

## ITALIANS OCCUPY THE ENTIRE DOBERDO PLATEAU

The Austrians Have Been Driven Back Beyond the Line of the Vallone River.

A despatch from London says: The Italians continue to press their advance on the lower Isonzo lines. They have now reached the line of the Vallone River, advancing, since the fall of Gorizia, about four miles on a front of 20 miles. The entire Dobro plateau is now in their possession, according to official despatches from Rome, as well as the towns of Rubbia and San Martino del Carso. The number of Austrians taken prisoner is reported to have been increased by several thousand.

The Italians are now approaching the strong defensive line established by the Austrians in the mountains east of Gorizia, and a resumption of the desperate battles for high peaks is expected to mark the new phase of the offensive.

Vienna reports the repulse of Italian attacks east of Gorizia, as well as the Dolomites, but Rome admits that

the principal gains have been made north and south of Gorizia. Several fighting is being waged in the Plava region, the Austrians claiming that all their lines have held.

The Austrians are still holding out on Monte San Gabriele and Monte San Marzio, the Italians admit, but it is asserted that the attacking troops have reached the western slopes of the latter position, as well as the line of Veroliva.

Austrian aeroplanes have again raided Venice, and Rome admits that, while some damage was done to buildings, there were no casualties.

The brunt of the fighting is being borne by the Italian third army, under the leadership of the Duke of Aosta.

This army, which captured Gorizia, has been in almost constant action for a week, the divisions fighting in relays day and night. Their advance in the last day is one of the most notable of the war.

## TEUTON TROOPS IN FULL RETREAT

Russians Smashing Through on Wide Front to the Galician Capital.

London, Aug. 13.—The semicircle formed by the Russian army chain in Galicia from the region south of Brody to the area south of Stanislaw has been drawn an average of 10 miles closer to Lemberg during the last 24 hours. Swiftly rolling up the armies of the Austrian throne held in the direction of the Galician capital, the main goal of the Russian drive is the south, the Muscovite forces drove the Teuton defenders from the greater part of their positions on the four great streams which formed the main natural obstacles on the road to Lemberg from the south-east: the Serezh, Stripa, Korypiec and Zlota Lipa. Though fighting desperate rearguard actions, the Austro-German troops are rapidly retreating on the whole front from the head waters of the Serezh down to the eastern and southern approaches of Halicz, the withdrawal having become necessary with the fall of Stanislaw last Thursday.

As a result of yesterday's and today's fighting the Russian "gates" of Lemberg, Halicz and Brzezany are now in the range of the Russian artillery and their fall is near.

Four important towns fell to the Russians during the last 24 hours. The possession of each serves to tighten their grip on Lemberg. They are: Ezerza (Jezerna), between the Stripa and Serezh rivers, 63 miles south-east of Lemberg; Potok (Podkowiec) on the Korypiec, 30 miles to the north-east of Stanislaw, and only 15 miles south of Brzezany. From Podkowiec a trunk railroad runs north-west through Brzezany directly to Lemberg, which is 61 miles away as the crow flies. Horozonka, west of the Zlota Lipa, ten miles north of Halicz, Maryampol, on the Dulester, 10 miles to the south-east of Halicz.

Thus Halicz is being encircled and the Teuton lines there, menaced since the fall of Stanislaw, have become untenable.

## HAIG'S AND FOCH'S TROOPS MAKE IMPORTANT ADVANCE

British Push Forward on Mile Front—French Move Eastward 1,000 Yards on Four-Mile Front.

London, Aug. 13.—Indications that a new general attack by the British toward Bapaume is near came in the news today that they had gained 300 or 400 yards on a front of nearly a mile north-west of Pozieres and that heavy fighting was going on all along the line. The Anzacs again were the heroes of the advance.

The British advance followed a brilliant success by the French on Saturday night, when Gen. Foch's troops penetrated the German third line of trenches on a front of three and three-quarter miles and to a depth of nearly two-thirds of a mile from Hardecourt to Bouscourt. The French forced their way in the village of Maurepas and took a thousand Germans prisoner and captured thirty machine guns.

