FINE ADDRESS ON IMMIGRATION

By Rev. C. J. Cameron, B.A., Toronto

At the Baptist Church last night Rev. Mr. Cameron, of Toronto, the assistant superintendent of Baptist Home Missions gave a fine address on the subject of "Immigrations." Mr. Cameron is one of the first authorities on this question and has published a book entitled, "Canadian of Foreigner" which has had a wide circulation. The following is a synopsis of his speech, which was heartily received by all present:

Canada is God's last best country. In no other part of the world is there to be found the example of nation building that is taking place in Canada today. How important then it is that the great mass of building material that is being cast upon our shores by the tides of immigration should be placed in a place of utility and beauty in the building of the Canadian Nation.

THE PROBLEM

The causes of immigration to Canada are chiefly economic. People leave their native countries because of lack of employment. They leave Scandinavia because of the hard struggle for existence they migrate from Germany because of compulsory military service; and from Southern Europe because of heavy taxation to keep up armies and navies. He suggests that draw tie immigrants to Canada are our commercial prosperity, our unoccupied lands, and our political and religious liberty.

As to the sources of immigration many people are under a delusion in imagining that it is chiefly non-English. But the country that sends the largest stream of immigration into Canada is our mother country, Great Britain. The next largest is from the United States. These two countries—both English speaking furnish on an average each year over two-thirds of our total immigration. These English-speaking immigrants come with a knowledge of Canadian institutions which are founded on the British as the American also are.

SLAVIC MISSIONS

The Slavic race is today about 20 different nationalities of which the chief are—Russian, Ruthenian, Moravian, Bohemian, Polish, Serbian, Macedonian, Bulgarian, Montenegrin, etc. When we learn that there are 27,000,000 Slavs in the world we are not surprised to discover that the biggest stream of non-English immigration pouring into Canada is Slavic—exceeding the Latin (including Italian, French, Spanish, etc.) more than two to one.

SCANDINAVIAN MISSIONS

The finest race of non-English immigrants that enter Canada are these hardy Northerners from Norway, Sweden, Denmark and Iceland. They are industrious, intelligent, liberty-loving, virtuous loving people, and the infusion of this strain of blood into our national life has given it added virility and purity.

There are four Scandinavian Baptist Missions in New Ontario—Deer Lake, Port Arthur, Kenora, and Bergland. At the last named place there are 470 Scandinavian families and Mr. Neilson our missionary, is the only man preaching to them in gospel.

We will Canadianize the foreigner when we christianize him. Here is a great opportunity, but also a grave responsibility for if we do not christianize him he will paganize us; if we do not give him the lofty ideals of the gospel, then the saloon-keeper and the local politician will give him the lowest ideals.

To show what the Baptist Home Mission Board is doing toward the solution of the foreign problem the speaker outlined its mission work for foreign people.

THIRD LINE THURLOW

Third Line, Thurlow—Quarterly service was held at Bethany Sunday morning by our pastor, Rev. S. A. Kemp. A large congregation was present.

Mr. Bruce Casey and sister Evelyn spent Sunday with their brother, Clinton.

Miss Evelyn Cooley spent Sunday under the parental roof.

Mr. Harold Welsh of Belleville spent Sunday with his cousin, Mr. Harold Beatty.

Mr. Sam Pope and family visited his brother Fred of Belleville one day last week.

Mr. Sam Dean attended the funeral of his uncle, William Wickert of Foxboro at 2.30 on Sunday.

Our school is still closed owing to the illness of our teacher, Miss Elshew.

Mr. G. Neigrow of Toronto and Mr. Wm. Reddick of Minneapolis, Minn., were the guests of the latter's uncle, Mr. Sam Dean last week.

A number from the Grove to Belleville Friday evening and attended the Friday, "The Golden Age."

We are having delightful weather for working these days.

Mr. and Mrs. P. Casey of Sidney, Mr. and Mrs. Wm. Nobes of Wallbridge and Mr. and Mrs. Cooley took dinner with Mr. and Mrs. Adam Easton on Sunday.

Family Conditions

The police yesterday had a call to a residence where a man was in the throes of drink. The complaint is made that this man is not attending to his family as he ought.

