More than 200,000 Persons Cured Themselves of Constipation

At home, without the aid of doctors or drugs, nearly a quarter of a million men and women have recently cured themselves of constipation. How? By bathing internally. Doctors all over the world have long recognized the virtue of this treatment. But until recently the full efficiency of the internal bath could not be obtained without the aid of costly and elaborate apparatus. Now, with a simple device known as the J. B. L. Cascade anyone can enjoy the wonderful benefit of bathing internally at home.

Bathe Internally

The J. B. L. Cascade is the invention of Dr. Charles A. Tyrell, a prominent New York physician. By its use the bowels are quickly and thoroughly cleansed of poisonous waste matter—that prolific cause of nine-tenths of all human ailments. Gentle in its action, this cleansing process rests the intestinal muscles and stimulates them to again resume their natural action. In this way the J. B. L. Cascade soon effects a permanent, positive cure

The jeweler took the ring and exam-ined it carefully. "The correct pronunciation," he said, "is 'glass.'"—Tit-Bits.
