

Doan's Kidney Pills  
Are the Best Remedy in the World  
FOR BACKACHE.

Many people fail to understand the significance of a lame, weak, sore or aching back. You overtax the kidneys—give them more work than they can possibly do—then they cry out in protest through the pain in the back.

Backache is simply kidneyache and the best remedy in the world for backache and all kidney troubles is Doan's Kidney Pills.

We have thousands of testimonials from all quarters of the globe to prove this. Here is one from a party who used them in England, but who is now a resident of Canada.

Mr. P. R. Glauville, Wycliffe, B. C., writes: "When living in the 'Old Country' three years ago, I suffered severely from pains in the back, and had to give up work. The pain was so bad that when I stooped down to pick anything up, I felt my back must break. I tried all sorts of remedies and several doctors, but all to no purpose. One day I read of Doan's Kidney Pills, and thought I might as well try them, and to my surprise, before I was half through one box the backache had entirely disappeared, and it has not caused me any trouble since. I always keep 'Doan's' in the house and shall always recommend them to all sufferers."

Price 50 cents per box, or 3 boxes for \$1.50, at all dealers, or mailed direct on receipt of price by The T. M. M. Co., Limited, Toronto, Ont.

Dr. Grenfell in Labrador

Douglas Palmer contributed the following interesting article to The Outlook:

It is eight months now since I have heard the whistle of a steam engine. A rare sight it is to see so many teams of dogs coming and going, to hear the drivers shouting as they guide the animals, or even to see them driving the harnesses to keep them from fighting. But if they really start to fight, they generally do it in a "chance," it takes more than words to end the fray. All of the dogs of one team will stick together against those of any other. But the wonderful thing about it is that it is apt to be a great mixup of harnesses and dogs.

Speaking of dogs, I have just returned from my first dog sled journey of about 150 miles, made under conditions which, according to the local people, were about as bad as could be. The dogs were all of the same breed, and they were all of the same color, and they were all of the same size. They were all of the same breed, and they were all of the same color, and they were all of the same size.

When there is no coal dealer within some hundreds of miles of where you are trying to run a hospital and an orphanage and many other buildings, and where there is no communication from five to seven months, it becomes necessary to put in a hundred tons of coal or more for the winter, and that means you must have a place to store it. The same applies to all necessities of life—to flour, sugar, meat and oil, to all kinds of tools and hardware, to paints and turpentine, which you buy by the cask, to hay and food for cattle and sheep, to a thousand things. It applies as well to things you use as to those you consume. Everything must be on hand. The Mission must have its own forge, for it runs its own electric light plant, and so must keep the same in repair. And there must be buildings to store all these things—more buildings than the outside realizes. Last summer a fireproof oil storage tank, a large machinery building, a double cottage for workmen, and Dr. Grenfell's private house were all built, besides the hospital and the orphanage additions. There was progress all along.

And growth will continue. The government has made a grant towards a wharf, so that instead of having to bring in many as fifty patients, with all their baggage, in an open boat to the shore, we shall land them on the wharf at the door of the hospital. On stormy days it has been no easy task to get patients to and from the steamer. This wharf is already giving work to a gang of men in the woods (who otherwise could not get employment) to cut timbers, and to another crew who are successfully using reindeer to bring the logs to tidewater.

Tuberculosis in all its forms is a far greater curse to this country than to most, because of badly ventilated houses and habitual spitting on the part of almost all the men, who thus spread the disease. Far and away the greater part of all the deaths in these four mission hospitals come from this cause, and were there any exact statistics the same would be found true for some time. Till the government authorities have taken no action to foster antitonia, etc. But now the government has asked Dr. Grenfell to experiment with the outdoor treatment (he has used it for years in the hospitals) and to build on up-to-date equipment for a capacity for ten or twelve beds. This request shows, in a measure, the confidence there is

Can't Cure Bronchitis

But the Healing Fumes of Catarrh-zone, Which are Breathed to the Furthest Recesses of the Bronchial Tubes, Bring Quick Relief and Sure Cure.

Every sufferer from coughs, colds and bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs, attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is

"Catarrh-zone," a germ-killing balsamic vaporizes through the throat down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure medicinal essences, whereas with a syrup the affected parts could not be reached, and harm would result through benumbing the stomach with drugs.

"I have been a chronic sufferer from Catarrh in the nose and throat for over eight years. I think I have spent more money trying to get relief. I have spent but six dollars on Catarrh-zone, and have been completely cured, and in fact have been free for some time. Catarrh-zone is the only medicine I have been able to find that would not only give temporary relief, but will always cure permanently. Yours sincerely (signed) WILLIAM RAGAN, Brockville, Ont."

BRIDEGROOM GONE, DATE IS CANCELLED

Bronx Girl Calls Off Wedding Set for Sunday—Engaged Three Years—Mrs. Hess Did Not Approve Choice.

New York, N. Y., Nov. 23.—Because her fiancé, Victor Sherwood, said to be a wealthy real estate dealer, left his home at No. 145 West 142nd street nearly two weeks ago, saying he intended to reside in Atlanta, Ga., Miss Margaret Hess, of No. 73 West 128th street, yesterday notified the Rev. Jas. W. Power, pastor of All Saints Roman Catholic church, 129th street and Madison avenue, that their marriage which had been arranged for Sunday will not take place.

Friends of Miss Hess were surprised when they learned yesterday that her engagement to Mr. Sherwood, which was announced near or three years ago, had been broken. Last week Mr. Sherwood and his fiancée were at the rectory of All Saints church to arrange for the wedding, and although Mr. Sherwood refused to sign a marriage agreement, a dispensation was granted to the couple. Mr. Sherwood is not a Catholic.

When she mentioned this to Mr. Sherwood last May, a disagreement resulted, Mrs. Hess said, and he never went to her home again. The engagement was broken, but it was renewed in September.

When Mr. Sherwood failed to keep an appointment with Miss Hess last Sunday, the young woman was surprised and receiving no explanation she and her mother went to No. 145 West 142nd street to learn the cause. Mrs. Hess said that when Mr. Sherwood boarded, said he had packed his belongings last week and left the house, giving Georgia his intended destination.

A son of Mrs. Reitenstein last night said: "It is well known. His real estate interests take him into several states. Many men prominent in sporting circles are well acquainted with Sherwood. He has lived here for eleven months. His home is in Covington, Ky."

At the rectory of All Saints church it was said last night that the marriage date had been stricken from the record book.

PERSIAN SITUATION

London, Nov. 23.—Questioned as to the entry of Russian troops into Persia in spite of the compliance of the Persian government to the Russian ultimatum, Foreign Secretary Sir Edward Grey, stated in the House of Commons this afternoon that while Persia had agreed to comply, the matter was not likely to be completed for a few days. In meantime the Russian government had assured the British government that the despatch of troops was only a temporary measure in order to secure satisfaction.
