

MRS. BROWN CAN EAT HEARTY NOW

Never Sits Down at the Table Without Thanking Tanlac for Her Restored Health.

"For the first time in years I am able to eat a hearty meal without suffering afterwards, and I can never sit down to the table without feeling grateful to Tanlac," said Mrs. W. R. Brown, of 37 Rottenburg St., Halifax, Nova Scotia, recently.

"Before taking Tanlac I had suffered for four or five years from a bad case of indigestion. My appetite was very poor, and often I would go to the table and just drink a cup of tea and not eat a thing. I dared not eat anything at all heavy, as I always suffered agonies afterwards, and in fact after nearly every meal I bloated up with gas and had the sharpest kinds of pains in the pit of my stomach. I hardly knew what it was to be without a headache and had awful spells of dizziness, when everything seemed to be swimming around before me. I worried a great deal about my condition and was very nervous and hardly got a good night's sleep. I had no little strength or energy it was all I could do to get any of my housework done at all. I felt tired and worn out all the time, and there were times when I got so broken down I just had to take to my bed.

"But thanks to Tanlac all these miseries are past and now I am as well as I ever was in my life. My appetite is splendid and I can eat just anything I want and never suffer from gas or pains of any kind. I never have a headache now or a spell of dizziness. My nerves are steady and I sleep soundly every night, never waking up till morning. It is certainly a pleasure to tell of what Tanlac has done for me. From now on I never expect to be without a bottle in the house."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Advt.

C. S. L. SHIPS IN BIG BUSINESS

Passenger Trade Shows Million Dollar Increase Already This Season.

Special to The Standard.

Montreal, Sept. 6.—Canada Steamship Lines, Limited, is just emerging from the most prosperous passenger season in the history of the transportation consolidation, with freight traffic on the Great Lakes well above the volume of last year, according to a statement made by J. W. Norcross, president and managing director of the enterprise.

"So far as passenger traffic is concerned, our receipts are almost \$1,000,000 in excess of those reported up to this time last year. The steamers operating on all divisions of the system have been patronized to an extent which surpasses all former records, with enquiries as to accommodations for next year of a nature as to indicate that business in 1921 will be well up to this year's record-breaking standards. Our hotels are booked almost to capacity for next year, after an excellent season so far in 1920.

"Freight business on the Great Lakes has also shown material growth, and with the western crop movement in augmented in the course of the next ten days or two weeks, our earnings in this department will be well in excess of those of last year."

Mr. Norcross stated that ocean-borne traffic has not been up to the 1919 level, but the increases in inland passenger and freight business would more than make up for the deficiency in this respect. The current year's results from inland traffic would, in all likelihood, be maintained next year, while ocean freights might undergo improvement.

It is useless to worry and useless to tell a man that it is useless to worry.

CANADIAN CLUBS ASK LL. GEORGE TO VISIT CANADA

Sir Arthur Currie Delivers Brilliant Address at Annual Meeting.

Montreal, Sept. 6.—General Sir Arthur Currie delivered a brilliant address in opening the eighth conference of Canadian Clubs, which began a two day session in the new medical building at McGill University this morning.

The Rev. Dr. Symonds, rector of Christ church, followed with a warm address of welcome to the delegates, in which he said a high tribute to the work of Colonel McCullough, of Hamilton, as the father of the Canadian Club movement, and gave particular praise to the series of addresses given by the Canadian Clubs during the war, which, he said, proved of great value and covered remarkable range of subjects, and had a great deal to do with keeping Canadian informed and enthusiastic during the trying period.

Want Lloyd George.

A cordial invitation was extended to Premier Lloyd George to visit Canada as soon as he could find an opportunity, the motion to extend the invita-

tion being put by Messrs. Craig and Casey, of Winnipeg, and unanimously adopted. It was also decided to send a loyal cable to King George, and a special cable of greeting to the Prince of Wales, as patron of the Associated Canadian Clubs.

There are over fifty delegates in attendance at the congress, representing all the large Canadian Clubs, from Victoria and Vancouver to Halifax and St. John, and it is a noticeable feature that of this number over half are of the fair sex, representing the Women's Canadian Club.

An invitation to meet in Winnipeg next year was unanimously adopted.

CANADIAN SHOES FOR CANADIAN PEOPLE

To the People of Canada

THERE are many things which you need not buy unless you choose. But footwear is not among them. You must have shoes. From the standpoint of your health, as well as for comfort and appearance, *good shoes* are a *necessity*. And that fact alone places upon the manufacturer of shoes a responsibility which he must at all times appreciate.

That responsibility to the Canadian public is shared by the 158 manufacturers of shoes in Canada, from whom you buy nearly \$50,000,000 worth of footwear every year.

The fact that we have built up an industry of such magnitude is the best evidence that we do appreciate this responsibility. One may think that our responsibility ends when we have produced footwear of honest value and sincere workmanship, and have placed it on the shelf of the retail store where it is accessible to you. That is one essential service which our industry is called upon to render.

But we cannot dismiss our responsibility quite so easily. We believe that we should do more than that.

Good shoes are of such daily importance that we ought to make public certain facts and conditions which govern the quality of the product we make, and the value which you receive for your money. We ought to point out clearly, the part which *you* play, and the influence which *you* exercise, in establishing those conditions. We should urge upon you, *your own responsibility* in the matter, and show you just how you can help to maintain the quality of the footwear which we offer you.

This is the first advertisement of a series which will be devoted to that purpose.

Canada produces footwear of every desirable type, and of standard quality in all grades. When you buy *Made in Canada* Footwear you are assured, at fair prices always, of the utmost that modern skill can produce in *Comfort, Service and Style*.