"Y'S" PLEASING ENTERTAINMENT VICTORIA DAY CELEBRATION AT STIRLING

The culmination of the ardent exertions of the "Y's" at the City Mission took place Tuesday evening. The work displayed great credit on the superintendent, Miss M. Reeves, and her helpers, Misses L. Dyer, F. McClatchie and others. The workmanship on the completed aprons and dressed dolls was a surprise and delight to the grown-ups present. Doubt was expressed by some of them if they could do as well. The knowledge gained is put to practical use and shown in the neatness of their attire.

The "Y's" president conducted an enthusiastic song service before the opening hymn after which Mrs. McCaulley offered prayer and the Lord's Prayer was recited in unison. Mrs. Gray gave a talk on "Love" if we had perfect love in our hearts we would do only good and my texts on love were elicited from the little folks. "Stoked in the Grate of the Deep" was then given on a gramophone by Mr. Arthur Templeton followed by an instrumental selection. Reading, "Papa and the Boy" by Miss Isabelle Adams was well rendered and much appreciated. Mrs. Ray asked for volunteer reciters. Gertrude Sager favored us with "The Telephone" followed by music and a song by "Harry Lauder" which simply makes you laugh to hear him. Miss Adams again acceptably recited "After the Fight" Another volunteer, Earl Babcock, pleasingly recited a good anti-aircraft ette piece.

After the pledge was circulated and signed by many, three hearty cheers were given Miss Reeves for her continued efforts which the "Y's" feel deserve great praise and one much valued by them, not only in the sewing school but in other departments. The senior prizes were presented by Miss Robina Templeton to Theresa Hutchinson and Lillie Clapper. These girls and Myrtle Kaiting completed aprons. The "Y's" president presented the junior prizes to Edith Hutchinson; Edna, Florence, Edith, and Helen. These complete. These girls and Myrtle Kaiting presented dolls as did also Minnie and Georgina Stapley, Isabelle Reeder, Blanche Letchford, Ada Kaiting.

CELEBRATED 84TH BIRTHDAY

An old Belleville resident, Mr. Harris Conger, celebrated his 84th birthday May 7th, at the home of his daughter, Mrs. W. G. Butcher, 1915 Belle Plaine Ave., Chicago, with whom he is residing for the last four and a half years. The old Belleville friends who were present were Mrs. Robt. L. Chatterton of Peoria, Ill., Mrs. Harry Chatterton, Blue Island, Ill., Mr. and Mrs. J. H. Hart, Peoria, Ill., and Mrs. James Sprague, Irving Park, Ill., Mr. and Mrs. George Stevens, of Ravenswood Highlands. It was the general belief of Mr. Conger's friends that he would see many more happy birthdays.

LIGHTNING RODS

A Bulletin advocating the use of lightning rods on buildings has just been issued by the Ontario Department of Agriculture. Prof. H. Day of the staff of the Ontario Agricultural College, is the author of this Bulletin and he demonstrates, after a series of investigations covering thirteen years, that lightning rods are the best protection in 1912 the efficiency of rods was 94% per cent. From the reports of insurance companies Prof. Day found that in every 200 farms of the day one was struck by lightning only 3 were rodded. In this connection Prof. Day observes "We should have expected 42 of the rods were no good."

Lightning rods in Iowa are recorded as showing an efficiency of 98.7 per cent, and inspected rods in Michigan show an efficiency 99.9 per cent. Records in Iowa show that for the eight years 1905-12 the average number of insurance companies carrying risks on rodded buildings was 55. The highest number of companies reporting in any one year was 98 and the lowest 46. The total lightning claims paid by all these companies during the whole eight years on rodded buildings was only \$1,164.20—an average of \$10.15 per company per year. On unrodded buildings they paid lightning claims amounting to the large sum of \$341,065.32 which is an average of \$775.15 per company per year, and the number of unrodded buildings was the same as the rodded ones.

In Michigan where a company insures only rodded buildings which have inspected a risk of \$55,172,075 was carried during four years and damage claims arising from lightning during that time totalled only \$32. These are practical demonstrations of the scientific fact that lightning rods properly installed are a protection. In giving directions for the proper rodding of buildings the reader is reminded that lightning is electrically conducted and that rods should be in metallic connection with the building and that no insulators should be used. This method of attachment is directly opposite to that adopted when lightning rods were first used.

DIED.

MILLER—At her home in Leithbridge, Alberta, on Wednesday, May 13th, Mrs. W. H. Miller, daughter of late G. S. Vandewater, Coleman street of this city.

The police yesterday had a call to a residence where a man was in the throes of drink. The complaint is made that this man is not attending to his family as he ought.

