

Chamberlain's Cough Remedy

WILL CURE Your Cold. Try It

The uniform success that has attended the use of this remedy in the cure of bad colds has made it one of the most popular medicines in use. It can always be depended upon to effect a quick cure and is pleasant to take.

It contains no opium or other narcotic, and may be given as confidently to a child as to an adult. Price 25 cents. Large size 50 cents.

UNITED STATES SENATOR FIGHTS THE NEW TREATY

WASHINGTON, D. C., Jan. 27.—After devoting four hours to the Canadian waterways treaty without having made any substantial progress in the ratification of the instrument, the senate adjourned.

The treaty probably will be considered daily until it is voted on. Most of the executive session was consumed by Senator Wm. Alden Smith, who insisted that the treaty should not be ratified without a provision fixing a division of the interests of Canada and the United States in the 6,300,000 tons horsepower provided by the rapids in the St. Mary's river.

He showed that only one per cent of the flow of the river is required to operate the locks at Sault Ste. Marie, leaving the remainder of the vast flow to be utilized for power purposes. To leave this division of the waterpower undetermined, he declared, would be to leave a vexing question open for the future and he made plain his determination to fight the treaty.

Wanted it Specified

It, as a matter of right, he said, 75 per cent of this power belongs to the United States, as he was satisfied it did, he wanted that fact specified in the treaty.

In the development of the transmission of power, it said it would be possible to utilize all of this vast energy for mining and manufacturing purposes on the American side of the St. Mary's river and he did not wish to have the industries of his state crippled by failure in the treaty to conserve American interests.

Senator Lodge defended the treaty on the ground that the disposition of water rights related to questions of boundary and could be settled later. In this view Mr. Lodge was supported by Senator Carter of Montana.

Senator Teller of Colorado and Senator Helburn of Idaho sustained Mr. Smith.

CANADA'S CREDIT IS NOT IMPAIRED

Loan Issue of \$30,000,000 Did Not Meet With Chilly Reception

OTTAWA, Ont., Jan. 27.—Sir Richard Cartwright, acting Minister of Finance, states that the cable report from London published in the press today to the effect that the new Canadian loan issue of \$30,000,000 on the London market has met with a chilling reception, was contrary to fact. Half the loan had been already subscribed by the public, which, considering all conditions of the money market at present and terms of the loan itself, was quite as good as could be expected.

The result of the issue, he believed, would compare very favorably, all things being considered, with any recent loan issue in the London market. There would be little trouble, he said, in placing the part of the loan which still remained in the hands of the underwriters, and there was no sign of any impairment of Canada's credit in the foreign money markets.

SENATE'S BUDGET SPEECH MADE BY SIR RICHARD

OTTAWA, Jan. 27.—In the senate today, on the resumption of the debate on the address in reply to the speech from the throne, Sir Richard Cartwright, new government leader in the upper house, and who is also at present acting Minister of Finance, made what might be considered as the senate's budget speech.

In characteristically cogent and clear cut debating style he made a strong defense of the government's financial policy. Referring to the prophecy of Senator Loughheed, the opposition leader in the senate, that a deficit for the current fiscal year would be \$1,500,000, Sir Richard said he looked for much better results. The total loss of revenue up to seven days ago had amounted to \$12,000,000, as compared with the preceding year. But for the remaining two months of the fiscal year it was expected that there would be no further decrease and that there might be an increase.

Weathered the Storm

Canada had weathered the storm of financial depression much better than had the United States and exports of home produce during 1908 had increased by \$1,000,000, as compared with 1907, a proof that the great sources of industry in Canada were not injured by the commercial calamity which had befallen other countries. Taking up the question of increased expenditures during the past twelve years, Sir Richard pointed out that careful analysis of these increases showed that at least half of the total amount consisted simply in change of bookkeeping methods, the money being simply taken out of one pocket and put into the other. The other half of the total increase was justified by the growth of the country and necessary extension of various departmental services and by increased provincial subsidies.

ANOTHER ALASKAN RAILWAY FINISHED

Copper River Road is Owned Jointly by Morgan and the Guggenheims

NEW YORK, Jan. 27.—Announcement was made today of the completion of the Copper River Railway, which is jointly owned by J. P. Morgan & Co. and the Guggenheim interests, from Cordova to a point above the Abercrombie Rapids on the Copper River, in southwestern Alaska. The tidewater terminus of the railway is at Three Tree Point, just north of the town of Cordova, where the company has constructed wharves with a view to handling heavy materials, including ores. To add to the development of the upper Copper and Chitina Rivers the Copper River Railway Company has under way the building of five powerful steamers especially designed for navigating these rivers. Contracts have been awarded for the opening of the road up to the Copper River towards Fairbanks at an expenditure of \$10,000,000.