Heavy German counter-attacks against both French and British failed last night. One terrific drive against

the newly won French positions in Maurepas was repulsed with heavy loss only after a bitter struggle. Following the French pushed forward on a front of 10 miles to the south-east slopes of Hill 109 to the south-east. The Teutons were no more successful in attacks against the British south-east of Guillemont, while north of Pozieres a contemplated blow was forestalled by a British aeroplane, which reported the concentration of large forces behind the Mounaure Farm, enabling the British artillery to take these battalions under a heavy fire and put them to flight.

The British gains today take them nearer to both Martinpuich and Courcellette, key positions on the Bapaume road. The German statement tells of heavy attacks being repulsed along this line, and also of an attack in the Guillemont sector.

## INCOME EQUALS BRITISH BURDEN

Chancellor of Exchequer McKenna Reveals Financial Strength of Empire.

A despatch from London says: Reginald McKenna, Chancellor of the Exchequer, was subjected to criticism in the House of Commons on Thursday on the ground of over-reliance upon Treasury bills, his critics arguing that the large amount of such bills outstanding constituted a danger, and that the Government ought to have issued another war loan.

In the course of his reply, the Chancellor claimed that Great Britain was able to borrow abroad at much lower terms than any other belligerent power. He estimated the nation's total indebtedness at the end of the present financial year to be \$3,400,000,000.

From that amount, said the Chancellor, the nation was entitled to deduct \$500,000,000 loaned to Allies and Dominions of the empire, the sum left being a burden it could well sustain, as it was practically balanced by the national income. He declared Great Britain was in the position of a man whose income was \$5,000,000, whose debts amounted to \$5,000,000, which was not an alarming position.

8,000 PEOPLE HOMELESS.

Property Damage in West Virginia Clouded by Very Heavy.

A despatch from Charleston, W. Va., says: Investigation conducted ever since daybreak, in the face of such obstacles as prostrated telegraph and telephone lines, vanished or impassable roads, bridges and streams, prove that the storm which swept the mining and lumber regions of Coal River and its tributaries on Wednesday took a toll of more than 100 lives, caused property damage of approximately \$5,000,000 and made between 8,000 and 10,000 homeless. The flood extended over an area of nearly 400 square miles, and reached its greatest destructiveness in the valleys of Paint and Cabin Creeks, which are lined with coal mines. The mines are flooded and otherwise injured to such an extent that it may be weeks before they can again be operated.

## AUSTRIAN PRISONERS A BEGGARS BRIGADE.

A despatch to The London Times from Italian Headquarters says: The Austrian prisoners whom I have seen were made up of stalwart youths and men over forty. There seemed to be none between. They were in the worst possible condition, with nothing resembling a uniform—a veritable beggars' brigade—and they quite bore out the statements of an escaped Russian, with whom I spoke on Sunday morning, about the extremely bad equipment and food of the Austrian troops on the Isonzo. Very few of these men had more than one hundred cartridges in their belts, which goes to show how unprepared the Austrians were for an attack upon them.

## MORE RUSSIAN TROOPS HAVE LANDED IN FRANCE.

A despatch from Brest says: Another contingent of Russian troops has been landed here. The soldiers were given an enthusiastic welcome. The first Russian troops to land in France arrived at Marseilles on April 20, having sailed half way round the world from Vladivostok. They were followed by three other contingents, and after a short rest were sent into the trenches in Champagne. Nothing has been made public officially as to the number of this Russian expeditionary force, but unofficial estimates have placed the strength of the first contingent at not less than 20,000 men.

## GOVERNMENT HELP TO FIRE SUFFERERS.

Federal Authorities Contribute \$100,000 to Relief Associations.

A despatch from Ottawa says: A message has been received by the Government from the president of the Northern Ontario Fire Relief Association expressing his thanks at the generous contribution of \$100,000 to the fire sufferers, and asking the Government to nominate a member of the board which is to supervise the distribution of the relief. This the Government does not think necessary, as it is confident the money will be wisely expended.

## PROPOSAL TO CLOSE LUTHERAN SCHOOLS.

A despatch from Melbourne, Australia, says: The Government of Victoria has under consideration a proposal to close all the Lutheran schools in the State. It is expected that action will be taken in the near future.

## \$25,000 FROM CANADA FOR KITCHENER FUND.

A despatch from Ottawa says: The Dominion Government has contributed \$25,000 to the Kitchener Memorial Fund, which is being raised throughout the Empire in commemoration of the great British soldier. The thanks of the committee which is handling the matter have been received.