VICTORIA DAY CELEBRATION AT STIRLING

Stirling citizens and Board of trade are holding a monster demonstration on Victoria Day, May 25th. An old time calthumpian and Trades' procession will form at the Central park 12.30 p.m. and march to the Agricultural grounds headed by the citizens band of Trenton. A splendid program of sports has been prepared, consisting of track sports of all kinds, lacrosse game Marmora vs. Tweed, baseball game between Stirling and Frankford, motor cycle races, grand school parade competition open to all schools, bag of war between Rawdon, Sidney and Huntingdon townships and Stirling Village councils. Valuable cups have been donated by E. Guss Porter, M.P., and J. R. Cooke, M.P.E., and very liberal prizes offered for all events. A grand Concert will be given in the opera house in the evening. Everybody welcome. The town is yours for the day.

The citizens of Stirling are arranging with the well known firm of decorators, J. J. Turner & Son of Peterboro to beautifully decorate the town for them by re-union ad demonstration, Victoria Day, May 15.

AROUND THE CITY

Cheese Market—Madoc, Ont., May 13.—Two hundred and seventy-five boxes of cheese boarded, 100 sold at 115-8c, balance refused this.

Selling Cigarettes—A grocer was this morning charged with selling cigarettes to a minor. A plea of "guilty" was entered and a fine of \$1.50 levied.

Inspector in the City—Inspector Arthur Parker, of Mimico Industrial School is in town today in connection with the welfare of children of this district, who are wards of the Children's Aid Society, but have been returned to their homes. Yesterday Mr. Parker was out in the country. To-day Mr. Parker is making an inspection with Mr. Wrightmyer, the agent.

Illustrated London News and City—A new interest has been added to the special Canadian edition containing the two pages devoted to Belleville through the visit yesterday of Captain R. A. McGuiness, of Liverpool, formerly Adjutant of the XV Regiment. He calls attention to the fact that several of the photographs having reference to the picturesque scenery to the west—mountain, gorge and the great divide—are the artistic work of his son, Mr. Oswald McGuiness, who has made a specialty of this during his residence as an experienced engineer in British Columbia and Alberta. Belleville boys are again to the front! It will be of interest to many to know that in a few days the Board of Trade will have 150 copies of this special issue to dispose of. Apart from its reference to our city, the issue is "a thing of beauty and a joy forever."

King's Birthday—Already enquiries are coming in from east and west for June 3rd which promises to outpace all previous celebrations ever held in Belleville. The train and boat service will be taxed to capacity and all the surrounding district will be concentrated here to witness the thrilling feats in air and track by the world's greatest masters of speed and skill. Apart from this the military and patriotic celebration of the day will be a grand affair. Crowds to join in singing "God Save the King" on this special anniversary, which has been made, and is known throughout the Bay of Quinte district as "Belleville's own."

Minor Items—A young man named Hay brought a charge of assault today against a relative, but Magistrate Masson dismissed it with costs. W. B. M. Snorey for plaintiff; F. E. O'Flynn for accused.

A man named Davison brought a charge of assault against a neighbor but after the evidence was into, a settlement was effected and the charge was withdrawn. Mr. P. J. M. Anderson appeared for the crown, Mr. Fred H. White, private prosecutor and Mr. F. E. O'Flynn for deft.

Pavement Man Here—Last evening a representative of the Warren Paving Company addressed public works on various styles and kinds of pavements.

K. of C. Dance—Belleville Council, Knights of Columbus, held a social function last evening in Ramsey's Academy. The event took the form of a dance and "at home" to which their lady friends were invited.

Interesting Lecture—The members of the Eureka Lodge, A.F. & A.M., enjoyed a lecture on Wednesday night by Bro. Hansden of Toronto, a commissioner to the Indians of Canada under the Laurier regime. Mr. Ramsden gave a most interesting and illuminating report of his trip to the Bay of James Bay during his term of office. This was before the National Transcontinental railway had been even properly surveyed. The speaker drew a graphic picture of his interviews with the various Indian tribes, many of whom had scarcely even seen white man before. Votes of thanks were tendered at the conclusion.

BELLEVILLE AND PERTH. HE KEPT THE GAMING HOUSE

On the 1st of July or during the first week in July, it has been stated quite officially that passenger trains of the C.P.R. will be running from this city to Perth, Lanark Co., situated lying and being on the River Tay, and so named from the town and river in Scotland. The town is as old as Belleville and its population is less than four thousand, very picturesque and presents
