An Appeal to the People of Western Canada

*In the Name of Humanity Let Us Stop
The Slow Starvation of the Belgian People*

There are over 7,000,000 Belgians in Belgium and Northern France who are absolutely dependent upon the **Belgian Relief Fund** to prevent their slow starvation. The demands upon this fund are greater than ever. The relief calls are greater than ever. The needs are greater than ever. **Will the Belgians Appeal in Vain?**

Why You Should Assist

There are over 1,250,000 innocent little children slowly dying of hunger. There are hundreds of thousands of women and aged men unable to secure sufficient food to keep body and soul together. The food now supplied is **less than two-thirds that supplied to poorhouses in England**—it is NOT sufficient for an adult and VITALLY INSUFFICIENT for growing children. YOUR help will provide the food NOW NEEDED. **Won't YOU help to relieve the sufferings of old men, women and little children?**

How Can Such An Appeal Go Unheard?

Please think of it, you who read this, in your quiet, peaceful homes. Think of it, you prosperous fathers. Think of it, you loving mothers of healthy, happy, growing children. And think of the suffering in Belgium.

Administration of the Fund

Every dollar received will go to the feeding of Belgians. All the monies will be applied to the purpose for which it is given. Subscriptions can be arranged to suit your convenience—monthly or quarterly. Receipts will be furnished for all amounts received. Make cheques, money-orders, or other remittances payable to the **BELGIAN RELIEF FUND**, 290 Garry Street, Winnipeg, Man.

We Respectfully Ask That the Response be Quick and Generous

R. T. RILEY and A. GOUZEE, Joint Treasurers
