

# FOR BODY AND BRAIN

SINCE 30 YEARS ALL EMINENT PHYSICIANS RECOMMEND

## VIN MARIANI

The original French Cocoa Wine; most popularly used tonic-simulant in *Hospitals, Public and Religious Institutions* everywhere.

**Nourishes, Fortifies, Refreshes**

*Strengthens the entire system; most Agreeable, Effective and Lasting Renovator of the Vital Forces.*

Every test, strictly on its own merits, proves exceptional reputation.

**Palatable as Choicest Old Wines**

**LAWRENCE A. WILSON & CO., Sole Agents, MONTREAL**

## Effect of the French Treaty

**CLARETS AT HALF PRICE**

The Bordeaux Claret Company, established at Montreal in view of the French treaty, are now offering the Canadian connoisseur beautiful wines at \$3.00 and \$4.00 per case of 12 large quart bottles. These are equal to any \$6.00 and \$8.00 wines sold on their label. Every swell hotel and club are now handling them, and they are recommended by the best physicians as being perfectly pure and highly adapted for invalids' use. Address: BORDEAUX CLARET COMPANY, 30 Hospital Street, Montreal.

## The Detroit Pennyroyal Wafers THE ONLY GENUINE.

Have been so successful with Women in the treatment of

## PAINFUL AND IRREGULAR MENSTRUATION

That Physicians prescribe them liberally.

The Druggist can safely recommend them for their value to the sick.

At \$8.00 per dozen delivered, you get a good profit of 50 per cent. No need to try to work off an imitation of them.

If you want local advertising, or terms, or special remedies, write to the manufacturers.

Canadian Laboratory  
WINDSOR, ONT.

**DETROIT, MICH.**

**DR. W. E. HAMILL,**

Room 11, James Building,

King and Yonge Sts.,

**TORONTO.**

Two classes in Optics and Refraction will be formed during May—one commencing on Wednesday, May 1st, and the other on Thursday, May 16th.

The teaching embraces everything necessary for an Optician to know to intelligently and satisfactorily detect errors of vision and properly fit spectacles. The course is arranged and conducted that a beginner is piloted along step by step, covering the whole ground in such a manner that with regular attendance and moderate reading the student will almost certainly secure the necessary information to successfully pass the examinations held at the end of the course, and thus become possessor of a Diploma of much value to an Optician. After an experience of between two and three years in the schools of ophthalmology and eye hospitals of both England and America, I make no apology for saying this is the most efficient course in Canada. To those passing the examination two subsequence lectures are given, one on **RETINOSCOPY**, or the Shadow Test, a method withal easier to learn and more accurate in results than those usually employed by Opticians. The second one on the **USES OF THE OPHTHALMOSCOPE**, a moderate acquaintance with which enables one to determine where the services of the Oculist should supplant those of the Optician.

The fee for this course is \$5 in advance.

For further information apply as at we.

## RADLAUER'S ANTISEPTIC PERLES

Of Pleasant Taste and Fragrance.

**Non-Poisonous and strongly Antiseptic.**

These Perles closely resemble the sublimates and carbolic acid in their antiseptic action. A preventive of diphtheric infection.

For the rational cleansing and disinfection of the mouth, teeth, pharynx, and especially of the tonsils, and for immediately removing disagreeable odors emanating from the mouth and nose.

A perfect substitute for mouth and teeth washes and gargles. Radlauer's Antiseptic Perles take special effect where swallowing is difficult in inflammation of the throat and tonsils, catarrh of the gums, periostitis dentalis, stomatitis mercurialis, salivation, angina, and thrush.

A few of the "Perles" placed in the mouth dissolve into a strongly antiseptic fluid of agreeable taste, cleanse the mouth and mucous membrane of the pharynx, and immediately remove the fungi, germs, and putrid substance accumulating about the tonsils, thereby preventing any further injury to the teeth.

### METHOD OF APPLICATION:

Take 2-4 Perles, let them dissolve slowly in the mouth, and then swallow. Being packed in small and handy tins, Radlauer's Antiseptic Perles can always be carried in the pocket.
