MARKET REVIEW AND FORECAST

TORONTO, Sept. 2.—There is a considerable amount of speculation at the present time as to the total wheat output in the three prairie provinces, but as yet official figures have not come to hand. Estimates anywhere from 100,000,000 bushels to 400,000,000 bushels have been suggested, but it is mainly guess work so far. It is anticipated, however, that the wheat crop will not be as large this year as last, mainly on account of frost. Railways usually mobilize about 40,000 cars to move Western Canada grain, but this number will not be available this year, owing to demand for corn transportation.

The weather in this province at the present time is favorable for growing and operations in preparation for sowing fall wheat. Indications point to a larger average of winter wheat in Ontario than usual. To date, little new crop grain has been coming forward as farmers are too busy.

maximum of one cent (1c) per bushel in excess of the fixed price, but no other charges for brokerage, commission, delivery or diversion shall be allowed.

Other quotations are: Manitoba wheat—In store, Fort William, nominal; No. 1 northern, \$1.24; No. 2 northern, \$1.21; No. 3 northern, \$1.17; No. 4 northern, \$1.12. COARSE GRAINS.

The market for oats is rather quiet. There is little trading in old crop Western grain. There has been some crop and what has been offered is yet, on account of farmers being very busy and what has been offered going at 75c to 77c at shipping points. The corn market is weaker this week, there being only a moderate demand for corn, prices being rather too high to induce much buying for feeding purposes. Quotations are: Oats C.W. No. 1 in store, Fort William, 84c; No. 1 feed, 75c; No. 2, 74c; No. 3, 73c; No. 4, 72c; No. 5, 71c; No. 6, 70c; No. 7, 69c; No. 8, 68c; No. 9, 67c; No. 10, 66c; No. 11, 65c; No. 12, 64c; No. 13, 63c; No. 14, 62c; No. 15, 61c; No. 16, 60c; No. 17, 59c; No. 18, 58c; No. 19, 57c; No. 20, 56c.

MILL FEEDS.

Enquiry for mill feeds is good but owing to the limited supply, business is a very brisk. Prices remain unchanged. Quotations: Barley, 40c; Oats, 35c; Corn, 40c. At Montreal the quotations on long and shorts are the same and nominal, 35c to 38c.

HAY AND STRAW.

There is a strong demand for good hay and there has been a good deal of buying activity. On track, here is good No. 1, \$18 to \$19; mixed, \$16 to \$17; No. 2, \$15 to \$16; No. 3, \$14 to \$15; No. 4, \$13 to \$14; No. 5, \$12 to \$13; No. 6, \$11 to \$12; No. 7, \$10 to \$11; No. 8, \$9 to \$10; No. 9, \$8 to \$9; No. 10, \$7 to \$8; No. 11, \$6 to \$7; No. 12, \$5 to \$6; No. 13, \$4 to \$5; No. 14, \$3 to \$4; No. 15, \$2 to \$3; No. 16, \$1 to \$2; No. 17, \$1; No. 18, \$1; No. 19, \$1; No. 20, \$1.

POTATOES AND BEANS.

It is reported that the potato crop of Manitoba this year will be a record bushel, it being estimated now that the acre will yield 16,000,000 bushels. This shows an increase of almost a million bushels over the bumper crop of 1913. Prince Edward Island growers expect an average crop. A firmer feeling developed in the market this week, dealers holding \$1.75 to \$1.85 per bag as there is a wholesale jobbing war. Ontario potatoes, etc. are quoted \$2.25 to \$2.35 per bag. Beans, Canadian brand, \$4.50 to \$4.75 bush; foreign, hand picked, \$5.75 to \$6.00.

HIDES AND WOOL.

Country market for hides has been in part cured, 14c; cured, 16c; skins, 10c; but calf, \$1.50 to \$2.50; horsehide, 10c; sheep, 10c; goat, 10c; No. 1, 10c; No. 2, 10c; No. 3, 10c; No. 4, 10c; No. 5, 10c; No. 6, 10c; No. 7, 10c; No. 8, 10c; No. 9, 10c; No. 10, 10c; No. 11, 10c; No. 12, 10c; No. 13, 10c; No. 14, 10c; No. 15, 10c; No. 16, 10c; No. 17, 10c; No. 18, 10c; No. 19, 10c; No. 20, 10c.

Rag Apple Korndyke 8th

The Breeding which

Makes Long Records and Brings Long Prices

Do You Wish to Secure This Breeding?

If so

Come to

PETERBORO

September 12, at 2 p.m., The Fair Grounds

and attend the Sale of HOLSTEINS

— AT —

(The First Day of the Fair)

This sale will consist of almost the entire herd of Messrs. W. R. Shields & Son, Peterboro, Ont., with contributions from Mr. Hutchinson. There will be 35 head, nearly all carrying the very best line breeding in Canada to-day. One of the strongest points of the stock offered are fifteen daughters of Sir Hengerveld Rag Apple, a son of Rag Apple Korndyke 8th, known in general as the greatest bull in the world, and sire of the \$53,000 bull and many other high priced ones.

Sir Hengerveld Rag Apple's dam is sired by a son of Sarah Jewel Hengerveld 3rd, the first 30 lb. cow in Canada. This gives him a combination that is hard to beat. He will not be sold. Almost all the cows offered are in calf to him, some to freshen in early fall. Several other cows are bred to another herd sire, whose 5 nearest dams average 30 lbs. in 7 days.

All cows offered are 7 years old and under. There are 6 three year olds and 6 two year olds, daughters of Sir Hengerveld Rag Apple. Several heifers offered have 5 crosses of Pontiac Korndyke.

Plan to attend this sale when at the Fair. There will be no catalogues, but extended pedigrees and full particulars in typewritten form will be furnished at the sale. This will be a splendid opportunity to get well bred stock without spending an extra day to do so.

Peterboro is on the C.P.R. through line, also G.T.R., with direct connection with Port Hope, Belleville, Lindsay, Toronto and outside points.

Terms—6 months' credit on bankable paper; 3% discount for cash.

W. R. Shields & Son, and M. G. Hutchinson RR 2 Peterboro, Ont.