204 MEMBERS OF NEW HOUSE NATIVE BORN

OTTAWA, Jan. 27.—An analysis of the personnel of the new House of Commons with respect to places of birth and religions gives the following interesting figures:—

In the last parliament there were 200 native born Canadians; in the new house the native born number 204.

There are six English born as compared with four in the last house, but there are only two native Irishmen in the new house. In each house the membership included three men who were born in the United States. Scotland had three representatives in the last house; now it has only two. The new house also includes one member who was born in South America.

By religions the figures are equally interesting.

The Roman Catholics are of exactly the same force as in the old house, the figure in each case being 70. The Presbyterians number 46 in the new house; last year they had 47.

The Methodist Church is represented by 59 in the new house as against 46 in the last parliament. The Church of England has 41 as against 42. The Baptists numbered 8 in the former house; in this they are 6.

One addition to the religions is a Universalist. The Congregationalists are 2, the same as last year; and there is one Lutheran and one Faringdonian. In addition, just as there was in the last house.

COLONY WON'T AGREE TO IT

ST. JOHN'S, Nfld., Jan. 27.—The Newfoundland cabinet has not accepted the draft of the proposed fisheries agreement arranged at Washington, but on the other hand has submitted a counter proposal for consideration.

The Newfoundlanders are of the opinion that the premier does not intend to accept the Washington agreement.

BOSTON AND MAINE CUTS FREIGHT RATE

BOSTON, Mass., Jan. 27.—The Boston and Maine Railroad sent to the Interstate Commerce Commission a statement that it should insist on a sixty cent a hundred freight rate to the west, the same as from Baltimore, although it agreed on January 1st to maintain a 60 cent rate for a month. Up to the first of the year the rate from Boston had been slightly higher than that from Baltimore, which has acted adversely, according to the Boston and Maine officials, to the business interests of this city and in favor of Baltimore.

It was the belief here today that the reduction by the Boston and Maine will be met by a further reduction by the railroads centering in Baltimore and may lead to a rate war.

MONCTON HAS A GRIEVANCE

Thinks it is Unfairly Treated by I. C. R.

Board of Trade Believes St. John and Halifax Have the Advantage

MONCTON, Jan. 27.—In order to obtain a better schedule of freight rates on behalf of the merchants of this city the Board of Trade in session tonight appointed a delegation to visit on I. C. R. General Traffic Manager Tiffin and present their views in regard to the matter. It was stated at tonight's meeting that Moncton had been discriminated against in the matter of freight rates as compared with St. John and Halifax, the rates on all classifications being two and a half cents higher per ton than the rates affecting those cities, and thus placing local exporters at a disadvantage in competition.

The matter was taken up some time ago and for a short period better conditions prevailed, Moncton being on even terms with the other two cities, but later pressure was brought to bear and there was a return to the old order of things. The matter will be energetically pushed by the local delegation.

The matter of an exhibition grant was also referred to and it was decided to communicate with Hon. H. R. Emmerson for the purpose of securing information about the matter.

A committee was also appointed to draft a resolution to be submitted to the Board, opposing the transfer of the International to a private corporation.

Following the civic elections here there was a flurry today in Scott Act matters. Commitment paper for A. E. Hootnick, local druggist, was published in the hands of a police officer, who went to the accused's place of business and on returning to headquarters reported that accused had promised to go down with him at six o'clock. It was later stated that when the officer called to see his prisoner there was interference by a prominent citizen, and the affair has caused a good deal of discussion about town.

FREE PILE CURE

Send to Demonstrate the Merits of Pyramid Pile Cure

WHAT IT HAS DONE FOR OTHERS, IT CAN DO FOR YOU.

We have testimonials by the hundreds showing all stages, kinds and degrees of piles which have been cured by Pyramid Pile Cure.

If you could send us an unsolicited letter you would not doubt go to the nearest drug store and buy a box of Pyramid Pile Cure at once, price fifty cents.

We do not ask you to do this. Send us your name and address and we will send you a trial package free. We know what the trial package will do. In many cases it has cured piles without further treatment. If it proves its value to you order more from your druggist, at five a box. This is fair, it is not simply all out free coupon below and mail today.

