

A police force that has been trained to handle firearms with skill is a strong deterrent to crimes of violence so prevalent in this age. To create more interest and skill in revolver shooting amongst our police forces, the Dominion Ammunition Division of Canadian Industries Limited has, under the auspices of the Chief Constables Association, instituted through the Dominion Marksmen a series of revolver team competitions.

# R.C.M.P. Scores Again!

**A**LTHOUGH a Royal Canadian Mounted Police constable only draws his revolver under extremely urgent circumstances, when his gun leaves the holster it means business . . . bad business for the law breaker! This highly trained force turns in handsome scores. All cartridges used by the R. C. M. P. carry the Dominion name, the prestige of which is in safe keeping with these alert guardians of law and order.
