup. He has a brother who for a year or more has been living in the United States for his health.—Woodstock Dispatch.

Three drunks were fined the usual amount in the police court this morning. One of the trio informed the court that he was quite near his own door on Strait Shore Road when the policeman took the trouble to drag him to the North End police station. Peter Doighan, a sailor, who was wandering about St. John street, was given a warning and allowed to go.

BIG WESTERN TIMBER DEAL HANDLED THROUGH ST. JOHN

A Million Dollars to be Paid for Area of Seventy Eight Miles on the Pacific Coast—Three Months Option Taken to Admit of Survey Being Made

Negotiations have been in progress for some time through a St. John broker for the sale of one of the most valuable tracts of timber land in British Columbia. The property is situated on Graham Island, one of the Charlotte group, on the Pacific coast, and includes seventy-eight square miles, every foot of which is covered with magnificent timber. The land runs all around the shores of Naden Harbor, none of the timber being more than two miles from water. It has been surveyed thirty-three miles of late and is estimated to contain 1,500,000,000 feet of timber, including spruce, fir and hemlock, with some pine. The land is now owned by a number of western Canadians. Recently a New York syndicate have been negotiating for it. The syndicate has also put down fifteen thousand dollars for a three months' option to permit of a final survey. This offer will be accepted, but before the deal is closed a survey will be made and the title examined. The New Yorkers are seeking particulars as to conditions imposed under the Canadian government's license.

ROBBED TWICE OF HARD EARNED WAGES

Misfortune and Thieves Overwhelm Young Dutchman.

Forty Dollars Went the First Time, and Twelve Dollars on the Last Occasion—The Police on the Trail.

To arrive in St. John with no money, and unable to speak English, was the predicament in which a Dutchman named Wuringer found himself several weeks ago. He is a young man and has plenty of ambition so it was not long before he secured work at the new Royal Bank building. He started in as a laborer and was later put at carpenter work. He put in as many hours over time as he could and soon had forty dollars saved up. He was not aware of the danger of going around with money in his vest pocket and a few days ago took off his vest when he arrived at work. He hung it up and started in on his day's labors. When he knocked off work and put his vest on he found that the forty dollars had disappeared. The Dutchman felt his loss keenly but consoled himself by saying that he would soon earn that much more. Since that time he has earned twelve dollars and this amount he decided to guard more carefully. Yesterday he met another Dutchman and the two were about town last night. Wuringer took his friend to his boarding house to spend the night. This morning the young man was around town searching for his supposed friend who during the night took the twelve dollars and a suit of clothes from Wuringer's room. This second loss has proved quite a discouragement to the unfortunate young man. He has little hope of locating the man who took his money as he thinks the guilty party has left the city. The police have been informed of the theft.

FELL FROM A STAGING AND BROKE HIS HIP

Thomas Lewis Very Badly Hurt While Working at the Hotel Edward This Morning.

Thomas Lewis, a painter employed by James Huey, had a bad fall this morning while at work at the Hotel Edward. Lewis was engaged in painting the outside of the building and was sitting on a staging which was suspended about twenty-five feet from the ground. In reaching for a paint can Lewis lost his balance and fell over backwards. He alighted on the sidewalk on his hip and when picked up appeared to be seriously hurt. Dr. Duthie, who chanced to be near at hand, rendered first aid and later the ambulance was summoned and the injured man was taken to the hospital where it was found he had sustained serious injuries. His hip was broken and his shoulder badly hurt. Lewis said that someone had been tampering with the staging.

The steamer Garibaldi arrived in port this morning from Port Hood with a cargo of coal.
