LOOKING FOR NEW SITE.
At a meeting of the Thistle Curling Club on Monday evening it was decided to lease the club house and rink from the new owners, the Sisters of Charity, for the coming season. Plans are being discussed for the erection of a new building, and six different sites are under consideration. Dr. L. A. Langstroth presided at the meeting.

Canadian War Hospital Fund

That for Serbia, Montenegro and Macedonia Which Was Established as Canadian Enterprise Has Received Hearty Support.

The Canadian War Hospital Fund for Serbia, Montenegro and Macedonia which was established as a Canadian Enterprise with Headquarters at Winnipeg, and which has received hearty support from all sections of Canada, has now reached the stage where actual work is being done in the Balkans under the personal supervision of Dr. F. W. E. Burnham, the founder and President of the Fund, who has been a prominent Surgeon in Winnipeg for many years.

The object of the fund is to provide good medical and surgical treatment for:—
1.—Soldiers who are suffering from old wounds, had joint, chest troubles, rheumatism and the many kindred ailments which have resulted from hunger and long exposure in the fighting line.
2.—Serbian women who, for over three years, have received no other medical treatment than that which the enemy in occupation have chosen to give them.

3.—Soldiers and civilians who have endured slow starvation and torture in the Austrian and Bulgarian prisons.
4.—Children, who because of the war are orphans and homeless.

Dr. Burnham, after many delays in England, owing to unsettled conditions in the Balkans, reached Montenegro about three months ago and engaged in a general tour of inspection of the medical, educational and economic situation generally.

In letters received from the doctor, the need for Hospital, Medical and Surgical assistance in those countries is shown to be most urgent.
The doctor states that in and around Duligno, where his Hospital headquarters will be established, there are five cities of from two to six thousand population without a hospital or doctor. In fact Dr. Burnham is the only surgeon there now. The conditions of the country aside from starvation are most unsanitary, with malaria and typhus rampant.

Dr. Burnham made his tour of inspection through Montenegro and Serbia practically all the way on foot. At one stage of the journey he was compelled to walk forty miles without food, accomplishing this distance over three mountains in twelve hours steady plodding. He was laid up for three weeks in Belgrade on account of his ankle giving way to the strain. Four volunteer nurses and aides: Mrs. Dr. Burnham, Miss Glenn, Miss Anderson and Miss Tokar, all of whom with the exception of the first named have had hospital experience in the Balkans, leave England shortly to join Dr. Burnham at Duligno. The bulk of the work will only be done by ambulance service until the first Hospital at Duligno is ready for occupation.

The response to this fund has been very liberal, but it is felt that Canadians will recognize their duty and continue the support of these noble workers in the field who are giving their time and services to the work without remuneration.
The Canadian War Hospital Fund has been strengthened in its efforts by the appointment of a strong Advisory Board with Mr. R. T. Riley, manager of the Northern Trusts Company, Winnipeg, Manitoba, as treasurer, and a strong appeal is now being made for support to this worthy charity. The officers of the Fund are:

President—Frederick W. E. Burnham, M. D., C. M.
Hon. Treasurer—Mr. R. T. Riley, Winnipeg.

Hon. Secretary—H. W. Whittle, K. C., Winnipeg.
Advisory Committee—
Sir Daniel H. McMillan, K. C., M. G. O., Winnipeg.

Hon. Mr. Justice Fullerton of the Manitoba Court of Appeal.
R. T. Riley, Esq., Director Union Bank.

Alex. Macdonald, Esq., President Macdonald-Chapman Limited.
Mrs. Colin H. Campbell, President I. O. D. E. for Manitoba.

Alan M. Stewart, Esq., Manager Retail Lumbermen's Fire Assurance Association.
Major G. W. Andrews, D. S. O., M. P.

Mrs. Olive M. Aldridge an English lady who was serving in Serbia during the fighting which led to the capture of Monastir, has agreed to devote a few months of her time to assist this fund. She is now in Canada and it is proposed to arrange meetings and lectures for her so that the Canadian people may have an opportunity of hearing from her lips the true and awful details of the effects of the War upon little Serbia and Montenegro, whose sufferings were, if possible, greater than those of Belgium. Mrs. Aldridge is a very eloquent speaker and is also the author of "The Retreat from Serbia," so that the Canadian War Hospital Fund may be congratulated on securing her voluntary aid in the endeavor to put the true situation and needs of the Balkans before the Canadian people.

Subscriptions already received are being applied to the work but must be replenished, and those in charge of the Fund feel that it is the duty of all to support their workers to the utmost. Subscriptions are earnestly solicited from all those interested and remittances should be sent to the Honorary Secretary, Canadian War Hospital Fund, 808 Union Trust Building, Winnipeg. All subscriptions will be acknowledged in the public press as well as by letter.

AN IRISH SHIP OF MYSTERY

Secrets of a Cargo to be Probed Today—Armed Guards.

Cork, Sept. 12.—The truth about the Hampshire Coast, the steamer which left London on Wednesday and was escorted into Cork by a destroyer on Sunday, will probably not be known till the unloading of the cargo has been completed tomorrow afternoon.

The authorities have for some days past been on the look-out for a vessel which left London about the middle of last week for an Irish port, and it was reported that two cruisers were on the watch last week near Dublin Bay. It was rumored that the vessel was believed to contain arms or ammunition, or both, which were not for Government purposes. Cork Harbor has been closely watched, and yesterday morning, when the Hampshire Coast was near the harbor mouth, she was boarded by Marines from an Admiralty motor launch and taken to Penrose Quay, opposite the offices of the City of Cork Steam Packet Company, by whom she chartered.