TO SAVE THE SOULS OF NEW SETTLERS

TORONTO, Jan. 27.—That the Canadian Methodist church intends to take active part in the work among the immigrants to this country is indicated by the fact that the missionary executive decided today to send out a number of men known as "immigration chaplains" to meet strangers at St. John, N. B., and Halifax and at Quebec during the months of navigation.

Arrangements will be made as soon as possible. It was further decided to carry on negotiations with representatives of other churches to arrange for some Protestant clergymen to be aboard every large steamer leaving Liverpool with immigrants for Canada.

LONDON, Jan. 27.—The union mess was fined fifty dollars today for selling liquor without license.

TRAINS CRASH IN SNOW STORM

HARRISTON, Jan. 27.—In a blinding snow storm, two freight trains crashed together near here at noon and two men, S. Root of Palmerston and H. Smith, were killed. One train was from Owen Sound and the other from Southampton. Both were on the G. T. R. and one of them, owing to the storm got on the wrong track. Three or four men were injured. The point of collision was Patton's Mills siding between this place and Clifford. Much rolling stock was damaged or destroyed.

MILK BRICKS.

Milk bricks are sold in Belgium and Denmark. These bricks are milk frozen solid, and when intended for use are sent as received in the household the lactical fluid for the tea or coffee has to be chipped off according to the quantity desired in the drink. This brick milk has grown to be a necessity in the warmer countries of Europe. The Belgium government has given a yearly subsidy to increase the trade. In Copenhagen a firm engaged in this business makes a weekly delivery of 200,000 pounds. A great deal of this goes to distant countries.

RE-ELECT TEED PRESIDENT OF THE SOCIETY

Lively Election at St. Stephen

Only Two Endorsed by Temperance Federation Are Returned

FREDERICTON, N. B., Jan. 27.—The annual meeting of the Barriesters' Society of New Brunswick was held in the supreme court chambers this evening, with President M. G. Teed, K. C., in the chair. Others present included T. C. Allen, W. H. Barry, W. B. Wallace, J. D. Phinney, A. H. Hamilton, A. B. Connell, W. P. Jones, K. C., Havelock Coy, J. W. McCready, H. G. Fenety, A. R. Sillip, W. H. Harrison, J. J. F. Winslow, J. M. Baxter and T. J. Carter.

Secretary Treasurer Allen reported that the committee appointed to ask the government for increased grant had performed that duty, but without success. Mr. Allen also submitted a report on the present condition of the law library. He proposed among other things that the gallery should be established and the present wooden shelves replaced by steel. Plans had been placed before the commissioner of public works, who had approved of them and favored having the alterations made. The estimated cost is \$4,800, which would have to be borne by the government.

Mr. Allen reported receipts for past year as \$2,518.78 and expenditure of 1908-79 leaving a balance of \$328.08. During the year the sum of \$912.16 had been paid out for books. Outstanding liabilities all paid, estimated receipts for next year set down at \$1,700.

Supreme Court Rules

It was ordered that the new supreme court rules of the society be published in the next law report. The election officers for the ensuing year resulted as follows:

President, M. G. Teed; vice-president, J. H. Barry; members of council, R. W. Hewson, J. B. M. Baxter, J. D. Phinney, A. R. Sillip, A. B. Connell, J. W. McCready, Dr. Barre, president, vice-president and attorney general members ex officio; secretary-treasurer, T. C. Allen.

In reference to the report submitted by Mr. Allen on the library a resolution was adopted entrusting the council to interview the government and urge upon them the importance of increasing the library accommodations along the present plan.

NOTICE OF MOTION

Mr. Phinney gave notice of resolution for next meeting to provide for admission as students of those who pass the matriculation examination prescribed by the board of education. At present only university graduates and holders of superior school licenses are admitted without examination.

A resolution was passed by the legislature a few years ago, but never proclaimed, was brought up by R. W. Hewson, who stated that it was favored by the barriesters of Westmorland, Kent and Albert counties. He moved, seconded by Mr. Baxter, that the government be asked to bring it into force. After several members had given expression to their views the resolution was put and unanimously adopted. At the close of the meeting President Teed entertained the members to an oyster supper.

PEOPLE'S CIGAR STORE.

I have the finest stock of Cigarettes and Tobaccos in the City.

