

TESTIMONIALS FROM THE HON. G. BROWN and others.

Bow Park, Brantford, 7th July, 1873: Messrs. Hugh Miller & Co., My Dear Sirs.—Your Yorkshire Cattle Feeder is all and more than it is represented to be; a tablespoonful daily works marvels; it sharpens the appetite, helps digestion, and gives a healthy tone to the whole system. Yours truly, GEORGE BROWN.

Bangor, Pictou, April, 1872: Hugh Miller & Co.—I have used your Yorkshire Cattle Feeder to cattle that I was anxious to make up quickly. It had the desired effect, and is the best thing I ever used. I strongly recommend farmers to use it. SIMON BEATTIE.

Landing, March 29th, 1872: Hugh Miller & Co., Toronto, Sirs.—After using your Yorkshire Cattle Feeder this winter for my stallions, I must say that it is a first-class article, not only as a Feeder, but as a regulator of the system. I

have not had occasion to use any other medicine for my horses to keep them healthy. Independent of its feeding properties, which I think cannot be excelled by any other so-called Cattle Feed, I should advise all horsemen to use it as a regulator as I believe it to be safe and efficient. I hope farmers and others will give it a trial; they will find it a great saving to them in fodder and doctor's bills. I am, yours respectfully, WM. LONG, Importer and Dealer in Entire Horses, Landing P. O., Ont., Yonge St.

EVERY FARMER SHOULD HAVE ONE. The Little Giant, or Self-Regulating Thresher & Separator

Improved for 1873 (for farmers' use).

MADE AT THE STRATFORD AGRICULTURAL WORKS.

I have manufactured large numbers of the above Thresher, which have given general satisfaction wherever introduced. It is no new invention, has been thoroughly tested, and is capable of threshing 200 to 300 bushels of wheat, or 400 to 500 bushels of oats per day. It will also thresh peas and barley well. It threshes clean, cleans well, and is not liable to throw grain over, having peculiarly constructed shoe and shakers. It has no canvass elevators or sieves, which in other machines are a continual annoyance. The Thresher is simple, can be worked by anyone, and can be driven with four or six horses. It takes up but little room on the barn floor, and is easily moved about, being placed on wheels. It is the best threshing machine for a farmer's own use (or even three or four farmers in partnership) while the price places it in the reach of everyone. Price of Thresher alone, \$115. Price of Thresher, with horse-power, Jack and belting, \$210 to \$215.
