CHARGES WERE PROVEN.

The independent Toronto News endeavors to correct a mis-statement which has been used by Liberal journals of all classes, in their endeavor to account for the wholesale hammering of the Ross government. The News says:

Those Liberals who say that the government "went down before a campaign of slander" are needlessly adding humiliation to defeat. The charges that were laid before the people were not trumped up stories, but were based upon judgments of the courts and admitted facts. They were not personal slanders. The responsibility that was placed upon the ministers was a political responsibility, and it was upon public grounds that they were condemned. It was quite legitimate for their friends to try to minimize their responsibility, but upon public grounds it was better that the largest and strictest views of responsibility should be held, so that a salutary precedent should be recorded. On reflection, Liberals may conclude that it was worth while suffering defeat for the purpose of asserting the principle of freedom of elections, which is surely a Liberal principle. The thousands of Liberals who voted against the government must have been habitual readers of Liberal papers, and have had before them every possible answer and defense to the charges. They were not new charges or roachbacks, but charges that had been thoroughly discussed for weeks and months before the election. Nothing is further from the truth to say that the people were carried off their feet by slander.

Lots of people these days are busy figuring up a Cabinet for Whitney, but he's the kind of man to boss the job himself.

It's a thousand pities that Jackson doesn't hold an Ontario appointment. If he did he would be fired with a suddenness which would make wireless telegraphy seem like a slow going affair.

The folly of intemperate language is well illustrated in this election. If Mr. Ross had not spoken disparagingly of his opponent his defeat would not look so bad. There would have been some satisfaction in being bowled over by a man of ability, but there is positive humiliation in being set aside in favor of "a lobster!"—Mail and Empire.

GOT HIS LICKS.
Pembroke Observer.
If Hon. G. W. Ross, ex-premier, has allowed the barnacles to so run his government and the once popular Reform principles that were handed up to him, into disrepute, as shown by the vote of yesterday, he deserves all he got. It was his procrastination in bringing on the election in this county that was the cause for losing it and the dirty, contemptible way that the people who worked were deprived of their hard-earned pay in this riding is a sample that things in general were not conducted as they should have been. We know of many letters that have been written to Hon. G. W. Ross from this riding complaining of this kind of work, and he was not the man to answer one of these letters. There is always an end to such work.

HAD TO HIDE IT

A MOTHER wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way.

Scott's Emulsion

makes children comfortable, makes them fat and rosy-checked. Perhaps that's why they like it so much—they know it makes them feel good.

Older people, too, who are thin or delicate will find Scott's Emulsion a wonderful strength-giver and flesh-builder.

This picture, in the form of a trade-mark label, is on the wrapper of every bottle of the genuine Scott's Emulsion.

BATHER BRITISH LOVE OF LIBERTY.

Toronto Mail and Empire.
It would appear that the esprit du corps of unionism is stronger even than patriotic sentiment. The striking picture of British miners contributing \$10,000 a week to the striking Westphalian miners is surely significant of this. No one had supposed that British labor owed anything to its most formidable European rival.

A REFRESHING CONTRACT.

Toronto News.
Mr. P. D. Ross, of Ottawa, declares that he desires to have nothing to do with the distribution of patronage, which usually goes to the defeated government candidate. This is consistent with his attitude of independence, and it will be hailed with satisfaction. In the political history of Canada there has been nothing more disgusting than the eagerness of men to identify themselves with a winning cause. Mr. Ross' action stands out in refreshing contrast.

THE LESSON FOR WHITNEY.

St. John, N. B., Telegraph.
To Mr. Whitney's shoulders is suddenly transferred a great and clear responsibility. He sees Premier Ross, a man of high personal reputation and magnificent public talents, hurled from power because he was unable or unwilling to cut loose from lieutenants and heelers who should have been in the penitentiary. He sees a once powerful and honored administration go down to disgraceful defeat because in its day of power public deficiency and public welfare alike had been ignored by agents from whose acts it reaped temporary profit.

TREATMENT OF PILES

Permanence of Cure The True Test.

Many so-called pile remedies will afford the user slight temporary relief and the majority of those afflicted do not expect more than this. The average sufferer, after having tried every preparation recommended for the cure of piles, comes to the conclusion that there is no cure except by an operation and rather than undergo this "last resort" he suffers on, resigned to the situation, so far as may be. The attention of those interested is invited to the following experience.

"After ten years of suffering from blind, bleeding and protruding piles and after using every remedy I could hear of without any benefit, I finally bought a fifty cent box of Pyramid Pile Cure and used it with such good results I bought next a dollar box, which finished up the job. That was nearly six years ago and as far as piles is concerned I am cured, and have never felt a symptom of them since."

"Many others have used this remedy by my advice with the same results and I always recommend it to sufferers with piles." C. E. Potts, Burlington, Kans.

Testimony like this should convince the most skeptical that Pyramid Pile Cure not only cures, but cures to stay cured. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected and does its work quickly and painlessly.

Druggists generally sell this famous remedy for fifty cents a package and sufferers are urged to buy a package now and give it a trial to-night. Accept no substitutes.

