UNABLE TO WALK FOR A YEAR

Paralysis Entirely Relieved by "Fruit-a-tives"

The Wonderful Fruit Medicine

Paralysis is a break-down of the Nervous System and affects the victim in various ways. Sometimes, nervousness makes itself known by hysteria, insomnia, constant headaches, or it may be so bad that one is partially or completely helpless in some part of the body, just as Mrs. Heacock was.

SARLE STE MARIE, Ont.

"When I was twenty-eight years of age, my doctor advised me to have an operation, which I did and it proved very serious, leaving me weak and unable to walk for a year. Seeing your 'Fruit-a-tives' advertised in the papers, I decided to try them. I continued to use them regularly, and today I am able to go about my home duties and care for my family."

MRS. J. W. HEACOCK.

Any form of Nervousness is often caused by, and is always aggravated by, Constipation, which poisons the blood, irritates the kidneys and inflames the nerves. "Fruit-a-tives" stimulates the action of liver and bowels, kidneys and skin—tones and sweetens the stomach—keeps the blood pure, and builds up the entire nervous system.

In a word, "Fruit-a-tives" has proved that it is the most scientific and effective remedy in the world for Nervousness or a disordered condition of the nervous system.

ANNOUNCEMENT

Present trade conditions make it absolutely necessary to make some changes in existing methods of doing business. Manufacturers and wholesale dealers have realized this, and in consequence have so shortened credit terms that in order to purchase goods in the right markets and at right prices settlements must now be made on a cash basis.

Then, again, the higher prices of goods now prevailing means a much larger investment of capital, and in an effort to keep prices within bounds the percentage of profit now is materially reduced when compared with profits obtained under normal conditions before the war, and in face of this reduction in profits the overhead expenses of doing business have increased.

During the past five years I can honestly say that no excessive profits have been taken in my business, and I am firmly convinced that the same can be said of the other retail merchants in our town.

After a most careful study of the situation, and with a firm conviction that the necessity for credit no longer exists, I wish to announce that after April 1st my business will be conducted on a CASH basis. Monthly account terms will, as usual, be given to corporations, factories, contractors, schools, churches, drillers, and customers building or painting houses. Goods ordered by phone or letter will be due at end of the month in which ordered, settlement of monthly accounts to be made by 10th of the month following purchase.

I trust that my customers and the public in general will appreciate the fact that I am taking this step in an endeavor to give them better prices and better service than would be possible under other conditions, and would solicit a continuance of the splendid patronage accorded me in past years.
