

Co-ed Corner

By CAROLYN DEBNAM

Women's sports are off to a great start if the weekend victories of the golf and tennis teams are any indication. Congratulations are in order for the fine playing of golf team members Cathy Galusha, Wendy Fisher, and Lindsay Anderson.

For the second straight year the tennis team proved their talent even though this year they managed only a tie with the powerful British Columbia team. Our heartiest congratulations go out to team members Maida Barnett, Carol Clute, and Bev Richard.

Tryouts for the basketball, volleyball, figure skating, gymnastics and curling teams are well under way but are still open for more interested women.

Playing for a team that is representing the university is a great chance to meet people and the happy moments one finds both before and after competition are worth working for and finding out about.

Up and coming intramural sports are as follows:

- Curling, commencing Nov. 14 (4:30-7:00) at the Granite Curling Club.
- Broomball, starts Nov. 17 (7:30-9:30), Varsity Rink.
- Badminton, begins Nov. 21 (7:00-9:00) in the West Gym.
- Mixed Badminton, played only once on Nov. 26 (1:00-4:00) in the main gym. This is only one of too-few co-educational sports offered (three) so be sure you don't miss out on the fun.

Golden Bears head west to tangle with 'Birds

By STEVE RYBAK

"This game will decide who is the best team in Western Canada."

Hawaii, Portland State College and three other teams.

Head coach Fracas doesn't think the change to the Canadian game will be too troublesome for the UBC squad. "They've known about the interlocking schedule since the beginning of the season and are probably well prepared for us.

missing their blocking assignments and they aren't making the right decision when they hit the hole.

What do the Bears know about the Thunderbirds? Nothing, except three-year-old memories. And those memories are of quarterback Dick Gibbons.

"He was a passer then and he still is. The only difference is that he has three more years of experience under his belt", says Coach Fracas.

It looks as if the afternoon will be a contest between Gibbons and his

GIL MATHER ... catches well

Those are the words of Golden Bear coach Jim Donlevy describing the situation tomorrow afternoon in Vancouver in Varsity Stadium as the Bears take on the UBC Thunderbirds.

The Thunderbirds haven't played Canadian football for three years. Instead they've been playing in an American college league that includes the University of

LARRY DUFRESNE ... hits hard

They've probably been practising for us off and on for the whole season so it won't make any difference."

The biggest task is the problem of an offense that goes nowhere. The problem is two-fold—the backs are

GARY CORBETT ... throws straight

receivers and the Bear defensive backs. Last year Gibbons completed 44 passes out of 115 attempts.

"The blocking of the line has been very good, they've been opening up the holes, but it's the backs who are making the mistakes. They're making the wrong cuts. "And it's showing up clearly in the films." This is the reason Coach Fracas gives for the lack of a strong ground game.

The passing game is also falling down because of poor blocking from the backs. "They're missing their assignments and forcing Lampert to throw before he is set. Take anybody, even Y. A. Tittle (former NY Giant star) and put him in a backfield without any protection and you wouldn't see too many completions," said Coach Fracas.

UBC has a very good scouting report on the Bears and as a result Gino Fracas is putting in what he calls "a few new wrinkles". But only after the Bears have corrected their mistakes.

There won't be too many offensive changes. The only definite change will be Ross Bradford starting at halfback. Ludwig Daubner has been having minor foot troubles and does not know if he would be dressing. Coach Donlevy thought his loss would "definitely hurt the offense. He is one of the best rookies ever to come to the Bears."

A big, rough, tough defensive team and a starry, very good passing quarterback are the two obstacles that the Bears must overcome to prove they are the best college football team in Western Canada.

Victory gives Bisons share of first place

By CANADIAN UNIVERSITY PRESS

The University of Manitoba Bisons played up to their pre-season expectations Saturday, and handed Alberta its first football loss of the season, 4-2 in Winnipeg.

An inspired defence, and a field goal and a single by Dick Kohler moved the Bisons into a first place tie with Alberta with 3-1 records. The Golden Bears' points came from a safety touch scored late in the game.

Canada's new top-ranked team, Toronto Varsity Blues erupted for 15 points in the third quarter against McGill Redmen in Montreal Saturday to strengthen their hold on first place in the Ontario-Quebec league. The game marked the defending college champion's third consecutive league victory, and McGill's third straight loss.

Fullback Mike Raham scored two touchdowns for Toronto, while single majors came from quarterback Bryce Taylor, end Mike Eben and guard Don Holmes. Rookie quarterback Robin McNeil, halfback Al Schrieber and fullback Pete Howlett scored McGill touchdowns.

QUEEN'S WIN

Previously top-ranked Queen's Golden Gaels broke a second-place tie in the Ontario-Quebec league with Western Ontario by smashing the Mustangs 24-9 Saturday in London. Quarterback Don Bayne and wingback Larry Plancke combined for a 62-yard touchdown play in the fourth quarter to break a 9-9 tie. The same two players had produced a similar 72-yard touchdown effort in the first quarter.