A little book describing the causes and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and same will be sent free to any address for the asking.

It is not always evidence of cowardice when a man runs away from a conflict.

PRAISE FROM THE INSPECTOR

C. C. I. Complimented on Effective Organization and Work—New Teacher Needed

Other Changes Recommended—Suggestions From Mr. Seath—Patterson's Reading Class Praised.

The over-crowded condition of the C. C. I. was brought forcibly to the attention of the Board at their annual meeting yesterday, when Inspector Seath's report was read. The need of another teacher was also pointed out. At present there are two classes with a total of about 90 pupils. According to regulations three teachers should be provided for such a number.

Peter Robert, the new representative of the Separate School Board, was present and was introduced to the other members.

Dr. Battisby moved, seconded by Peter Robert, that S. B. Arnold be chairman.

Dr. Bell moved, seconded by Colonel Rankin, that W. G. Richards be chairman.

W. G. Richards moved, seconded by Colonel Rankin, that Dr. Thornton be chairman.

Mr. Richards was elected and, on taking the chair, expressed appreciation of the honor.

The following committees were nominated, the first named in each case being chairman:

Finance—S. B. Arnold, Dr. Thornton and Dr. Bell.

Property—Messrs. McVean, Thornton, Arnold, Harrington and Rankin.

Supply—Dr. Battisby, ex-Ald. Liddy, Robert Smith and Peter Robert.

Internal Management—Messrs. Col. Rankin, Smith, Liddy, Harrington, Dr. Bell and Peter Robert.

Harry Collins, writing, asking a grant for a commercial library—Deferred.

Inspector Seath's report was then taken up. The inspector said that the attendance required still another teacher if results were to be satisfactory and that the present arrangements for teaching subjects was as good as it possibly could be under the crowded condition of the school. Mr. Patterson was complimented on his reading classes.

The following is the inspector's summary:

"So far as the staff is concerned, the condition of this Institute is better than it was when I inspected it last year. The principal has the school under good control, and his organization is, generally speaking, as effective as it can be, considering the crowded condition of the school. Mr. Patterson was complimented on his reading classes."

The change recently made in the accommodation can be regarded only as a temporary expedient to tide over a serious difficulty. The people of Chatham are face to face with the urgent need of remodeling the present building and providing for a largely increased attendance. I recommend that the Board take up the consideration of the question as soon as its present difficulty with the County Council is settled. This High School, like the other High Schools of the Province, is not a class school. It is for both rich and poor, and the obligation to support it properly rests upon all classes of the community. It is as much the school of the people as is the Public School."

The principal's report showed a total attendance of 326, with an average of 302.

Chairman Richards urged all members to be prompt in attending meetings.

Little is gained from the respect that is secured through fear.

TERRIBLY DISTRESSING

Nothing can cause more pain and more distress than Piles. No wonder many Pile sufferers say their lives are burdens to them.

Operations and local treatments may relieve but cannot cure. Dr. Leonard's Hem-Roid is guaranteed to cure any case of Piles.

If Hem-Roid doesn't cure you, you get your money back.

Hem-Roid is a tablet taken internally, thus removing the cause.

"You regard campaign calculations as a distinct branch of mathematics?"

"Yes," answered the erudite personage. "The method differs from all others. You start with the answer and then work backward and evolve a problem to demonstrate it."

A BILIOUS HEADACHE.

Is one of the meanest things in the world. To prevent biliousness use Dr. Hamilton's Pills, which keep the system clean and pure, regulate the bowels, give tone to kidneys and liver. You'll never have a headache, you'll never have a sour stomach, but you will have vigorous, bracing health by taking Dr. Hamilton's Pills, 25c. per box or five boxes for one dollar.

Men like to believe their word has a convincing effect in a family argument.

The egotist is always the other fellow.

When a boy turns his bulging pocket inside out, we marvel at the quantity and variety of articles he has stowed away. Odd lengths of string, marbles, a horse-chestnut, a top, brass nails, hickory-nuts, an apple, and many more articles are garnered by this "snapper-up-of-unconscious trifles." We think the collection must be hard on a boy's pocket. And it is. But do we ever think of the variety and miscellany of the substances we put into the pocket of our stomach? There's the apple and the nuts, and things besides quite as indigestible as brass nails and with no more food value than so many marbles. And yet we wonder that the stomach "gives out." When the stomach breaks down under the strain of careless eating and irregular meals it can be perfectly and permanently restored to health and strength by the use of Doctor Pierce's Golden Medical Discovery.

The action of this medicine on the stomach and other organs of digestion and nutrition is so marked, that relief from disease is at once experienced, and the headaches, liver troubles, kidney disorders, skin eruptions and other symptoms of a diseased stomach are quickly cured. Whenever the use of a laxative medicine is indicated, use Dr. Pierce's Pleasant Pellets. They act in harmony with the "Discovery" and assist its action by purging the bowels of foul accumulations.

He reverts on thorns that sleep on beds of roses.