News Depot—I handle all the local and foreign papers, all the American and English periodicals, with all the current magazines and novels.

Cor. Main St. and Paradise Row

MUNICIPAL THEATRES.

The first municipal, uncommercial theatre in America—an endowed institution—is in successful operation at Red Wing, Minn. Red Wing is a town down the Mississippi river from St. Paul, and to it several years ago a citizen lent \$80,000 to found a municipal theatre. A citizens' committee under the terms of the bequest manages the playhouse, and so well has it done its work that for the last three years a dividend on the capital invested has been paid to the town. Professor Rhea and Burton in a lecture on the drama, using the Red Wing experiment as a criterion, predicts that "in ten years probably and in twenty-five years certainly every considerable city in the United States will have its municipal theatre."

R. W. GRIMMER IS ELECTED MAYOR

Lively Election at St. Stephen

Only Two Endorsed by Temperance Federation Are Returned

ST. STEPHEN, N. B., Jan. 27.—This town has had today the first real live number of years, with contests in every ward. There were two parties, the "old board" and the new. The former was composed of the mayor and council of last year, excepting that Councillor Teed retired as a candidate in Queens ward and was replaced by Thomas Casey, while in Dukes ward, Councillors Dinmore and Lafin severed their affiliation with their colleagues, the latter running for mayor and the former for councillor under the auspices of the new board which had the endorsement of the temperance federation. The old board could only find one candidate, Hugh Love to replace them.

Elected a Majority

The old board elected a majority of its members, though some had very narrow margins.

For mayor, R. W. Grimmer received 49 votes in Dukes ward, 80 in Kings and 125 in Queens. Albert A. Lafin received 66 in Dukes, 77 in Kings and 64 in Queens.

In Dukes ward W. A. Dinmore had 74 votes, J. R. Folley, 62, and H. Love, 57, for assessor; H. H. Wall had 58 votes and A. D. Taylor, 56.

In Kings ward J. T. Whitlock had 81 votes, Edward Keys, 78; J. P. Wry, 77, and Geo. H. Budd, 75.

In Queens ward J. W. Scott had 108 votes, Thos. Casey, 86, Edw. DeWolfe, 84, and S. E. Mills, 82.

The new board is therefore composed of Mayor R. W. Grimmer, Councillors Scott, Casey, Whitlock, Keys, Dinmore and Folley, the two latter being the only Temperance Federation candidates returned.

MAKES SHORT WORK OF APPEAL CASES

Assessment in Cases Against City of St. John Final, Says Court

FREDERICTON, N. B., Jan. 27.—The supreme court this afternoon made short work of the appeals in the cases of Stevth v. the City of St. John and Gordon v. the City of St. John. It was agreed that the cases should be argued together and Mr. McKeown, K. C., for the plaintiff, had scarcely got started with his motion for an increase in damages assessed by Judge McLeod, when he was told by the court that the assessment was final and would not be changed. Mr. Skinner, K. C. for the City, was not called upon to present his side of the case.

In the case of Henry Coy, Ltd. v. Birmingham, Carvell and Jones, K. C.'s motion to set aside the verdict for the plaintiff or for a new trial. Teed, K. C., contra. Court considers.

It is claimed in this case that the plaintiff neglected to take out a license as an extra provincial corporation and therefore could not legally collect from the defendants.

SALVATION ARMY SHELTER CROWDED

The unemployed situation shows no signs of becoming less acute, although the systematic effort recently instituted to grapple with the problem has resulted in the amelioration of much distress. Considerate snow storms coming just when most needed have been largely instrumental in providing work for many destitutes, while the Salvation Army sawing wood and saying nothing has managed to meet the many demands that have been put upon it and incidentally to relieve the city of a somewhat grievous burden.

Yesterday the Army put in two additional cars of soft wood. This is to be saved immediately. It will provide for the shifts of thirteen that are being given work each day for some days. Officials of the army state that the demand for this wood is increasing, and now fairly good. The shelter continues to be taxed to its capacity each night in furnishing sleeping accommodation for those without homes.

ADDED A LITTLE SULPHUR.

Doctor—Did your husband follow my directions? Did he take the medicine I left for him religiously?

Patient's Wife—I'm afraid not, doctor. He swore every time I gave him a dose—Boston Transcript.

NO BETTER HALF.

She—So the fortune teller told you that you would never marry.

He—Yes—that is, indirectly.

She—What did she say?

He—She said I was born to command.—Exchange.