The military and police who boarded her on her arrival remained in charge last night, and intend to remain until her cargo is unloaded.

Fixed Bayonets.

Since this morning a number of men have been engaged in discharging her, while troops, some of them with fixed bayonets, and a number of police, are looking on. It is not expected that the work will be completed before tomorrow afternoon.

The general manager of the City of Cork Steam Packet Company, who is posted on board the vessel of a suspected nature.

"The whole matter is a complete mystery for us," said a member of Coast Lines, Limited, to a Daily Express representative yesterday. "This vessel is on charter from us to the City of Cork Steam Packet Company, and she has been running between London and Cork for some time carrying merchandise."

"We have not received any official intimation of the Hampshire Coast having been taken into custody and we are naturally greatly surprised if such is the case."

"Is there any truth in the rumour that she had munitions on board?" asked the Daily Express representative.

She was carrying a general cargo," was the reply. "There was nothing of a contraband nature on board as far as we know."
The owners added that, while it was inconceivable that any one connected with the Cork company would accept munitions, it was possible that a large consignment of pianos, for instance, might contain arms.

The Hampshire Coast is a steel steam steamer of 787 gross tons, and was built in 1911 by Messrs. W. Harkes and Son, Limited, Middlesbrough. Her port of registry is Liverpool.

HUMAN BARRICADE

Crowd Link Arms and Hold up Motor Bandits.

An exciting chase after a taxicab driven by alleged jewel thieves and the "hold up" of the vehicle by a human barricade across the road were described at Old Street yesterday.

Israel Rosenthal, taxicab driver, and Francis Thomas were charged with being concerned with a man not in custody in stealing a tray of rings valued at £251, the property of Philip Grundland, and, further, with attacking him.

Mr. Grundland stated that the man not in custody entered his shop, sold a tray of rings, ran out of the shop, and entered a taxicab.

"I jumped on the step and called to the driver to stop," said Mr. Grundland, "but he drove on. One of the men in the cab bit my hand and caused me to drop off. I shouted, and some people joined in the chase. They linked arms across the road, and a man put his hand to his hip pocket as if to draw a revolver. The cab then stopped."

The men were remanded for a week.—London Express.

MUTINY ON THE HIGH SEAS

Captain Powerless to Defend His Wife.

A thrilling tale of the sea reminds one of the days of mutiny and piracy was told to the Portland magistrates yesterday, when five members of the crew of the oil tank Mariska were charged with mutiny at sea on August 3.

Their names were John Cody, Geralt Lynch, Michael Connell, Pat Connell, and William Horner. The first three were charged with causing grievous bodily harm to the captain of the vessel, Charles Allen, and Pat Connell and Horner were charged with wilful neglect of duty.

The men were brought to Portland in irons. They had also been kept in a French prison awaiting trial, and yesterday they presented a dishevelled appearance with a month's growth of beard.

"The ship left Halifax on or about July 3," said Captain Allen, "with a cargo of pure alcohol, glass, and other goods, bound for Baltimore and then Brazil. I was told on August 3 that trouble was brewing in the ship owing to some of the crew having interfered with the alcohol in the hold. The five men, who were under the influence of the liquor, began chasing other members of the crew about, beating them and knocking them down and behaving like madmen."

"Threat to Kill."

"They came up to me on the bridge, called me a white-livered son of a — and said they meant to kill me and throw me overboard. Cody, Lynch, and Mike Connell said that they were going to hoist the red flag."

"Not as long as I am in the ship," I said.

I pulled out a .38-1 revolver and said that I was going to shoot. "Shoot be —" replied the mutineers, preparing to rush at me.

"I pulled the trigger three times, but it only clicked. It had evidently been 'doctored.' They then pounced on me and knocked three of my teeth out. They chased me down to my cabin and Mike Connell held a revolver to my ear as he pinned me to the settee. The others chased my wife all over the ship until, in desperation, she was about to jump overboard, when the chief officer stopped her."

"An S.O.S. message had been sent out by the wireless operator, and the War Khan came on the scene. An armed boarding party of nine then came to the Mariska."

The chief engineer said that he stopped Cody as he was chasing the captain's wife, an said, "For God's sake don't touch the woman." The mutineers were put in irons, but Mike Connell, who resisted, had to be knocked down.
Cody, Lynch and Mike Connell were committed for trial to Dorset Assizes. The others were discharged.

AFTER EATING PLAY SAFE

"Now Its Back to Work and No Chance for indigestion With These Stuart's Dyspepsia Tablets."

Stomachs are strong enough to grapple with all conditions of restaurants, hotels, clubs, depots and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that you may eat rich and palatable food served or selected and not be troubled with gas, sour risings or such forms of indigestion. These tablets digest food, they assist the stomach secretions and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

You can get these tablets in any drug store anywhere in the United States or Canada, which shows in what general favor they are among those who have learned how to enjoy their meals.

Ingersoll watches are built to keep accurate time.

25 years experience proves it. The system of tests and inspections assures it. Inspected after each factory operation. Tested in from 3 to 6 positions. Timed in the case.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful woman. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 16 years of age, very sickly and pale and had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 2 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels new and strong. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. Fiske, 515 Macy Avenue, Brooklyn, N. Y.
