HUNS IN BOSTON PLOTTING AGAINST CANADA.
Boston, Feb. 9.—Following the news this morning, that the federal and city police authorities had uncovered a German spy rendezvous and evidence of pro-German plot hatching in Boston, it was learned today that the authorities had the name of a Boston man, whose position is such that he could purchase dynamite in large quantities without exciting suspicion; that this man's limousine was often used to convey German sympathizers to a Milk street office for secret conferences, and that at least one police officer, attached to Station 2, has been at work on the case since Christmas. The man under suspicion is said to be in business in Roxbury and to live there.

Hacking Coughs
"Cramp" Chamberlain's Cough Remedy
It soothes and heals the inflamed air passages, stops the tickling in the throat, and by its tonic effect enables you to throw off the disease. Chamberlain's Cough Remedy is quite different from the ordinary cough medicine, for it not only soothes but also heals, so that the effected parts are restored to a healthy condition and the danger of a future attack is removed. I fully believe that it is the best and most reliable preparation ever produced for coughs and colds.

The moving picture act is to go into force in Nova Scotia on Feb. 7, when all picture theatres come under a board of censors. In some parts of Switzerland granite is so plentiful that it is used for telegraph poles. Mrs. Julia Clarke of Lake George, an old lady living alone, was found dead in her home last Wednesday. She had just passed her eighty-third birthday. She is survived by four sons, three living at Gates Mountain, and one living in Hants County. The funeral service was conducted by Mr. Lindsay, and she was laid to rest in the Port George cemetery.

Australia is prepared to spend half a million, if necessary, on establishing and administering an institution for the conduct of scientific research in relation to industry. The fog alarm station and oil warehouse at Cape Spencer, on the Bay of Fundy, was destroyed by fire last week. The station was a large and important one, and was valued at \$6,000. What is believed to have been an attempt to wreck the Victoria Bridge, Montreal, was frustrated by men of the Composite Battalion on guard shortly before o'clock on the morning of the 5th inst. Several shots were fired when the figure of a man was seen creeping over the ice toward the bridge. The searchlight on the city side picked him out some distance from the stone piers, and as it was evident he had no right to be in such a place at such an hour, one of the guards opened fire. In a twinkling the other guards were turned out. Several more shots were fired, but the man escaped.

The Harmsworth paper plant at Grand Falls, Nfld., which supplies the newspapers owned by Lord Northcliffe, of England, was the scene last week of a fire which destroyed thousands of cords of barked wood. The loss was estimated at \$100,000. It is understood that the C. P. R. have doubled their guards on all the bridges and trestles in the State of Maine, particularly the 1,300 foot trestle at Onawa in Piscataquis county and the international bridge at Vanceboro. While no immediate danger is thought to exist, still it was thought best to take every precaution. Mut and Jeff is playing its seventh engagement in Chicago and has been in Detroit six times. They want Mary Pickford to write as well as act. The McClure people offered her \$15,000 for a series of articles. An early Canadian postage stamp, the twelve-pence black variety of 1852 issue, sold for \$457 in New York last week.
