The illustration shows a large sack of Dominion Sugar on the left, with its top open. The sack is labeled 'DOMINION SUGAR CO.', 'EXTRA STANDARD', 'SPECIAL PRESERVING', 'GRANULATED', 'DOMINION CRYSTAL SUGAR', and 'PURITY GUARANTEED'. A hand is shown pouring the sugar from the sack into a bowl of strawberries. In the background, a wooden crate is also filled with strawberries. The entire scene is framed by a double-line border.

## DOMINION CRYSTAL SUGAR

The Sugar that is always uniform in quality and in granulation. The kind that makes jellies "Jell." The kind that adds richness of flavor to preserved fruits. Dissolving quickly, it releases its concentrated sweetness into such acid fruits as strawberries, raspberries, apples, grapes and currants. More and more people are asking for it, as our Advertising makes its merit known to women. They find it gives unfailing satisfaction in preserving, in baking and for table use. That is why the Grocers of Canada find it to their advantage to feature this Brand.
