The Finest Essence

of the true fruits will be found in our flavoring extracts; the delicate, distinctive flavors that can only be had from the material that nature affords. Some manufacturers try to convince druggists that artificial flavors are better. They mean that there is more profit in them. Vanilla is imitated by a coal tar product. Our vanilla is made from the finest Mexican Vanilla Beans. Our lemon from the fresh lemon itself.

So with the rest. Better to begin with good until the last drop is used, and the cost is no more.

WORKED HIM

There is a young man who often drops into a local barbershop to chat and talk about the weather. The other day a man who had been looking on the wine when it was red drifted into the barbershop and got his hair combed. Our friend the idle one was occupying his usual position in the next chair. And when the man with the glorious jag invited the staff out for a brace, the idle one slipped on a white coat as quick as wink and joined the bunch and went out and had a drink, too.
