

Do You Need Farm Help?

Farm help is scarce, but one way to overcome the scarcity is to make your own time count for more.

The Self-Starting Remington Typewriter

will save from one-third to two-thirds of the time you now spend in pen-writing letters.

The typewriter is becoming as necessary on the farm as any other time and labor-saving machine, and the longer the war lasts the more necessary it will become.

The Remington Typewriter

is easy to learn to operate, and the whole family can use it.

Let us send you our latest booklet, "How the Typewriter Captured the Family." It will place you under no obligation and a postcard with your name and address will bring it to you.

SAVE THOSE BEARINGS

THEY are finely adjusted and subject to the wear of very high speed—those close-fitting cream separator bearings. Their durability largely depends on correct lubrication.

Standard Hand Separator Oil

saves those bearings. It is highly refined, free-running. Gets to the revolving parts; does not gum; prevents seam rust. Just as necessary for your separator as a special oil for your automobile. It is made for the purpose.

Sold in pint, quart, half-gallon, gallon and 4-gallon cans; also barrels and half-barrels. By reliable dealers everywhere.

MAKE A DECISION

If a man were offered an extraordinary opportunity to purchase a desirable property—a property he must have some day—at terms to suit himself, and knew that by delaying he would only increase the cost—would he shelve the affair for decision at some future time? Not he!

How much more important it is to decide on the matter of Life Insurance without loss of time. The vast majority of men must have insurance some day, or be guilty of serious negligence to dependent ones; the cost will certainly increase the longer the delay; the terms of payment may be arranged to suit the insured, and there is always the danger that illness or some unforeseen event may make delay fatal. Then why not make an immediate decision?

The Great-West Life Company issues policies to meet every need. Rates are low—conditions liberal—and the profits to policy-holders are remarkably high. Ask for information, stating age; there will be no importunity to insure.

Invest in Whole Crop Insurance

THERE is one kind of insurance you may not know about, which requires no premiums, on which you realize every year, and which this year is fully as important as any other insurance you carry. When your crops are ready for cutting, McCormick binders and twine insure the harvesting of the whole crop. No matter whether the grain be heavy or light, tall or short, standing or down, lodged and tangled, a McCormick binder cuts and binds it all without waste. That is what we mean by whole crop insurance.

McCormick harvesting machines and binder twine, always efficient, are better than ever this year, when every bushel of grain is needed. Remember this when you come to buy your binder and twine for the season's work. Remember, too, that the larger sizes conserve labor. Buy the largest binder you can use, and buy a new machine if there is any question at all about the efficiency of the old one. A new McCormick binder is absolutely reliable.

You can be sure of having your new machine on time by placing your order with the local dealer as soon as possible, or writing the nearest branch now for catalogues. The dealer will appreciate having your order early so that he can give some service to your neighbors who delay. And the world will appreciate it!
