Fredericton, N. B., June 9.—A very pretty wedding took place in the Advent Christian Church, North Devon when Charles P. Henderson, of West Head, N. S., and Miss R. L. Chase, of North Devon, N. B., were united in

marriage by the pastor, Rev. R. W. MacCaul. The church was prettily decorated for the occasion and the many friends of the happy bride, who was formerly instructor at the Fredericton Business College, filled the church to overflowing to witness the marriage. Mr. Henderson, who has recently accepted a call from the Advent Christian Church of West Head, N. B., will be ordained to the ministry the latter part of this month. The happy couple left by C. P. R. from Devon this afternoon to attend the Advent Christian conference, which is being held with the church at Zealand. On their return they will stop a day at North Devon after which they will start for West Head, where they will reside.

Business of the Body Conducted Rapidly and Without a Hitch.

Quebec, June 9.—The Canadian Manufacturers' Association in annual session here at the Chateau Frontenac this morning took up consideration of the report of its tariff committee. This report gave a review of tariff legislation introduced during the past year in different countries, and observed: "The general tendency throughout the world has been to increase the tariff rates designed to protect home industries and to prevent dumping." Discussing the situation in Canada the report says:

"Although revision of the Canadian tariff has been postponed owing chiefly to the lack of knowledge of the provisions which would be contained in the new United States tariff, it is certain that revision of the Canadian tariff cannot be deferred much longer and in that revision no departure should be made from the national policy of safeguarding and developing all the industries of the country." The report also dealt with the subject of free ports, pointing out that there was a movement last year to make Vancouver a free port which got considerable support on account of lack of information. The tariff committee has collected a great deal of data on this point tending to show that the greatest ports of the world are not free, that advocates of them, whether designed or not are playing the game of free trade theorists, while the customs cordon which would have to be thrown around the free zone would be more expensive than the present system of warehouse.

**W. S. Fisher Elected.**

W. S. Fisher, St. John, N. B., was elected president of C. M. A. at the concluding session this afternoon of its annual convention. Other officers elected were:

John R. Shaw, Woodstock, Ontario, first vice-president.  
C. Howard Smith, Montreal, second vice-president.

Thos. Roden, Toronto, treasurer.

The following were elected as chairmen of the standing committees: Tariff committee—Jos. Pickard, Quebec.

Transportation committee—Arthur F. Hatch, Hamilton.

Legislation committee—C. J. MacFarlane, Toronto.

Membership committee—P. E. Jobert, Toronto.

Insurance committee—Arthur Hewitt, Toronto.

Industrial relations—S. R. Parsons, Toronto.

Commercial intelligence—J. O. McMurray, Toronto.

Publishing committee—J. F. M. Stewart, Toronto.

Education—B. W. Coughlin, Montreal.

Resolutions, dealing with the tariff and a number of other public matters, were passed by the convention this afternoon.

**Protective Tariff.**

That on the tariff placed the Canadian Manufacturers' Association on record as urging the parliament of Canada in the next revision of the Canadian customs tariff, to provide and maintain an adequate tariff protection for Canadian enterprise and industry, so as to encourage the investment of capital, facilitate the development of natural resources, furnish Canadians with employment and retain and enlarge the market in Canada for Canadian produce from farms, factories, mines or other sources. The other resolutions congratulated the dominion government on completing a trade agreement with the British West Indies and asked it to try and negotiate similar treaties with Australia and other British dominions; asked for a conference between the dominion government and provincial governments, with a view to determining upon and agreeing to a taxation policy which would prevent overlapping; urged the establishment by the Canadian government merchant marine lines and a direct steamship service between Halifax and Vancouver, via the Panama Canal, so that the products of British Columbia, the maritime provinces and the British West Indies could be exchanged and expressed the opinion of the association that the creation by the dominion government national research institute would be a measure of true economy because it would tend to increase national wealth.

**Hon. C. C. Ballantyne.**

Hon. C. C. Ballantyne, minister of marine, addressed the delegates at a noon luncheon. He remarked on the smiling faces of the manufacturers and informed them that the temporarily hard times were not spoiling their optimism.

He urged the manufacturers not only to develop their home markets but to go into foreign fields and draw attention to other accommodations provided in government steamers for travellers anxious to go to inaccessible parts of the world.

**OBITUARY****Mrs. Ada Patton.**

C. W. Christopher received a telegram yesterday morning notifying him of the death of his sister, Mrs. Ada Patton, which occurred at her home in Somerville, Mass. She was a daughter of the late John Christopher of West St. John, but left here about thirty years ago. She is survived by her husband, three children, two brothers, C. W. Christopher of this city and Albert Christopher of New Jersey, and one sister, Mrs. Emily Blagden of Liverpool, England. Her body will be brought here on the Boston train next Monday and inter-

Miss Bessie Cook.

Dorchester, N. B., June 9.—Death has entered the young life of our town and claimed Miss Bessie G. Cook. She was a popular young lady and had been ill for the past two years. Miss Cook was the daughter of Mr. and Mrs. Robert Cook. Besides her parents she is survived by three sisters, Mrs. Lorne Rockwell of Dor-

chester, Mrs. Wm. Farrell of Amherst and Miss Frances at home.

The funeral will take place on Friday afternoon. Service will be conducted by the Rev. Mr. Lumsden, acting pastor of the Baptist Church.

Good home made bread is the most palatable, wholesome and nourishing food in the world. It is far more economical than any other staple food. If people would eat less meat and other heavy foods they would feel better and help to keep down the cost of living. Bread made in the home with Royal Yeast Cakes is more nourishing and appetizing than any other. Nothing healthier for children and grown ups.

**ROYAL YEAST CAKES**

A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.

Yeast is a food. It supplies the water soluble vitamins which the diet may lack. Scientists tell us that this vitamin is essential to good health. Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet.

Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. Constipation and other ills will be relieved. For children reduce the amount to one-half or one-quarter of a cake with each meal.
